NOVA SCOTIA CHURCHES .- The revival at Sanford continues, under the labours of the pastor, Rev. G. F. Currie. Sixteen had been baptized when we last heard.

At Hall's Harbour Rev. E. C. Wall preaches every third Sunday. An increase of spiritual interest is reported.

The pastor of the Yarmouth church, Rev. E. Crowell, has become Superintendent of the Sabbath School, with bro. Leslie Wilson as his assistant. The Y. P. Society has added some members recently.

The several departments of christian activity in the Barrington church, Rev. J. E. Gosline, pastor, are reported progressing.

At Centreville, Cape Island, Rev. Mr. Merrill pastor, one conversion is reported. Church members have been quickened.

At South Side, Cape Island, which has been supplied during the past year by Rev. A. M. McNintch, one has been baptized, and renewed activity is manifest in the church.

Rev. D. Patterson was a few days with Rev. G. F. Currie at Sanford, assisting in the meetings.

Rev. J. K. West, Lower Argyle, in a private note, says he does not seem to have anything for the Denominational News department. His pastorate is large, and makes demands on all his time and strength. He is sowing the precious seed, and is praying for wisir desire gron, of Kemptville, J. E. FROM REV. H. A. BONNELL, -I am ur U. 8. The meetings began with always glad to hear from the brethren candidate for favor with the house- tions expire in March. From all these like a task for me to write, not having very much to write that would interest any one. We are much isolated during the winter months. Some mails are three days getting here from St. John. My field is large; there are eight preaching places, for it extends from Carpenter to Cody Station, along the Washdemoak Lake. I have been holding special meetings at Clark Settlement for about six weeks. A number of wanderers were reclaimed and some sinners converted. Four were baptized. This settlement is on the shore of the Lake, on the east side, just below Big Cove. My health has been good this winter. Hoping this will be a successful year for all the brethren, I say good by.

PETITCODIAC-CORN HILL PASTOR ATE. - Perhaps I am writing too often, but when God gives me such experiences as He is doing in these days, what else can I do, in my joy, but "tell it out." We have just finished four weeks special services at Corn Hill, and, in spite of the worst weather imaginable, we had a glorious time. My brother, H. H. Ferguson, of the Millstream pastorate, was with us three nights, and how God did help him to help us! We also, two of God has granted it to sing His Gospel, oh! so sweetly. They were times that shall live in our memories while was followed by the ordinance life shall last, and they shall bear Lord's Supper. In the evening fruit in eternity. Then, bro. Phillips came one night. God bless bro. Phillips, say we all. We all love him, ervice. A vote of thanks was of joy, and yet of tears; of warnings, yet of love. He had known this country in his first trembling beginnings as interest they had manifested mind the many changes, the many missing ones whom he had known and loved in those days, his heart swelled, the prayer of the writer. and its swelling touched ours. I pray God that he would give more of us bro. Phillips' spirit of readiness to rit; the social services showed love. He goes to Tobique, he sees its current of religious fervor, and beauty and he loves it. He goes to Grand Manan, and longs to stay and work there. He comes to Corn Hill, and straightway, seeing the many pleasant things, he desires that this shall be his abiding place till death. That is the spirit of Jesus, that of seeing the lovable qualities of every place and everybody, and letting them take possession of our hearts. God PALLOR, HEADACHE, DIZZINESS AND A grant we all should possess it more and more. Then will His cause be ith a greal deal of pleasure I advanced and many brought in love he accounts from the various to His Kingdom. So we bless God for six souls at Corn Hill and the reviving of us all. I expect, God throughout Canada who owe their thren to let them know how willing, after resting this week, to good health, if not life itself, to the ord deals with me. I am not open special services at Lower Ridge timely use of Dr. Williams' Pink Pills next week. May God bless us.

FREDERICTON. - Special meetings were held last week. There was a good interest. Last Sahbath two converts were baptized. Special meetings are being held this week.

GIBSON, N. B. - The revival interest has continued. Five were baptized on Sunday 17th. inst., and one was baptized last Sunday.

MINISTERS.-Rev. Jos. Noble is gaining strength. He had been out for a drive with bro. Clarke the day we saw him, last week. He hopes to be able after a few weeks to visit some of the churches again. He says he had much peace of mind during his illness; he sometimes thought he was, probably, at the end of his earthly life, and he looked to the life beyond with immanerny faith and joyous

Rev. T. S. Van Wart, Stanley, York Co., writing on the 20th inst., says he had been suffering from La Grippe for strength slowly. He adds: "The congregations have been small here the last three months, the men being in the woods. They are beginning to come home now, and we are hoping for a larger attendance at the Lord's house, and for better times.

#### GOVERNMENT BAKING POW-DER TESTS

The Royal Baking Powder is an old through the Intelligencer. It seems keepers of the Dominion. Its patrons will be pleased to know that the recent Government report giving the analyses of baking powders sold in the Dominion show the Royal to be the purest of cream of tartar powders, the most healthful in character, and of greatest leavening strength.

It is shown that the art in bakingpowder making is to give a pure and healthful powder, of highest leavening power, which will keep indefinitely without losing its strength. These two qualifications - effective keeping and highest strength—it is impossible to combine in a powder except with the use of chemically pure ingredients. The report states that the only entirely cream of tartar powders which came up to this standard were the Royal and Cleveland's.

ACKNOWLEDGEMENT. -- My friends from the west side (chiefly my old Baptist brethren) took possession of the parsonage on the evening of the 4th inst., in force. Our good brother C. W. Pearce alone had a passenger list of seventeen as he drove his team to the merry music of the bells. After those nights, had bro. DeBoo, whom refreshments were served by the ladies, and sweet music was discoursed, the meeting was called to order with Dr. McDonald in the chair. In a very appropriate and feeling manner, on behalf of the people of the place, he welcomed Mrs. Bonnell and the word to good acceptance, and he loves us all. His sermon was myself to their hearts and homes, after hich was held a very enjoyable a blessing to us every one. It was full which he presented us with a donation, in goods and cash amounting to twenty dollars. This coming as a spontaneous expression of good will and christian To avoid forgetting, do it before the nity, church and choir, for the a minister of God, and as he called to fellowship, altogether independent of the church, is very much appreciated by us. May the Lord reward them all is | this.

## MARCH RENEWALS

AND SOME OTHERS, TOO.

A considerable number of subscripwe hope to have prompt renewals. If yours is one of them, will you kindly attend to the renewal at once? By doing so you will greatly oblige us.

We wish, also, to again ask the attention of those whose subscriptions are overdue to the importance of forwarding them without further delay.

A number of our friends whose payments were due in January and February have not yet been heard from. We feel sure it has been unintentional neglect in most cases - per haps in all. Be good enough to remedy the mistake by attending to the remittance this week. Your doing so will help us very much.

Then, there are some whose payments were due before the new year came in. We desire very much to hear from them-and need to.
