This little story is told of the Queen in a London society paper: "The Queen the other day remarked that she was well aware that many people imagined the anxiety entailed by the South African war would be her death."

Lord Kitchener is reported as speaking in a most enthusiastic way about his chief, Lord Roberts. He said: "I had always wished to serve under Lord Roberts, and I am thankful to have had this opportunity. He is a very tower of strength."

GENERAL RELIGIOUS NEWS

There is increasing religious inquiry in France. Recently, at Provins, a little town of Seine-et-Marne, not far from Paris, several of the inhabitants have joined in a letter to local papers, saying that though Roman Catholics by birth, they desire spiritual light, and wish to hear a Protestant preacher concerning the principles of Protestant belief.

The continental country in which Methodism flourishes most is Germany. In 1856, there were now 8,000 church members and 30,000 persons who are more or less connected with the movement. The Swiss Methodists are remarkable for their liberality, their annual contributions averaging more than 25¢ each. The most successful of their institutions is the publishing department at Zurich, which realized a net profit last year of more than £1,000.

A new idea in church architecture is to find place in the building for Dr. A. C. Dixon's church in Brooklyn proposes to put up within a few years. Dr. Dixon does not believe in closing churches during the summer, but he does believe in making them comfortable and attractive all times. So he has adopted the idea that has already been put into practice in other ways, and the plans for his new church provide for a large auditorium on the roof, with open sides to let in all the breezes, and with elevators making it easy to reach the height. When once the plan has been tried, there will doubtless be many imitators and larger summer congregations.

HOME RELIGIOUS NEWS.

The Havelock K. Co., Baptist church has called Rev. Mr. Brown, of Nova Scotia, to the pastorate.

The all-Canadian convention of the Baptist denomination for which preparations have been made for over a year, will be held in Winnipeg on July 5 to 13. Special rates have been obtained and it is expected that a large number of delegates from these provinces will attend.

The Churches in Campbellton, N. B., which had been closed for about eight weeks, were opened last Sunday for public worship.

DENOMINATIONAL NEWS.

UTTER HAINESVILLE, YORK CO.—A revival of much interest is being enjoyed here. Christians have been greatly strengthened, backsliders reclaimed and sinners converted. Sunday, April 1st, five converts were baptized. The work still goes on. Pray for us. S. J. PERRY

WESTFIELD, K. Co.—The special meetings reported by Lic., Puddington, at Westfield, closed Sunday, 1st, inst. The church members were a good deal quickened, and there were some conversions. One convert was baptized on the 1st, inst. by Dr. McLeod, who spent the Sabbath with Bro., Puddington. The Lord's Supper was administered too.

CHARLESTON, C. Co.—The special work in which we were engaged at Charleston has closed. The meetings were good, and have helped the church. We did not see all accomplished that we had hoped for. It was my privilege to baptize three believers, who, with one received on confession, were united with the church. We begin special meetings at Connell this week. L. A. FENWICK.

Victoria, C. Co. April 4th 1900.

ACKNOWLEDGEMENT.—I desire through the INTELLIGENCER to acknowledge the kindness and generosity of the people of Charleston, who met at the home of Mr. J. Lipsett on the evening of March 29th, and presented me with the sum of seventeen dollars and forty cents. L. A. FENWICK.

GIBSON, N. B.—The pastor, Licentiate Gregg, reports the interest in the work good. There have been conversions recently, and many have received spiritual quickening. Last

Sabbath morning one convert was baptized. At the evening service she and three others were received into the church. The Lord's Supper was administered in the evening. Rev. Dr. McLeod administered the ordinances and preached at one service. The work of the pastor is much appreciated by the people.

MINISTERS.—Rev. J. J. Barnes of Waterville, C. Co., was in the city last week, placing his son in Business College. The INTELLIGENCER office enjoyed his call.

R. v. J. A. R. bertson's health is not yet as strong as he would like, but is improving. He is preaching regularly. Licentiate Dunfield is to spend two weeks at Campo Billo. He goes there on Wednesday of this week.

We are glad to hear that Rev. A. H. McLeod, now at Cobb Dvinity School, is to go to Grand Manan in May.

ST. JOHN.—There was a large congregation at the Victoria Street Free Baptist church yesterday afternoon when a memorial service was held in memory of Mr. Leonard Dunphy, who for over 21 years was a deacon and very prominent member of the church. Rev. Dr. Hartley was to have addressed the gathering, but was absent through illness, and Rev. C. T. Phillips of the Waterloo Street Church gave an address on the life of the deceased. Rev. David Long, pastor of the church, spoke very feelingly of the deceased brother.—Telegraph, Monday.

April Showers

Was away the filth and waste that have accumulated during winter. In like manner Hood's Sarsaparilla expels from the blood impurities that have been deposited during the season when there has been but little perspiration and perhaps constant confinement in impure and vitiated air. It is a boon to tired mothers, housekeepers, teachers and others who spend their time indoors.

It gives the blood richness and vitality, fitting it to nourish and strengthen the nerves, muscles and all the great organs of the body. It cures all spring humors and banishes that tired feeling. It is the best medicine money can buy for all diseases caused by impure or impoverished blood. You should begin taking it today.

PARLIAMENT.

MONDAY.—This was private members day. Replying to a question, Mr. Blair stated that \$2,400,000 had been spent on the Trent canal and \$5,000,000 would be needed to finish it. The government intended to push it to completion.

Laurier stated that the government had settled the Manitoba school case by removing it from federal politics. Mr. Monk brought up the question of the Ville Marie Bank. He pointed out the great suffering caused by the collapse of that concern and showed that the depositors were mostly poor people. He put in a plea for relief from the government.

Mr. Fielding took strong exception to the view that the government guaranteed the obligations to depositors.

Mr. Fielding could not see how Mr. Foster could have done more than he did, and he did not believe that he himself had done less than his duty.

TUESDAY.—Col. Prior brought up the case of Col. White of Guelph, who was appointed by General Hutton to take a special staff course. After he was notified and ordered to report for service, the minister of militia cancelled the appointment because of White's alleged activity in politics on the opposition side. There was a long discussion about the matter. After further discussion Clarke Wallace resumed the budget debate, and spoke till near midnight.

WEDNESDAY.—Dr. Montague moved for correspondence concerning beet sugar bounties. He favored the establishment of this industry in Canada. There were several speeches in favour of it.

The house then took up Mr. Bennett's transportation motion, which has been before the house at odd times for a month.

Mr. Powell expressed the opinion that canal transportation was becoming a tradition, and that railways would be the grain routes of the future. Land transportation grew cheaper all the time by the perfection of road beds and of equipment.

The discussion was continued by Mr. Davin and others after which the motion, which was only intended to elicit an expression of opinion, was withdrawn.

THURSDAY.—Clarke Wallace continued his speech on the budget. Taking up preferential trade, he explained how the British system could be so adjusted as to give a preference to the colonies without taxing the poorest consumer on his food more than he pays now. The import taxes of Great Britain were larger than most people thought, and it was absurd to say that food was free in that country.

Mr. Charlton followed, devoting his attention to preferential trade. He began with the declaration that if he believed the opposition could secure a preference for Canada in the British markets he would cross the house and join that party at once. He maintained that a mutual preferential tariff was impossible except on the condition of free trade within the empire.

FRIDAY.—The G. S. P. Short Line railway went through committee with the amendment obtained by Mr. McAlister. The Restigouche and Western bill followed. A large number of private bills were advanced.

Dr. Montague resumed the budget. He was followed by Mr. Dobell and Dr. Roche.

The April St. Nicholas, has a paper on "Snow Plows," which describes the process of "bucking" a snowdrift on a railroad in Dakota. "A Boy of Galatia" is the winner of an old Olympian race, and the event is described with animation. "All Through Gravitation," is the story of a little girl whose arm was broken by the force of gravitation that caused another little girl to trip and fall but who found compensation in the same force, which caused a fall of meteorites, some of which she found and sold for enough money to pay for a hand-cranked bicycle. "Are You Going to the Paris Exposition?" tells you how to prepare for the trip by reading, and how to enjoy it when you get to Paris.

From Pain To Health

A Chippewa Lady Tells a Story of Suffering and Release.

SUFFERED FROM HEART TROUBLE FOR YEARS—HER MISERY FURTHER AGGRAVATED BY KIDNEY AND STOMACH TROUBLE.

From the Star, St. Catherines, O. In the village of Chippewa, and along the Niagara frontier, there is probably no better known or respected resident than Mr. and Mrs. David Schabel. Both are of German descent and display much of that old-fashioned hospitality so often found in the fatherland. To a correspondent of the St. Catherines Star, who recently called at Mr. Schabel's home Mrs. Schabel related the following story:—

"Years ago my physician told me I had heart disease. I have been troubled at intervals with palpitation and severe pains, and sometimes my heart would almost cease to beat. I would become dizzy, restless and frightened. At other times I slept badly and had troublesome dreams. I lingered in this state until last winter when exposure to cold affected my kidneys and completely prostrated me. The spring came, when my complaints were further aggravated by stomach trouble. I loathed food and could realize that I was daily growing weaker. My physician's treatment would sometimes slightly benefit me then again I was worse than ever. Finally after all hope was apparently gone and a large sum of money had been thrown away for medicines that did me no good, a friend strongly advised me to try Dr. Williams' Pink Pills, two boxes of which were brought me at the beginning of the summer of 1899. I used them and to my joy noticed improvement. I continued the use of the pills faithfully until I had taken eight boxes. I am now able to attend to all my household, feeling entirely cured. I have never had better health than I am now enjoying, and since discontinuing the pills have had no symptoms of the old complaints. I feel that I am under life-long obligations for the benefit I have derived from Dr. Williams' Pink Pills, and will continue to praise them when opportunity offers."

DEATHS.

DUNFIELD.—At Corn Hill, K. Co. the 4th inst., after a long illness, Ezekiel Dunfield, aged 55 years. Our esteemed brother leaves a widow, 3 sons, 4 daughters and a large circle of friends to mourn their loss. He was a true husband and father, and his presence in the home life will be missed. His faith in the finished work of Christ was strong, and his hope was firm and

bright to the end. He has entered into rest. The large attendance at the funeral was a slight indication of the esteem in which the deceased was held. The funeral was attended by Rev. F. G. Francis, his pastor. The passage of scripture improved upon at the time was 1st Corinthians 15:52.

JONES.—At Jones' Forks, York Co. on the 2nd inst., after a brief illness, Martha beloved wife of James E. Jones, aged 63 years, leaving two adopted daughters three brothers and one sister, with other relatives and friends to mourn their loss. She died in hope of the glory of God. Funeral services were conducted by the writer at the Baptist Church, Burt's Corner, on Wednesday, April 4th; Text Job 14:14. G. W. FOSTER.

WATSON.—At Drummond, Victoria Co., March 22nd, Mrs. Susan Watson widow, aged 87 years. Her end was peace. She leaves one son, two daughters and a large circle of friends and relatives to mourn their loss. Funeral services by the writer; Text, Isaiah 3:10-11. B. HITCHCOCK.

ATHERTON.—In this city, on the 2nd, inst., at the residence of her son Dr. A. E. Atherton, Mrs. Charlotte B. Atherton, widow of the late John Atherton, in the 89th, year of her age. She was widely known and highly esteemed.
