In these sketches an effort is made to hit off not only the facial expression, but the general figure as well, each subject being given in some characteristic pose. Wherever possible the drawing will be made from life, so as to ensure accuracy in these respects. At the same time a staid matter-of-fact portrait is not aimed at, but that far more attractive and unique thing -a CARICATURE embracing a LIFE-NESS. Each portrait is accompanied by a brief biographical notice written in a spirit to correspond with the picture.

When we call upon Canadians to ENCOURAGE this enterprise we are after all not asking them to no anything vast. not asking them to no anything vast. They already have in GRIP abundant value for \$2 per annum, and as has been already stated the GALLERY, WHICH ALONE IS WORTH MORETHAN THE AMOUNT | trips for Freight. of subscription, is a free gift. All we request therefore is that those who are not already upon our list shall subscribe for GRIP. We decline to argue as to whether \$2 per year can be spent in any better way intellectually. There is no question to argue. The intelligent citizen of Canada who has that amount per year to invest for his mental pleasure may safely take our word on this point, he will certainly find nothing to buy for the money which will be so satisfactory as a receipt for a subscription to GRIP.
