Baking Powder Economy

The manufacturers of Royal Baking Powder have always declined to produce a cheap baking powder at the sacrifice of quality.

The Royal is made from the most highly refined and wholesome ingredients, and is the embodiment of all the excellence possible to be attained in the highest class baking powder.

Royal Baking Powder costs only a fair price, and is cheaper at its price than any similar article.

> Samples of mixtures made in imitation of baking powders, but containing alum, are frequently distributed from door to door, or given away in grocery stores. Such mixtures are dangerous to use in food, and in many cities their sale is prohibited by law. Alum is a corrosive poison, and all physicians condemn baking powders containing it.

HARD WORK AND EXPOSURE TO ALL KINDS OF WEATHER PLAYS HAVOC WITH THE STRONGEST CONSTITUTIONS While life as a farmer is one of con-

siderable independence, it is very far from being one of ease. The very nature of the calling is one that exweather, and i is perhaps not surprising that so many farmers suffer from chr mic silments. Mr. Thos. Mc-Adam, of Donagn, P. E I. is a tair example of this class, Mr. McAdam himself says :- "I was always looked upon as one having a rugg-d constitution; but the hard work, coupled with the exposure incident to life on a farm, ultimately proved too much for me. About eigh een months ago I was attacked with pains in the small of the back and thighs. At first they were of an intermittent nature, and while th y were extremely painful, would pass away after a cay or two, and might not bother me again for weeks. As the attacks, after each interval, grew more and more severe, I became alarmed and consulted a doctor who said the trouble was lumbago.
