Makes the food more delicious and wholesome  
ROYAL BAKING POWDER CO., NEW YORK.

News of the Week.

NEW BRUNSWICK

At Richbroct last week James Money, of Barzouche, charged with stealing two hundred and fifty dollars from an old man named Richard, was sentenced by Judge Wells to three years in the penitentiary.

The inquiry into the recent accident on the Central Railroad was concluded on Monday last week. The jury returned a verdict that the accident was caused by the bridge being weakened by the way the repairs were made, and censured the workmen for the way they made the repairs, the sectionmen for not reporting the way the repairs were made, and the company for allowing the work to be done in the way it was.

Tides in the Petitcodiac river have been unusually high of late, the highest since the notable Saxby gale. The M. & B. Railway track between the station and Lewisville for a distance of over half a mile was submerged last week. No damage was caused.

A barn belonging to Edward Robertson, near the Moncton driving park, containing twenty-five tons of hay, farming implements, etc., was destroyed by fire Wednesday. Loss, one thousand dollars.

Alfred Steeves of Rusagornish while out hunting last week, accidentally discharged his gun, the contents going through his right foot. The doctors amputated two toes.

Dr. Arnold, a dentist, falling from Success, who has been practicing dentistry at Stanley and Cross Creek during the summer, was found dead on the floor of his room in Turnbull's Hotel, Stanley Thursday. He had been drinking heavily. An inquest was held. The verdict was that deceased came to his death through excessive indulgence in alcohol and drinking methylated spirits.

At Meductic, York Co., Thursday, Mrs. Charlotte Moore, aged 52 years, was found dead upon the floor of her dining room. She had long been in poor health.

The steamship Nyassa sailed Wednesday from St. John for Cape Town, with 2,500 tons of Canadian hay for the imperial government, which makes 19,200 tons sent from Canada since the outbreak of the war. In addition there has been shipped from Canada to South Africa, for use of the imperial troops, 8,207 bags of oats, 7,547 cases of hams, 12,687 cases of beef, and 38,285 sacks of flour.

Mr. O'Brien, recently appointed Principal of the Charlotte St. School, this city, has been appointed Principal of the Model School.

An old house, the property of Henry Upham, in Lower Woodstock, filled with hay, was burned to the ground Wednesday morning. The fire was the work of an incendiary.

The whole interior of Grand Manan is swept with forest fires from North Head to South Head. On the 7th inst. Grand Harbor was threatened with fire, it burning all the growth of trees and underbrush to the north and east and sparks in three or four instances caught in the roofs of barns and houses. Wednesday it was reported that Seal Cove had been totally destroyed, but, fortunately, it was a false report.

At Drochester a few days ago, some convicts working on the penitentiary marsh, found a weed, the root of which they considered eatable. Several of them ate of it. Immediately they were seized with every symptom of poisoning. Remedies were immediately given and every effort made by the medical staff of the penitentiary to arrest the action of the poison. One, named Richard Love, died within a few hours. The others after suffering acutely recovered.

STARVING CHILDREN.

Thousands of well-fed children are starving, simply because their food is not of the right kind. They are thin, pale, and delicate. Scott's Emulsion will change all this. It gives vim and vigor, flesh and force.

NOVA SCOTIA

The caisson of the Midland Railway bridge at Shubenacadie River, that was wrecked a couple of weeks ago, and which it was feared would delay the opening of the road this year, has just been replaced in position with little damage and is working excellently. The opening of the road is now expected this fall.

Grace Darling

Fifty-eight years ago the 7th of Sept. Grace Darling and her father, through their heroic effort, saved from a watery grave nine precious souls. The work of life saving and health preserving still goes on, in which K D C plays an important part. Health is the great channel of true happiness.

Unhealthy stomachs cause unhappy homes, unhappy people, wherever they are found. Help, relief and cure for unhealthy stomachs are found in K D C. Try it. Highest endorsements.

K D C PILLS are splendid for the Liver and Bowels.

OTHER PROVINCES.

The wind storm which swept over Western Ontario Wednesday caused an estimated loss to the fruit growers of Niagara district of nearly \$1,000,000. Through Winona, and Grimsby fruit districts the loss will be fully half of the crop. Around Burlington and Halton districts fully three-quarters of the extensive apple crop is totally lost. In addition, thousands of trees were uprooted. The storm was the most severe in thirty years.

P. E. Island was visited by a terrible storm Wednesday. Two Caraqueet fishing boats were driven ashore on the west coast. The number of drowned is unknown. The lobster factory at Sea Coxhead was utterly demolished. An unknown schooner was driven ashore at Nail Pond. It is feared the crew all perished. The schooner Reality, while entering Casumpeque harbor, was driven ashore and her cargo of salt is a total loss.

The business portion of Paris, Ont., was almost wiped out by fire Wednesday. Fire started just before one o'clock in Meldrum's flour mill and fan by the gale, quickly spread. The post office, customs house, Canadian Bank of Commerce, with the 1,000-watt Electric Light station, were the first to follow the mill, and thence the flames spread in all directions. The loss is estimated at \$350,000, with insurance of about \$125,000.

A GREAT REPUTATION

Has Been Achieved by Dr. Williams' Pink Pills.

NOT ONLY IN CANADA, BUT IN EVERY CIVILIZED COUNTRY THROUGHOUT THE WORLD—MERIT ALONE HAS GIVEN THIS MEDICINE ITS GREAT PROMINENCE OVER COMPETITORS EVERYWHERE.

The reputation achieved by Dr. Williams' Pink Pills not only in Canada, but throughout the world, rests upon a very solid basis, which may be summed up in two words—steadiness and success. The enterprise has had occasion to investigate a number of cures effected by this medicine, and knows that in some instances at least these cures were wrought after other medicines had failed even to give relief. Recently another cure came under our notice that cannot fail to increase the popularity of Dr. Williams' Pink Pills in the locality in which it occurred, and as we can vouch for the facts, it may well bring hope to sufferers elsewhere.

Mr. Walter H. Johnson is one of the best known residents of the northern section of Queen's county, the residence in the town of Caledonia, where he keeps a hotel, and also runs a stage that carries passengers and mail between that town and Liverpool, a distance of some thirty miles. Mr. Johnson was in Bridgewater recently, on which occasion he gave a reporter of this paper the following facts: About three years ago he was taken very ill. He had the best of medical attendance, but made very little progress towards recovery, and the doctor told him there was very little hope that he would be able to return to his former work. The trouble appeared to have located itself in his kidneys, and for eight weeks or more he was confined to bed. He suffered greatly from constant pains in the back, his appetite became impaired, and his constitution generally appeared to be shattered. At this juncture he decided to try Dr. Williams' Pink Pills and got a half dozen boxes. In the course of a couple of weeks he noticed an improvement in his condition and he continued the use of the pills until he had taken some ten or twelve boxes, when he not only felt that his cure was complete, but also felt that in all respects his health was better than it had been for years. Since that time he has been continually driving his coach between Caledonia and Liverpool, and has not had the slightest return of the trouble, notwithstanding that he has to face at times very inclement weather, that might well bring on a return of the trouble had not his system been so strongly fortified against it through the use of Dr. Williams' Pink Pills.

If the blood is pure and wholesome disease cannot exist. The reason why Dr. Williams' Pink Pills cure so many forms of disease is that they act directly upon the blood and nerves, thus reaching the root of the trouble. Other medicines act only upon the symptoms of the trouble, and that is the reason the trouble always returns when you cease these medicines. Dr. Williams' Pink Pills make permanent cures in kidney troubles, rheumatism, erysipelas, anaemia and kindred disease. But be sure you get the genuine which bear the full name Dr. Williams' Pink Pills for Pale People on the wrapper around every box.

UNITED STATES.

President Mitchell and Secretary Wilson, of the United Mine Workers of America have signed the document which will call 142,000 miners of the Pennsylvania anthracite region from their work Monday morning and precipitate one of the most gigantic strikes ever in the history of the labor world.

By the crossing of an electric light wire, with the wire of the police telephone service in St. Louis, Tuesday night, two policemen were killed in merely picking up the telephone receivers to send messages and eleven other men, nine of them policemen, were more or less severely injured.

A train from New Orleans in the direction of Galveston while crossing a ferry lost 85 passengers. Wednesday's storm did much damage in New England.

Eighteen men employed by the Northwestern Lumber Company, were crossing the Eau Claire river in a boat when a heavy gale capsized the boat. Eight men attempted to swim ashore and six of them were drowned.

BRITISH AND FOREIGN

Baron Curzon of Kedleston, Viceroy of India, has cabled the Indian Office that good rains have fallen in Madras and Central Bengal, and on the Gangetic Plain, relieving all present anxiety regarding the autumn crops in those territories. The total number now receiving famine relief has fallen to 4,334,400.

Polstar blight is said to threaten the destruction of Ireland's crop.

Famine threatens Northern China. Plague and cholera still ravage India. The French have made annexations in Central Africa which threaten to weaken the Fashoda question.

The tide of terrible distress in India has turned. Rain has fallen copiously in all the famine districts and farm work has been resumed. Thus employment is given to many. The famine has been so severe that at one time nearly 6,000,000 were dependent for life on relief. Now within a fortnight there has been a reduction of nearly two millions. Thus the decrease will be rapid and great. India has been severely tried. British rule has done much for the country, saving literally millions of lives.

FOR EVER FIFTY YEARS.

AN OLD AND WELL-TRIED REMEDY—Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. Is pleasant to the taste. Sold by Drug Gists in every part of the World. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other.

In the Onagole mission field, during the week of prayer, the burden of petition was for 1,000 souls converted to Christ. And lately it was reported that 1,016 converted Telegus had been baptised. How long will it take for us to learn the lesson of faith and power?

FOR HOUSEKEEPERS.

It has been brought to the attention of this paper that a baking powder is offered for sale here which contains alum.

Alum is unfit for food, producing indigestion, alum heart, sallow complexion, constipation and attendant ills. It is not fair to our people, that such a substance disguised as a baking powder should be sold in order to allow a maker or a grocer a little more profit, regardless of the health of the family.

Good baking powder costs about forty-five cents a pound. Alum baking powder is sold for twenty-five cents a pound or less. The difference in cost between a good and a wholesome baking powder and an alum powder would not exceed a dollar for a whole year's supply. People are very foolish to take the risk and suffer ill health for the sake of a few pennies, which after all are not saved.

Good baking powder is one of the most useful things in the household, and we seriously urge our readers to save their health, and money also in the end, by insisting upon having a good brand like Royal, Dr. Pierce's or Cleveland's.

If requested to do so by our subscribers, we will publish the name of the alum baking powder sold here.

POLITICAL NEWS.—The by-election in Queens county rendered necessary by the acceptance of office by Hon. L. P. Farris, commissioner of agriculture, will be held on Tuesday, October 2, nomination September 25.

The Liberals of Carleton Co. are to hold a convention Wednesday of this week to nominate a candidate for Parliament.

Mr. T. B. Flint has been nominated by the Liberals of Yarmouth, N. S.

The Conservatives of Lunenburg, N. S. have nominated Mr. C. E. Kaulbach.

Mr. S. E. Gowley is the nominee of the Colchester, N. S. Conservatives.

Sir Wilfrid Laurier is announced to open the Liberal campaign in the Province of Quebec at a meeting at Montreal on the 20th inst.

In Prince Edward Island both parties have all their candidates in the field. F. M. Sproul is announced as a candidate in Kings Co. in opposition to Mr. Pugsley, the Attorney General in the re-organized Provincial government. The election will be on the 27th inst.

The Liberals of Restigouche Co., in convention at Dalhousie, nominated James Reid as their candidate.

The Shelburne—Queens Conservatives have nominated Jas. J. Ritchie. Mr. Fielding, Finance Minister, is the Liberal nominee.

Several dismissals from the I. C. R. works at Moncton were made last week.

There have been various rumours about the date of the elections, some reports putting them off till February and even later. Mr. Tarte, speaking in Montreal Thursday, is reported as saying "an appeal to the country will be made very soon."

The Egg Harvest

is new. Hens will keep in better condition, assimilate most of the food they eat, and lay more eggs than ever before. SHERIDAN'S Condition Powder. One pack, 25c.; large 50c. pack, 50c. Full particulars, "How to Feed for Eggs," and sample test, on poultry paper, free. I. S. JOHNSON & CO., Boston, Mass.

RED ROSE TEA.

At the St. John Exhibition, the exhibit of the Red Rose Tea, which Mr. T. H. Brooks is making, has attracted the attention of the public. A practical regular work done in the kitchen house in the way of weighing, labelling and boxing the pack tea which under the Red Rose name has won such a reputation for its quality. A gang of boys weighing the tea, then folding in the lead wrappers, next filling by machinery, and finally boxing it. Various grades ranging in price from twenty-six cents, are being put up in half-pound packages. The way in which the boys go about their work is very fascinating to watch. Mr. Estabrooks could not have a more skilful way to advertise his tea. All the tea that is being put up is packed and shipped direct from the exhibition to fill orders through New Brunswick and Nova Scotia. Some very large orders have been placed for this purpose by merchants who think it will prove a good investment for them. The Red Rose finds a ready sale in the Maritime Provinces and in Quebec. Business is steadily increasing, and the people are obliged to hasten to meet the demands.

HONEST AND TRUE.

This is eminently the case of Polson's Nervine, and great cure. It is an honest remedy, contains the most powerful, and most certain pain sub-remedies known to medical science. It is honest, because it claims to be honest, because it is the best in the world. It only costs 10 or 25 cents a bottle, and you can buy a bottle at a drug store. All pain is produced by Polson's Nervine.

MARRIAGES.

BROWN-ROBINSON.—At the residence of the bride's father, Windsor, C. Co., 5th inst., by Rev. John Perry, Mr. Brown and Miss Martha J. Robinson.

PERRY-WALLACE.—On the 11th inst. at the home of James Parter, Avondale Co., by Rev. J. J. Barnes, Mr. Perry, of Upper Kent, C. Co., and Miss E. J. Perry, and Miss Edith C. Co. of Avondale, C. Co.

STEEVES-BANISTER.—At the Free Bannister, St. John, N. B., Sept. 12th, by Rev. Abram Perry, Mr. Steeves, of Steeves Settlement, and Banister of Pollet River, West Co.

DEATHS.

SMOKE.—At McAdam, N. B., Sept. 13th, 1901, after a lingering illness, Mrs. Alice M., beloved wife of W. H. Smoke, 38th year of her age. By her death a bereaved family and community suffer a great loss, she being one of the faithful most devoted workers in the cause of Christ. At 14 years of age she was baptized and united with the Free Baptist church, and at once began to labour for the redemption of others. For the past 12 years she has resided at McAdam, where she has been much blessed, and where, by her great zeal and untiring efforts to do good she won a place in the hearts of all. Her patience and the sweetness of disposition maintained throughout her long life was wonderful, and her peaceful triumphant death greatly glorified. She leaves a husband and one little nine years old. She arranged her funeral services which were held on Monday 10th inst. the interment being at Maryland, York Co.

A. W.

MCCUSKEY.—At Gibson, N. B., 13th, 1901, after a lingering illness, Mrs. Henry McCuskey, aged seventy-one years. Bro. McCuskey was born at Long River, Kings Co. When a youth he went to America and there settled in John and became a contractor. At twenty-eight years he joined the W. B. St. Peter Baptist church. Four years he joined the Free Baptist church, of which he was a member until death. Eight children survive him: Isaac McCuskey, Ontario; Mrs. Abner Clark, Gibson; John Hall, St. Marys; Mrs. Robert Houlton, Me.; Mrs. Edward Woburn, John; Mrs. Geo. Thomas, Blackville; McCuskey and Mrs. Freeman Ride; Gibson. Bro. McCuskey was a good kind-hearted man and a good husband. He bore all his suffering much christian patience. His last words were in Him, Jesus, blessed. Truly his end was peace. May God and comfort those bereft. Funeral on Monday 2nd inst. 11:30, by the writer, M. L.

PETERSON.—At Gibson, N. B., 18th, 1900, of heart disease, Mrs. Cyrena Peterson, aged sixty-six years. Bro. Peterson was born at Nashwaak, York Co., Sept. 6th, 1834. About thirty-eight years ago he was baptized by Rev. Jacob Peterson and united with the Free Baptist church. He afterwards moved to Isle, Me., and united with the Free Baptist church there. Nine years ago he moved to Gibson and united with the Free Baptist church of which he was a member until death. His wife and four children survive him: Allan Peterson, Presque Isle; Herbert C. Peterson, Ogden City, Mass.; Ina Gilliat, Malden, Mass.; Laura Saunders, Ogden City, Utah. Peterson's resignation and cheerful death throughout his long and painful illness were very marked. He spoke of death but the saying "Good night," "Good night" brother until we say "Good night" in the glorious light of the resurrection. The blessing and comfort of our Lord be to all that mourn. Funeral services at the church and grave, on August 19th, were conducted by the writer, assisted by Rev. Dr. McLeod and Mr. Lawson (Baptist). Also the body of which Bro. Peterson was a member for forty-seven years, was formed by money at the grave in a very impressive manner.

Blood.

We live by our blood, and on it. We thrive or starve, as our blood is rich or poor. There is nothing else to live on or by. When strength is full and spirits high, we are being refreshed, bone muscle and brain, in body and mind, with continual flow of rich blood. This is health. When weak, in low spirits, no cheer, no spring, when rest is not rest and sleep is not sleep, we are starved; our blood is poor; there is little nutriment in it. Back of the blood, is food, to keep the blood rich. When it fails, take Scott's Emulsion of Cod Liver Oil. It sets the whole body going again—man woman and child. If you have not tried it, send for free sample. Its agreeable taste will surprise you. SCOTT & BOWNE, Chemists, Toronto. 50c. and \$1.00; all druggists.
