N. B. LEGISLATURE

MONDAY. - Mr. Hazen enquired whether the government intends to cause a thorough investigation of the facts in connection with the Rothesay list of voters; to take steps to ascertain and punish the person or persons who were guilty of the fraud; and what proceedings the government intends to take for this purpose, and when ?

Mr Pugsley replied that it was inended to do whatever could be done. Mr. Labillois replied to Mr. Hazen's enquiries concerning tenders for bridges, giving names of tenderers, the prices &c.

Mr. Tweedie's bill for cold storage warehouses was read a second time. It provides that the government shall be authorized to grant aid to the New Brunswick Cold Storage Co., to enable it to erect a cold storage warehouse in the city of St. John, and also warehouses at other central points within the province.

Mr. Hazen gave notice of the followng motion:

Resolved, that in the opinion of this house, it is desirable in the interests of the public justice and morality that the hon. the actorney general shall discharge his duty as the law officer of the crown by causing immediate steps to be taken for the punishing of the criminal or criminals concerned in the Rothesay election lists fraud, and that there are now sufficient facts publicly known to warrant the commencement of a preliminary investigation before a magistrate. TUESDAY. - Mr. Tweedie laid the auditor general's report before the house.

WHOLE No 2493

first of June, 1900. Mr. Richard has since resigned.

Mr. Dunn introduced a bill relating to hard labor sentences in St. John: Mr. McKeown a bill respecting the harbor of St. John ; Mr. McKeown a bill giving certain powers to the supreme court relating to assessments of rates and taxes in St. John : Mr. McKeown a bill to authorize the city of St. John to supply water to certain inhabitants of Lancaster, and a bill reducing the penalty for drunkenness in St. John to \$2 or seven days' imprisonment ; Mr. Bumphrey a bill reating to the city of Moncton.

The cold storage bill was considered in committee. Mr. Tweedie said that the rights of the province had been guarded, and the outcome of the bill would be of great benefit to the people of New Brunswick, especially to fishermen and farmers. Refrigerator cars would be placed on the I. C. R., which would convey goods intended for cold storage directly to St. John, where they would be stored until required.

Mr. Hazen agreed in regard to the benefit of cold storage, but thought that this bill went further than it ought. Last session the legislature passed an act guaranteeing interest on the bonds of the company at four per cent. to the extent of \$60,000. Now they ask us not only to guarantee the interest but the bonds themselves. That is asking for aid far greater than was ever given to any company before. The province will practically have to pay all the cost, while the stockholders may sell out at any time and put the money in their pockets. Mr. Tweedie said there need be no fear of the province losing by the transaction, for if the property is a valuable one and the rights of the province are safeguarded there can be very little difference between guaranteeing the principal than the interest.

There has been no funeral proces-NS AND SU INE BOTT conarch for 140 years. The last L SON.

ras at the funeral of George I1, ho died on Oct. 25th, 1760, and as buried with great pomp at Vestminster Abbey. All succeedg monarchs were buried at indsor.

A wealthy heiress in Spain was duced by her confessor, a Jesuit, tate secon Madrid has ordered the girl to be estored to her mother. During er stay in the convent she was ot permitted to speak to any one xcept in the presence of a nun. A tter written to her mother did ot reach its destination.

> Among the achievements of the neteenth century, it is not to be orgotten that no fewer than thirty. aree long forgotten cities have een discovered and identified, ome of them with architectural emains of surpas ing grandeur, nd expressive of the civilization ad social order that there prevailed. the admirable workmanship of ncient times and climatic condiions kept these cities from decay, o that they became silent but faithul tellers of stories long lost to history, and many of them even to radition.

The number of women students in ae Universities of Germany and ferman Switzerland is es imaged or the present term at about 1,700 he Swiss Universities, which .led be way in the admission of women o University privileges, have 647 ut of a total of 2,835. Of these only 75 belong to the country, of aly five women students. Most of delinquency. the Russians are studying medicine.

Sequel-There were 55,000 arrests for drunkenness in 1899, and this on in connection with a British indicates the least part of the mischief.

OLD, BUT TRUE.

Here is what John Wesley said :

Detesting slavery, he denounced it as "the sum of all villainies." As to the liquor traffic, he said : "All who sell liquors in the common way, to any who will buy, are poisoners in general. They murder His Majesty's subjects enter a convent without the by wholesale; neither does their eve nowledge of her family. After pity nor spare. They drive them to sensational trial the High Court hell like sheep. And what is their gain? Is it not the blood of these men? Who, then, would envy their large estates and sumptuous palaces A curse is in the midst of them. The curse of God is in their gardens, their groves-blood, blood is there ! The

> foundation, the floors, the walls, the roof, are stained with blood."

THE WHIPPING POST.

A preacher in Hartford, Conn, addressing a ministerial meeting, advocated establishing the whipping-post for the punishing of drunkards. Would it not be better, suggests the Telescope, and more humane to establish the whipping-post for the punishment of the men who engage in the drunkardmaking business, and especially for the punishment of the preachers who fail to inveigh against the legalized rum traffic ? Whipping drunkards for getting drunk is quite too much like "kicking a man when he is down" to

suit our sense of fair play. No one feels like whipping a cripple for slipping down on a banana peeling carelessly thrown on the sidewalk. It is the fellow who threw the peeling there who should be punished. So it is the

fellows who "for filthy lucre's sake" hom 19 are studying medicine and run the saloons and entrap the boys help on the work of the Balasore and 55 philosophy. The others rep- and make drunkards of them, and the esent many lands. Russia and preachers who fail to cry out against oland supply 300. The favoured the monstrous legalized traffic, who niversities are Berne, with 380, are to blame for the drunkenness, and and Zurich with 222. Basle has not the poor victims of their greed and

What shall I say we see in Balasore during the day? Carts drawn by bullocks with humps on their backs palkies carried by four men in which. maybe, are men going on business, or a bride going to be married, or a Zenana woman closely covered. We see men carrying their loads suspended from he ends of a piece of bamboo which lies across their shoulders, bands of strolling singers or people going to some religious festival. We see humanity with swollen limbs, eyeless sockets, people full of leprosy or covered with the scars of disease until we wonder if there is a sound human

There are two ordained native ministers in Balasore-our faithful Joseph Fullonton and dear old Kamal Nayak. The church is doing well. A larger percentage of the community is 171. This church was organized in 1830, so that for more than 60 years heaven has been gaining the saved ones as they have been lost to us.

body in India.

There are four Sunday Schools in

and three held in school houses among the Hindus. There are 274 in the Balasore church S. S., and 106 in the four schools, the same persons, no doubt, teaching in more than one. Monthly lesson leaves can be had now in Oriya, and a picture leaflet for the smaller children. Written examinations are held regularly each quarter in the main school.

The Christian Endeavor Societies church. One holds its services in English and the others, one for young men and one for young women, in Oriya. There are seventy-nine members in the three societies, and of these thirteen were baptized during

> Lougher goes toward night and sweetly plays her violin, which calls in great numbers of people. Then the preacher gives them a short talk, leaflets are given, and books sold. More music calls in more people, and more is told of Jesus and His love.

Our missionary from New Brunswick is Miss L. E. Gaunce. She is now in charge of the Sinclair girls' orphanage. There are forty-two girls. including boarders, in the home. Three of the girls have been baptized during the year. The children gave, of their own accord, five rupees for the famine sufferers. This means much self-denial, as very little money comes

to them.

The Balasore girls' school includes the orphan children and the girls from attend church services there than here the Christian community. It corresat home. During the year 1900 there ponds to primary, intermediate, and were twenty-six added to the church grammar school grades here. It stands by baptism. The present membership high among girls' schools in Orissa.

> Nine Zenana teachers in Balasore go into the prison homes of the higher castes and the mud houses of the poor and brighten the lives of the

women and children there. Many Balasore-one held in the church for who cannot go to any schools are the Christian community particularly, taught the common branches, and the people are told of Jesus. 133 pupils are regularly taught. Many more look on and listen.

> out of the Hindu homes in Balasore and vicinity reading the Bible, singing hymns, telling of Jesus, and praying with the people. In the cold season some of them go into the country villages doing the same blessed work. They distribute many leaflets, too and carry Christian books into the have been taught to read. When a book has been read it is taken by the Bible women and another book supplied. Some who hear are indifferent, some curious, some interested. And

Mr. Labillois laid the report of public works on the table of the House The attorney general introduced a bill for the preparation of a legal list of voters for the parish of Rothesay. Mr. Pugsley explained the bill. I equires that each sheet of the list should be signed by the magistrate before whom the revisors made oath and also by the revisors themselves. This provision would apply to all future lists.

Mr. Pugsley introduced a bill to provide for the establishment of district courts. The bill was referred to a select committee.

Mr. Pugsley introduced a bill relating to public officers on the demise of the crown. The bill provided that these persons who were public officials should continue in office notwithstand ing the demise of the crown, also that the oath of allegiance could be taken before the clerk of the peace or any magistrate and that the fee should be twenty-five cents.

Mr. Porter was appointed chairman of the committee of supply. The house went into committee on a bill to extend the close season for

beaver until July 1904. Mr. Tweedie introduced a bill to provide for the development of the coal area in the county of Queens and Sunbury. He explained that the object was to insure the construction of a railway to enable the coal of thes areas to be taken to market. The government will guarantee the principal and interest of the first mortgage bonds of any company authorized to construct a line of railway from the terminus of the Central railway at Chipman to Gibson or a point at on near Penniac, on the Canada Eastern railway.

WEDNESDAY. - The bill to incorporate the Fisherman's Bait Association was considered. Mr. Pugsley explained Seven Bible women daily go in and that the object was to enable associations of fishermen to become incorporated. Agreed to.

The bill to prevent the necessity of issuing new commissions to public officers, justices of the peace and others in consequence of the demise of the crown, was discussed. The bill provides that all officers could take the oath of allegiance before a justice of the peace, and the justices would make homes where the women and girls a return so that a record might be the statistics of the results of the work kept by the government.

All the sections of the bill were agreed to except 2, 4 and 5, which stand for further consideration.

petition against a bill to incorporate have been provided with permanent

Mr. Purdy thought it would be better for the government to build the warehouse out and out.

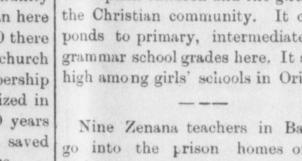

After further discussion the bill was considered section by section and greed to.

The committee considered a bill to provide for the development of coal areas. Progress reported.

The house adjourned until Monday.

CHAPEL CARS.

Nine years ago the first chapel car was started. There are now eight of them travelling over the railroads in the Western States and in the pineries and woods of northern Wisconsin and Minnesota. They are made after the pattern of an ordinary car, only on a larger scale. They are made of the best material and workmanship. They are 80 feet long from end to end, having a 70 foot body. This space is divided into a 50-foot chapel, with seats provided for one hundred people. At one end 20 feet of the length of the car is set apart for the use of the evangelist and his family. They are never allowed to get out of repair but are sent to the shop to receive a coat of paint and varnish whenever needed. They are fitted with six-wheel trucks and air brakes. The cost of the cars is \$7,000 each. The railroad companies have become interested in the movement, and the cars are hauled from place to place free of charge. They usually stay five or six weeks in a place. The "church on wheels" is often the forerunner of a permanent ehurch, and the basis of the religious and social sentiments of the places visited. No record has been kept of the number of miles that have been travelled by these cars, but some of done are obtainable. Through the work of the chapel cars 70 churches have been organized, 54 meeting THURSDAY.-Mr. Ryan presented a houses have been secured, 55 pastors
