

INTERNATIONAL NEWS.

PASTORATE.—The reason for my leaving the pastorate of the INTELLIGENCER because I have not done about which to write; but the business and patience of the people whom I minister reminds me to write a few lines to the pastor of the church of which I have the privilege and honor to be a member. The people have made me one of the best pastors in the Province; the only thing lacking now is the payment of what they owe to their pastor, careful of his reputation as a man of God. They are spiritually rich, and my prayer for them is that the work of the Lord may prosper in their hearts.

ABRAM PERRY. 1900. BROOK, N. B.—The services at the last Lords day, 4th, inst., were a deeply interesting and profitable one. The prayer meeting was a season of blessedness. The Lord's Supper was administered at the close of the service, and was attended by a number of christians, nearly all of whom shed blood for the name of Jesus. The presence is always an inspiring comfort to us, was present. Bro. L. G. Slipp was present, and gave a very clear and convincing testimony for Him whose name and death we were remembering at the Sunday school in the afternoon, the Superintendent, Bro. Watson, conducted the opening services and then requested the presence of the school, particularly the unconverted, in reference to their decision for Christ. Only two then declared their intention to follow Him, others had already done so during our special services. At the evening service the participation was beyond the seating capacity of the church, and extra seats were placed in the aisles. The service was after the order, following which fifteen persons were received as members of the church. The covenant was then administered in the hand of fellowship given, and a cordial welcome extended. The members occupied seats immediately in front of the pulpit, and the pastor gave an address in which he set out the privilege and duties of membership in the church, and commended each to the kindness and care of the heavenly Father. The ordinance of baptism was then administered to candidates. Some who intended to be baptized were ill; they will unite with us later.

J. W. CLARKE. Brockton, March 7th, 1900. FROM LICENTIATE PUDINGTON.—I should write a few lines to the Denominational News department. I have to thank God for His grace to me. I came to this pastorate by the will of the people, and as I have for a while, the will of God. The churches are in a low state, especially Hamilton and Oak Point churches; Brown's Flat church was not, nor what we would like to see. But we are praying for. But we are praying for "thank God and praise His name." The Sunday morning meetings, as also, the Wednesday evening prayer meetings, are of great blessing and the cause of this church is steadily advancing. FROM REV. J. NOBLE.—My kind friends will learn from this note, as well as from the notice of me in brother Long's report with other references made to me, that I am still in active service. My health keeps good and I am trying to help along the work of the Lord. I expect to supply next Sunday morning for brother Fenwick at Victoria Corner, and next week to go up to the Upper District to be at Wicklow, Lower Perth, Upper Kent and Bath.

J. NOBLE. MINISTERS.—Not long since the churches of the Salisbury pastorate made their pastor, Rev. Abram Perry, a donation of \$60 00. Rev. J. N. Barnes has been unable to get to his Bloomfield appointment for nearly two months, the roads being so completely blocked. He had intended to have special meetings at Cross Creek about this time, but owing to the deep snow has deferred them for a few weeks. Members of Rev. C. T. Phillips congregation, Waterloo St., St. John's

Spring. The church at Brown's Flat will (D. V.) have a literary entertainment March 19, when Rev. C. T. Phillips, of St. John, will give some of his choice readings. Brethren, pray for us. J. H. PUDINGTON Round Hill, K. Co.

SUSSEX, N. B.—It is quite surprising to me that I should be so neglectful of my duty regarding the denominational news department, especially as I so much appreciate the writings of my brethren. Our work here is moving on about in the usual way. We expect soon to have some additions to our membership. There has been a good deal of sickness among our people this winter, which has affected our work considerably. Among those thus afflicted may be mentioned the names of Mr. Dr. Burnett and Mrs. J. E. Slipp. For several months these sisters have been set aside from the activities of life, and have been greatly missed in our church work. Many prayers have been offered for their recovery, and we are glad to be able to say that both are improving, Mrs. Slipp being able to ride out on pleasant afternoons. Our A. C. F. Society has been holding a series of lectures during the winter, which are very much appreciated by the people. Rev. C. T. Phillips gave readings from the pen of the well-known Thaddeus, and as always, he pleased his hearers. Rev. Dr. Gates gave a lecture on Jerusalem as it was and is, and his vivid description of that old temple city was listened to with rapt attention. Rev. F. G. Francis lectured on "The War in South Africa, and its relation to the British Empire," which, at this particular time, was exceedingly interesting and instructive. Any of our churches would do well to have Mr. Francis deliver this lecture, because many people who have not the time, and, indeed, have not the data, could learn much that led up to the present war, in that dark continent which seems so near us to-day. All these brethren—their presence among us for a little, their lectures, and their genial companionship, were very helpful, and we hope they may come again. We are pleased to read the encouraging reports from the brethren, from time to time, and trust that the Lord of the harvest may bless them all more and more.

B. H. NOBLES. ACKNOWLEDGEMENT.—Again it becomes my pleasant duty to acknowledge the kindness and generosity of the good people on my field of labour. On my return home to-day, I was very much surprised, and pleased as well, to find a fine seal cap, which the friends at Victoria had procured for me. May the giver of all blessings abundantly reward this people for their kindness. L. A. FENWICK. March 7th.

CHARLESTON, C. Co.—The announcement of special meetings at Charleston being in the INTELLIGENCER, the brethren will perhaps be looking for news from that part of the field. We have been holding meetings for three weeks, when the weather would permit. We have had six heavy storms since we began, which have greatly interfered with the work. Last Sunday (4th inst) was the first that we had a Sunday service. The Lord has been with us, and our hearts have been made glad. Difficulties have been removed, backsliders have been reclaimed and some have decided for Christ; others are moving forward, and we hope will come clear out. There seems to be a deep spirit of conviction resting upon many of the unconverted. We expect to have baptism next Sunday. Brethren, pray for us. L. A. FENWICK.

FROM REV. J. NOBLE.—My kind friends will learn from this note, as well as from the notice of me in brother Long's report with other references made to me, that I am still in active service. My health keeps good and I am trying to help along the work of the Lord. I expect to supply next Sunday morning for brother Fenwick at Victoria Corner, and next week to go up to the Upper District to be at Wicklow, Lower Perth, Upper Kent and Bath. J. NOBLE.

MINISTERS.—Not long since the churches of the Salisbury pastorate made their pastor, Rev. Abram Perry, a donation of \$60 00. Rev. J. N. Barnes has been unable to get to his Bloomfield appointment for nearly two months, the roads being so completely blocked. He had intended to have special meetings at Cross Creek about this time, but owing to the deep snow has deferred them for a few weeks. Members of Rev. C. T. Phillips congregation, Waterloo St., St. John's

present of \$60.00 one evening last week. A note from Rev. W. C. Kierstead says he is in good health and enjoying his work at the University of Chicago. Rev. D. Patterson was at Campbell Settlement and Middle Southampton on Sunday 4th inst. He intended to be at Canterbury last Sabbath. He has no definite plan, but trusts that his steps may be divinely ordered. The Upper Hampstead correspondent of the Daily Sun says: Rev. W. H. Perry pastor of the church here, is very earnest and untiring in his labors, and is held in much esteem. Rev. J. A. Robertson, of Fredericton Junction, is, we are glad to learn, so far improved in health that he is again making his preaching appointments.

MONDAY.—In response to a question by Mr. Hazen, Mr. Emmerson said his travelling expenses as chief commissioner of public works and premier in 1898 were \$950 and in 1899 \$1000. Mr. Emmerson committed a bill to amend the municipalities act. It provides that to have a name added to the list of voters for municipal elections, application can be made to the sheriff before the first day of September. Progress was reported. Mr. McKee introduced a bill, amending the St. John Home for Incurables, and the St. John Police Relief Association.

TUESDAY.—Mr. Pagsley introduced a bill relating to the assessment of rates and taxes. The only place affected by its provision is the city of Fredericton. The bill is promoted by Fredericton gentlemen who are in the civil service and who think the present assessment law unfair to them. Mr. Emmerson introduced a bill authorizing a revision and consolidation of the statutes of the province. For the work the government may expend a sum not exceeding \$20,000. Mr. Porter moved that in the opinion of this House it is expedient and opportune that the government should take control of the telephone service of this province with a view of extending the benefits of such service more widely throughout the province, and to decrease the expense to those availing themselves of such services.

WEDNESDAY.—Mr. Hazen reintroduced the bridges changes, deferred last session, and moved for a committee of investigation. Mr. Emmerson gave notice of the following motion: "Resolved, that it is expedient that the province of New Brunswick should unite with the provinces of Nova Scotia and Prince Edward Island in providing educational facilities in the maritime provinces for furnishing a technical training to prepare the youth of our country for agricultural, mining, horticultural and such other industrial pursuits as may from time to time be deemed desirable, and that such technical institution, when established, shall include in the first instance departments of agriculture, horticulture, mining and manual or mechanical training."

And further, that His Honor the Lieutenant Governor in Council be empowered to take such action jointly with the other provinces as will result in the establishment of a school of instruction, having for its object the attainment of such educational facilities at some point to be selected and deemed most suitable in the maritime provinces. Mr. Parry committed a bill winding up the St. John Relief Aid Society and disposing of its remaining property and effects. The object was to give power to the Relief and Aid Society to grant a portion of the fund which they have on hand to the sufferers by the Indian town fire in May last. There was now in the hands of the society some \$34,000 of the money which had been contributed for the relief of the sufferers by the fire of 1877 and the present bill provided that \$5,000 of that amount be granted for the relief of the sufferers by the Indian town fire. The bill was adopted. THURSDAY.—Mr. Emmerson committed the bill authorizing a revision and consolidation of the statutes of the province. He said the amount was fixed at \$20,000, which he hoped would be sufficient. Mr. Hazen pointed out that there were many things more necessary in the public interest than this proposed costly revision, and protested that permitting a member of the legislature to act on the commission, was a direct blow at the independence of parliament. Mr. Emmerson admitted that sec. 3 was framed with an eye to securing the service of Mr. White on the commission. The bill was agreed to. The following bills were agreed to: Bill relating to cornermen; bill vesting Madras school property in the Diocesan synod, with slight amendments; bill enabling municipal, city and town councils to assess for grants in aid of members of Canadian forces sent to South Africa; bill incorporating St. John Home for Incurables; bill to authorize Charlotte municipality to exempt J. Sutton Clark's property from taxation.

FRIDAY.—The bill authorizing Victoria municipality to exempt creameries, cheese and butter factories, and process wheat mills from taxation, was agreed. Mr. Emmerson recommitted the cornermen's bill, and an amendment was added providing that witnesses be allowed fees of 50 cents a day. The bill was agreed to. Several notices of inquiry were given. SATURDAY.—Mr. Emmerson made his motion on establishment of a technical school for the Maritime provinces, supported by a lengthy speech, in which he spoke of the importance of the subject and of the necessity of providing a technical education for the young men and women of the Lower Provinces.

MR. HAZEN DOUBTED THE WISDOM OF such a resolution, in the absence of more definite information. Mr. Hazen moved his resolution with respect to the coat of certain steel bridges. Mr. Hazen said he would reserve his remarks until anybody else who wished to speak was heard from. Mr. Emmerson, Mr. Tweedie and Mr. Hazen spoke on the resolution, and the motion was carried.

DENOMINATIONAL NEWS.

APPOINTMENTS.—Rev. Jos. Noble will (D. V.) preach on Sunday, 18th inst., at Lower Perth in the morning, and at Upper Kent at 3 p. m.; and on Sunday 20th inst. at Wicklow in the morning, and at Bath at 3 p. m.

DEATHS.—BRITAIN.—At South Wakefield, C. Co. the 6th of March, after three weeks sickness, which she bore with christian patience, Sarah, wife of Thomas Britain, 39 years of age, leaving to mourn their loss a husband six children, a widowed mother, three sisters and one brother, with other relatives. Sister Britain professed religion when a young woman, and always maintained her christian course. She was of a very amiable disposition, lived in the affections of the church to which she belonged, and of the community. Her funeral was attended by the Rev. J. Noble, who baptized her years ago. The neighbours speak of her as a good woman whom they all miss very much. J. N.

FOR SCIATICA, PLEURISY, STITCHES, CRICKS, NEURALGIA, RHEUMATISM, LAME BACK. THE BEST ANTI-RHEUMATISM PLASTER MADE. EACH PLASTER IN ENAMELED TIN BOX PRICE 25¢ ALSO 50¢ IN YARD. ROLLS PRICE \$1.00. DAVIS & LAWRENCE CO. LTD. MANUFACTURERS, MONTREAL.

FERRY'S SEEDS. Thousands of gardeners testify to the superiority of Ferry's Seeds. They are clean, pure, and never suffer from disease. They are cheap, and give a large crop. It pays to buy a little more for the best. Always get the best. 1900 Seed Annual Free. D. M. FERRY & CO., WINDSOR, ONT.

"Take Time by The Forelock." Don't wait until sickness overtakes you. When that tired feeling, the first rheumatic pain, the first warnings of impure blood are manifest, take Hood's Sarsaparilla and you will rescue your health and probably save a serious sickness. Scrofula Sore — "Enlargement of the arm bone, with a bunch, proved to be scrofula. The sore discharged. Hood's Sarsaparilla healed it all and left me sound as a nut." Capt. Wm. S. Barker, "Box 8, Wilson's, N. H." Hood's Sarsaparilla Never Disappoints. Hood's Pills cure liver ills; non-irritating and only cathartic to take with Hood's Sarsaparilla.

A Girl Who Was Saved. SEVERE HEADACHES, HEART PALPITATION, NERVOUSNESS AND FEELING MADE HER LIFE MISERABLE — HER DOCTOR TOLD HER SHE COULD NOT RECOVER. Doctors have given the Greek name anaemia, meaning "bloodless," to a disease which is much more prevalent among young women than is generally believed. In its early stage the disease is not marked by any decided symptoms, and often makes considerable advance before its presence is noticed. A feeling of fatigue after slight exercise, breathlessness and pallor of the face are the first noticeable signs. Unless there is prompt and effective treatment the disease then makes rapid progress, and the victim presents every appearance of going into a decline or consumption. The only successful method of treating anaemia is to build up the blood, and the best medicine in the world for this purpose is Dr. Williams' Pink Pills for Pale People. Miss Adeline Dumas is one of the thousands of young ladies who can testify to the efficacy of Dr. Williams' Pink Pills in cases of anaemia. Miss Dumas resides with her parents on a farm near Liniere, Beauce Co., Que. To a reporter who called upon her for the purpose of getting the particulars of her illness and cure, Miss Dumas said: "Since I was about sixteen years of age I have been ailing more or less, but for a long time, except for periodical headaches, the trouble did not seem serious. About two years ago my case began to assume an alarming nature. The headaches came with greater frequency. I became very pale, and the slightest exertion would leave me breathless. I tried several medicines, but instead of finding benefit I was steadily growing worse, until at last I was unable to do any household work, and had to sit in a chair almost the entire day. I had now become extremely nervous, and the least noise would set my heart wildly palpitating. I had neither desire nor relish for food, and the doctor who attended me finally said the trouble was incurable, and that he could do nothing more for me. I did not despair, however, but I tried other medicines, but still without relief, and then I began to feel that death only would release me from suffering. At this time a friend brought me a newspaper in which was the story of a cure of a girl whose symptoms resembled mine through the use of Dr. Williams' Pink Pills and urged me to try them. I sent for a box, but they did not seem to help me, and I was afraid they would prove like other medicines, not suited to my case. My parents insisted that I should continue their use and my father got two boxes more. Before these were all used I had no longer any doubt that they were helping me, and I procured another half dozen boxes. They completely restored my health, and I am able to go about and do work with an ease I have not enjoyed for years before. I think Dr. Williams' Pink Pills are a great blessing to the sick, and I always urge my friends who are not well to take them, and I will be glad if this statement is the means of bringing new courage and health to some other sufferer."

People Who Weigh and Compare. Know and get the best. Cottolene, the new vegetable shortening, has won a wide and wonderful popularity. At its introduction it was submitted to expert chemists, prominent physicians and famous cooks. All of these pronounced it a natural, healthful and acceptable food-product, better than lard for every cooking purpose. The success of Cottolene is now a matter of history. Will you share in the better food and better health for which it stands, by using it in your home? Cottolene is sold in 3 and 5 pound pails by all grocers.
