

Royal BAKING POWDER - Absolutely Pure -

For the third of a century the standard for strength and purity. It makes the hot bread, hot biscuit, cake and other pastry light, sweet and excellent in every quality. No other baking powder is "just as good as Royal," either in strength, purity or wholesomeness.

Many low-priced imitation baking powders are upon the market. These are made with alum, and care should be taken to avoid them, as alum is a poison, never to be taken in the food.

Watch the Skin and Eyes!

They are Unfailing Thermometers of Health.

The skin and eyes are two unfailing thermometers of health. If the skin has spots, eruptions, an unhealthy pallor or a yellow appearance, and the eyes a glazed look, with yellowish whites, it is high time to purify and cleanse the blood and regulate the liver and kidneys. Paine's Celery Compound makes pure, bright red blood and relieves the liver and kidneys of strain that is brought upon them whenever impure blood is pouring through their substance.

It has been fully proved by eminent medical men that Paine's Celery Compound supplies that needed and appropriate food and overworked nerves are too feeble to extract from ordinary food taken into the stomach. Paine's Celery Compound increases the appetite and puts the digestive organs into shape to pass the food over to the blood in such a perfectly prepared condition that the change into nerve brain and tissue substance is easily and fully brought about without waste of nervous energy or wear upon the liver, kidneys or stomach.

In a word, Paine's Celery Compound builds up the weak, wasting and diseased body; it gives all the conditions of health that guarantee a long and happy life. No other remedy in the world has ever done such a true and noble work for suffering humanity. Make trial of one bottle, dear reader; it will convince you that you have found what you most need to make you well and strong.
