Howie of Chicago is now claiming to be the first of his kind. Addressing his followers Sunday, 2nd inst, he said,— "I am Elijah, the Prophet, who appeared first as Elijah himself, second as John the Baptist, and who now comes in me, the restorer of all things. I am a prophet, John was a teacher, but I combine in myself the attributes of prophet, priest and ruler of men. Gaze on me then; I say it will be as in the days of old. I am that which is the living physical and spiritual embodiment of Elijah, and my commission on earth a third time has been prophesied by Malachi, by Daniel, by His Son, Jesus, and by His Father, 3,000 years ago by Moses. I am he who believe me to be in very truth of this will stand up."

And over 3,000 deluded people rose their feet cheering and endorsing blasphemous claims. He went on with more of the same, concluding thus: "Listen to the first message of the prophet. You must pay your tithes and offerings into the storehouse of God. Accursed be ye if ye would seek to build his house of its fullness by not paying this, his will, sent through the Spirit."

The presidents of Canadian universities have been invited to attend the annual anniversary of King Alfred Great, which is to be held in England the latter part of this month. The late King died on the 28th of October, at the age of 52, and was buried at Winchester, at which place the opening of the celebration is to be held on the 22nd inst.

General members of the Dominion Government.—Messrs. Fielding, Mills, and Blair, sailed for England Thursday. New York papers charge that Tammany receives 25 per cent. upon all the money made for the Fire Department. This sum is thus directly stolen from the City Treasury. The percentage on purchases for other departments is not so definitely ascertained, but is probably as much as can safely be taken. With 25 per cent. on city contracts, it is easy to see how Croker made his vast wealth.

Precautions are being taken to prevent the spread of small-pox in Canada and the United States. There have been 226 cases of small-pox in Quebec quite a number in Ontario this year. The Carleton Sentinel collected the figures of the census in Carleton county which show a falling off in the population of the county. The figures give a present population of 22,523, compared with 22,523 in 1891, a decrease of 1,263. Perhaps the figures are not complete.

—Efforts are just now being made among the Protestant denominations of this country to secure help for the completion of the statue of Luther, to be erected as one of the attractions of the new cathedral which is being built in honor of the Reformation, and its chief hero in Speyer-on-the-Rhine. The building is now being roofed, and when finished in a year or two, it will fitly mark the spot where, nearly four hundred years ago, the Diet called together by Charles V. assembled to take measures for crushing out the Reformation.

FROM REV. G. SWIM.—I enjoyed my visit to Nova Scotia very much. It was a pleasure to meet old friends. My aged mother still lives, although nearly four score years old. She is waiting patiently the Lord's time. I spent Sunday, May 19th., on the Sanford and Chegoggin pastorate, and enjoyed the privilege of preaching the word of life there. The people spoke very tenderly of the late Rev. G. F. Currie. He did good work on that pastorate, and the churches respect his memory. I was very kindly entertained in the christian home of Bro. Adolphus Corning. Bro. Corning and family did all they could to make my visit pleasant.

The work in the Moncton and Dover pastorate is moving along in the usual way. I attend two prayer meetings during the week. The Sunday services are largely attended. I am very busy, but I enjoy the work. The spiritual condition of the churches is better than for some time. We are hopeful. Brethren, pray for us. GIDEON SWIM. Moncton, June 8th.

WEAK FROM INFANCY

The Unfortunate Condition of Miss Ernestine Cloutier.

AS SHE GREW OLDER HER TROUBLES BECAME MORE PRONOUNCED—DOCTORS SAID HER CASE WAS ONE OF GENERAL DEBILITY, AND HELD OUT SMALL HOPE OF RECOVERY—SHE IS NOW WELL AND STRONG—A LESSON FOR PARENTS.

From the Telegraph, Quebec. No discovery in medicine in modern times has done so much to bring back the rich glow of health and the natural activity of healthy young womanhood to weak and ailing girls as has Dr. Williams' Pink Pills. Girls delicate from childhood have used these pills with remarkable beneficial effects and the cherished daughter of many a household has been transformed from a pale and sickly girl into a happy and robust condition by their use.

Among the many who have regained health and strength through the use of Dr. Williams' Pink Pills is Miss Ernestine Cloutier, the fifteen year old daughter of Mr. G. A. Cloutier, residing at No. 8 Lallemand street, Quebec city. Mr. Cloutier in an interview with a representative of the Telegraph gave the following account of his daughter's illness and recovery: "Almost from infancy my daughter had not enjoyed good health, her constitution being of a frail character. We did not pay much attention to her weakness as we thought that she could outgrow it. Unfortunately this was not the case, and as she grew older she became so weak that I got alarmed at her condition. For days at a time she was unable to take out of doors exercise; she became listless, her appetite failed her, and as time went on she could not stand without supporting herself against something and at times she would fall in a faint. I called in a doctor, but his medicine did not help her and she was growing weaker than ever. Another physician was then consulted who pronounced her case one of general debility, and gave me very little hope for her recovery. Some months ago while reading one of the daily papers I came across the case of a young woman cured by the use of Dr. Williams' Pink Pills, so I determined to give them a trial. After she had used about three boxes the color began to come back to her cheeks and she began to grow stronger. Greatly encouraged by this, she continued to use the pills for several months and now she is as well as any girl of her age. Her appetite is good and she has gained thirty-five pounds in weight. Dr. Williams' Pink Pills have built up her system and have made her healthy and active after doctors failed to benefit her. I believe that Dr. Williams' Pink Pills are the greatest known medicine for growing girls and I would advise their use in all cases similar to that of my daughter's."

Miss Cloutier's story should bring hope to many thousands of other young girls who suffer as she did. Those who are pale, lack appetite, suffer from headaches and palpitation of the heart, dizziness, or a feeling of constant weariness, will find renewed health and strength in the use of a few boxes of Dr. Williams' Pink Pills. Sold by all dealers or sent by mail, post paid, at 50 cents a box or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.
