DENOMINATIONAL NEWS.

DEER ISLAND, N. B .- It has been some time since I reported anything of my work to my brethren through the INTELLIGENCER This is not because I have not been at work. I find plenty to do, enough to keep me busy have never seen the time since I ertered the ministry that I could not find work on the right hand and on the left; my cry is, and ever has been Lord give me the wisdom needed to perform the work that needs to be do e. During the Winter and early S,ring I held meetings for the deepening of the spiritual life of the churches of this pastorate. At Fair Haven, where I first began special work, we had the blessed satisfaction of seeing many, who had wandered from God, return again to renew their covenant with God and his people. It was our prayer that the church might be more unit d and made stronger; and such has been the case. At Lambert's Cove wanderers were reclaimed, three were baptized and six united with the church, there are others who will unite as soon as they have an opportunity. This church has been beautified and its services helped by the ad dition of a new organ. The church is united and good work is being done. The church had invited my two sons, one from Fredericton, the other from Yarmouth, N. S., o come and participate in the day's doings. Both were present and both were happy in their association with their father in doing the Master's work. The Lord's day morning was bright and calm. Twenty one happy young converts, all, with one excep tion, under nineteen years of age, stood near the water's edge, neatly robed, awaiting their burial with Christ by baptism. Everything was quiet and beautiful. Fully a score of boats, crowded with sympathetic witnesses to the scene, formed a pretty selected for our use. The singing was inspiring, and the prayer offered by Rev. F. C. Hartley seemed to bring heaven and earth nearer together. Surely that prayer for God's presence was answered. As the pastor walked down into the beautiful water, with Fred C., the Fredericton pastor on his right arm, and Frank S., the Yarmouth, N.
