

Delicious Hot Biscuit

are made with Royal Baking Powder, and are the most appetizing, healthful and nutritious of foods.

Hot biscuit made with impure and adulterated baking powder are neither appetizing nor wholesome.

It all depends upon the baking powder.

Take every care to have your biscuit made with Royal baking powder, if you would avoid indigestion.

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK.

News of the Week.

NEW BRUNSWICK.

Robert Boney of Maple Ridge, York Co., was drowned on the drive at Patten, Me., on Wednesday. He was 50 years of age and leaves a wife and nine children.

The farm house and other buildings of William Carmichael, on Bosswood Ridge road, Ca. Co., were burned Thursday; no insurance.

Forest fires have been very general, and considerable damage has been done during the past week. St. John county has been a heavy loser. Besides the town of St. Martins, a number of dwellings at Spruce Lake were destroyed; timber lands in the vicinity of Rockwood park were eaten into; the South Bay woods were also afire.

Frank Tilley, provincial dairy superintendent, was in Victoria Co., last week fitting up a creamery in the Danish colony.

At Dorchester Wednesday a prisoner named Gilbert attempted suicide at the penitentiary by hanging. The night officers arrived just in time to save him from strangling.

Wednesday afternoon, near Riverside, the express train instantly killed an aged woman, Mrs. Lavinia Ann Pierce, who endeavored to cross the railway track as the train came along. She was very deaf. Her skull was fractured and death was instantaneous. Mrs. Pierce was seventy-five years of age.

Last week, Norval Sacdgrass aged 21, employed at Titus Mill, Kings Co., was accidentally drowned in the Mill pond.

At Campbellton Tuesday a man named Nadeau, of Nouvelle, Que., was found dead in his boat at the ferry wharf. One Parke, a Miramichi man, working at the rafting grounds, was drowned at the boom Tuesday.

At Hopewell Hill Friday King Milton received severe injuries by the bursting of a gun at a charivari. One eye was injured.

Mr. Percy C. Powys, of Springhill, York county, was badly gored by a bull a few days ago.

Last week Andrew Long, of Carlisle, Carleton county, was standing in his doorway talking with another man, while his son was handling a rifle in the farther end of the house. The

Nearly Two

years ago Rev. Job Roadhouse, of Seely's Bay, Ont., wrote us—"Allow me to tell of my high appreciation of the K D C. The state of my stomach was affecting my throat, at times I feared the loss of my voice, but K D C brought such relief that I cannot but believe it to be a Godsend. It is the best stomach medicine I have met with."

AGAIN he wrote May 25th 1896 as follows—"I have not heard any one say anything detrimental to K D C who has used it, but everyone commends it as a good medicine. It advertises itself wherever it goes. It stands the test of time and truly is Canada's Greatest Cure for Indigestion. The K D C Pills act their part also, in restoring the liver and bowels to healthy action.

eight houses, the Episcopal and Methodist churches and the hall with its contents being destroyed. The place had very little insurance.

Mrs. George Sanford, Bedford, N. S., gave birth last week to three children—two boys and a girl. The boys died, but the girl was smart up to last advices.

D Solon has been appointed principal of the Nova Scotia Normal School.

Wednesday evening at Sydney a farm hand named Hockins employed by Stewart Ingraham attempted to shoot his employer, who had severely reprimanded him for paying unpleasant attention to a woman who boarded at the farm. The bullet grazed Ingraham's cheek. Hockins is in jail at Sydney.

Fierce forest fires raged in the woods last week. At Waverly a house and three barns were destroyed by fire. At Port Clyde, Shelburne county, six houses and four barns were destroyed by forest fires Thursday.

At Digby Thursday the house, barn, outbuildings and a large quantity of cordwood, belonging to Oscar Morgan, of Smith's Cove, was totally destroyed by fire. There was no insurance.

At Halifax the solar eclipse was nearer totality than any other place in Canada. During the eclipse of the sun on Monday last, the temperature of the air fell 23 degrees.

The dwelling house of William S. Rye, Collector of Customs at River Bourgeois, C. B., was totally destroyed by fire with all its contents about noon Thursday.

STATEMENTS That Command Attention and Inspire Hope.

Paine's Celery Compound The Never-Disappointing Banisher of Sickness And Disease.

The statement that Paine's Celery Compound builds up sickly, weak and rundown people, is true in every particular. It is also true that Paine's Celery Compound is the only medicine in the world that can successfully grapple with obstinate and long standing cases of disease and give to sufferers active limbs, pure blood, clear complexion, healthy appetite and perfect digestion. Scores of able and reliable physicians, prominent druggists, legislators, merchants and leaders in society can bear testimony to the wonderful cures wrought by Paine's Celery Compound during the past spring months.

Such facts and statements should be sufficient to convince all doubting and despondent sufferers, and inspire them with a determination to test the world's great health-giver. Mr. Chas. W. Ross, Department of Railways and Canals, Ottawa, writes thus: "For a long period of time I suffered from the pines and tortures of neuralgia, and the effects to my general system were so serious and alarming that my doctor ordered an ocean trip. I went to England at a considerable expense, but had to return to Canada almost as bad as when I left it. After getting home I determined to commence the use of Paine's Celery Compound, as it was strongly recommended for such troubles. After using the medicine for a short time the results were most pleasing and gratifying. The attacks became less frequent and less severe, and soon the whole trouble was completely banished. I have not experienced a pain or ache for months. I take great pleasure in recommending such a marvellous medicine to all neuralgic sufferers. Paine's Celery Compound has astonishing virtues and powers, and will certainly overcome any form of neuralgia."

According to a despatch dated Dawson, May 22, the biggest nugget found in the Klondike weighs 77 ounces, and is worth \$13,000.

London, Ont., confectioners have been arrested charged with selling chocolates containing sufficient quantities to intoxicate.

Forest fires in the Rainy River district Ontario, are the worst in its history. Millions of dollars worth of timber are being destroyed.

Crop reports published Wednesday from all parts of Manitoba and the West indicate that rain is needed in nearly all the districts. Despite the dry season, however, crops have advanced nicely, and with showers within a week no great damage will be done. The hay crop will be light.

FOR OVER FIFTY YEARS.

AN OLD AND WELL-TRIED REMEDY—Mrs. Winslow's Soothing Syrup has been used for fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. Is pleasant to the taste. Sold by Druggists in every part of the World. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other.

At Yarmouth, N. S., a few days ago, David Hatfield was drowned in Tusket lakes within fifty yards of the spot where his first wife, son and two daughters were drowned twenty-three years ago.

Robert Hogg, of Barrington Passage, was drowned at Seal Island on Saturday afternoon, was overseer of fisheries and was liberating small lobsters from the traps when he fell in.

Mrs. Sears, daughter of S. K. Mood, was burned so severely at Woods Harbor, N. S., Monday afternoon of last week that she cannot live. She had a pot of paint on the kitchen stove. The bottom melted off and the paint took fire. In trying to put out the blaze her clothes caught.

At Jordan Bay, Shelburne, the school house, hall, and seven other buildings were destroyed by forest fires.

Wednesday afternoon the village of West Green Harbor, about five miles from Lockeport was swept by forest fire, 16 buildings, including

A Pioneer's Story

An Interesting Interview with Mr. B. L. Mastia.

AFTER LONG YEARS OF PERFECT HEALTH HE WAS ATTACKED WITH KIDNEY TROUBLE AND OTHER COMPLICATIONS—DR. WILLIAMS' PINK PILLS BRING HIM NEW HEALTH.

From the Picton, Ont., Times.

Mr. B. L. Mastia, of Hollowell township, Prince Edward county, was a caller at the Times office the other day and during his visit told of his great suffering from kidney trouble and rheumatism, accompanied by dyspepsia, cold feet and a generally broken down constitution. Mr. Mastia is one of the first settlers of Prince Edward county. He is in his seventy-first year and is the father of a grown up family of well-to-do farmers. In the course of the conversation Mr. Mastia said:—"I had never known what it was to be sick. I have always had good health and worked on my farm every day until some months ago, when I was taken with severe pains in my back and shoulders. I consulted a doctor but received little benefit. I was told by one doctor that I had rheumatism and kidney disease, but his treatment did not help me and I continued getting worse. My appetite failed me and I fell away in flesh. I became irritable and could not sleep well at night. Nobody can conceive the intense pain I endured. Not deriving any benefit from the food I ate and having a constant pain in my stomach I soon became aware that I had dyspepsia, and the pain in my back and shoulders intensified by the stone-like weight in my stomach, made life to me almost unbearable. I was also a great sufferer from cold feet, nearly every day my feet would get like chunks of ice, and unless I was constantly by the fire the soles of my feet would feel as though they were wet. One day I told my wife I was going to try Dr. Williams' Pink Pills. Having read so much of these famous pills, I thought that what they had done for others they might do for me. I procured a box from Mr. E. W. Case, druggist, and to my great delight before I had used quite one box I had improved. When I had finished a couple more boxes I felt like a new man and I gladly tell this for the benefit of all who suffer as I did." Continuing Mr. Mastia said: "My rheumatism is all gone and I can come and go and enjoy as good health as well as I ever did. With these remarks Mr. Mastia got up to go, but added that his wife was receiving much benefit from Dr. Williams' Pink Pills. "I took home a couple of boxes the other day and she thinks they are splendid."

Dr. Williams' Pink Pills cure by going to the root of the disease. They renew and build up the blood, and strengthen the nerves, thus driving disease from the system. Avoid imitations by insisting that every box you purchase is enclosed in a wrapper bearing the full trade mark, Dr. Williams' Pink Pills for Pale People. If your dealer does not keep them they will be sent postpaid at 50 cents a box, or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

UNITED STATES.

Six men were killed and four fatally injured last week at Whipple, O., by a premature explosion of 50 quarts of nitro glycerine which was being used in shooting an oil well.

In Boston, Thursday, fire ruined the stock of the department store of the Pitts. Kimball Company, occupying the six story building 607 to 615 Washington street, causing a loss of about \$250,000.

The Kansas wheat crop is estimated to be the largest ever raised in the State, and harvesting will soon begin. The want now is of laborers to take care of the ripening crop. One despatch says that 20,000 extra men are needed.

IS YOUR DAUGHTER IN SCHOOL?

There are thousands of sickly school girls dragging their way through school who might be enjoying the full vigor of their youth by taking Scott's Emulsion.

BRITISH AND FOREIGN.

Denmark claims that there is not a single person in her domain who cannot read and write.

Gen. Jose Kernandez the Venezuelan revolting leader, has been captured and the war is at an end.

The Viceroy of India, Lord Curzon, of Kedleston, telegraphs that good rains have fallen in Mysore and that scattered showers have fallen elsewhere. The cholera has not abated in many parts of Bombay and Rajputana, causing much mortality and impeding the relief work. There are now 5,750,000 persons in relief.

From Kieff, Russia, comes news that, "Seventy-six arrests have been made in Odessa at the instance of the secret police. There is much mystery involved, but the arrests appear to be connected with the same charges of sedition which two months ago led to two hundred arrests in St. Petersburg and to one hundred in Warsaw."

The Naval Annual, published at Portsmouth, in comparing the navies of the world, estimates that at the close of the year, the strength in completed battleships will probably be: Great Britain, 47; France, 34; and Russia, 17. But, it is added, Great Britain's preponderance in modern powerful vessels will probably make her navy more than equal to the combined French and German navies.

A Bombay despatch says: "An unprecedentedly severe epidemic of cholera has broken out in the northern districts of Bombay Presidency, in the famine camps. The deaths have increased 40 per cent. in three days. In the Kaira district there have been 1330 deaths in seven days. The Government has made a special grant of £1,000 to cremate the dead immediately. In Palapurstate, on the first day, there was one death, on the second there were eighty four, and on the third upwards of four hundred. It is thought the infection was due to the fact that the first death was near the only available water supply. The germs were thus carried over the camp. In the city of Bombay there have been sixty-seven deaths in the last seven days."

Do all that you can to stand and then fear lest you may fall, and by the grace of God you are safe.—Edwards.

The pulp mill of J. C. Wilson & Co., paper manufacturers at St. Jerome, Ont., was totally destroyed Tuesday night. Loss \$10,000.

ADAMSON'S BOTANIC BALSAM

CROUP is the most dangerous of all diseases of children. It gives very little time in which to seek remedy. A little tiredness—a cough—feverishness—stiffed congested—delirium—convulsions—even at this critical period **LIFE IS SAVED** if the balsam is administered. It should be always on hand and given at the first symptom but it will nearly perform miracles whenever used.

25c. AT ALL DRUGGISTS.

PARLIAMENT.

MONDAY.—Sir Charles Tupper reminded the premier that ten days ago he had promised to issue immediately a commission to enter upon an investigation of charges of irregularities. Sir Charles said he would like to know what judges had been selected, when they would enter upon the enquiry, and what would be the instructions to the court as to the scope of the enquiry.

Sir Wilfrid Laurier said the names of the commissioners had been set out in the scope of the enquiry was nearly settled, but the minister of justice had been ill, and he hoped the matter would be settled before the week was over.

The discussion of the criminal code bill in committee was resumed.

The house went into supply. Mr. Paterson explained the large increase in the cost of collection of custom. He stated that salaries in Sydney would have to be increased from \$3 050 to \$5 400 as Sydney was going to be one of the most important towns in Canada.

The committee voted customs a large and contingencies; mounted police; interior department inside service, and the postmaster general's estimate for inside service.

TUESDAY.—Sir Charles Tupper called attention to an absurd statement sent to the London Times by its New York correspondent, viz that Sir Charles had opposed the offer of Canadian troops to the Transvaal, and was generally opposed to Canadian participation in the defence of the empire.

Sir Charles pointed out that he had from the first urged the government to take this action. He quoted Tarte, Bourassa, Monet and others, who charged that he was the author of the movement for sending troops to Africa and was the leader of the Canadian imperialists. Sir Charles said he did not propose to allow anyone to give a false account of the circumstances without correcting them.

Mr. Fielding moved the house into supply, when Mr. Taylor moved an amendment concerning binder twine, setting forth that the sale of twine by contract has compelled farmers to pay from one hundred to two hundred per cent. more than necessary, that the price of ten to fourteen cents which is now placed on twine sold direct to farmers is too high and ought to be no higher than seven cents.

Mr. Fitzpatrick said the government had sold the whole output in 1896, 1897 and 1898 to the highest bidder. In 1899 the Hobbs Hardware Co., had obtained the product on a tender put in under the name of Martin Connolly.

The debate was continued by the several members, the motion was rejected.

WEDNESDAY.—Mr. Dugan asked the premier if it was correct that the Roman Catholics of Manitoba had held a meeting to express dissatisfaction with the school statement.

Sir Wilfrid Laurier said most of the Catholics were satisfied. If they were not they would appeal to the local government and to the federal government.

The house took up the bill respecting the grain trade in Manitoba. This is the elevator bill which has already been discussed at great length by western members.

THURSDAY.—Mr. Fisher said that the Canadian pavilion at Paris would be closed on Sundays. The Canadian exhibits scattered through the general buildings would be on view.

Before the house adjourned the premier read a telegram from the caretaker of the buildings there had refused to fly the flag to-day, and also on the day of making.

Mr. Mulock said instructions raise the flag had been sent to caretakers of all public buildings.

FRIDAY.—Dr. Borden moved a second reading of his bill giving government power to appoint and major-generals. He stated that one purpose of the bill was a military title to civilians who have attained distinction in service to the country.

The house then went into estimates of the interior department.

The Hand that Rocks the Cradle Rules the World

JOHNSON'S Anodyne Liniment
