

FRAIL LITTLE ONES.

THEIR HOLD UPON LIFE IS SLIGHT, AND MOTHERS HAVE A GREAT RESPONSIBILITY.

Every baby—every little one—requires constant care and watchfulness, and when a trace of illness is noticeable, the remedy should be promptly applied. The little ones are frail. Their hold upon life is slight. The slightest symptom of trouble should be met by the proper corrective medicine. Baby's Own Tablets have a record surpassing all other medicines for the cure of children's ailments. They are purely vegetable and guaranteed to contain no opiate or poisonous drugs such as form the base of most so-called "soothing" medicines. For sour stomach, colic, simple fever, constipation, all bowel troubles, the irritation accompanying the cutting of teeth, sleeplessness and similar symptoms, these Tablets are without an equal. They act directly upon the organs which cause the troubles, and gently but effectively remove the cause and bring back the condition of perfect, hearty health. Every mother who has used these Tablets for her little ones praises them, which is the best evidence of their great worth. Mrs. David Duffield, Ponsoby, Ont., says: "Baby's Own Tablets are a wonderful medicine. I think they saved my baby's life, and I gratefully recommend them to other mothers. Ask your druggist for Baby's Own Tablets. If he does not keep them, send 25 cents direct to us and we will forward a box prepaid. We have a valuable little booklet on the care of children and how to treat their minor ailments, which we will send free of charge to any mother who asks for it. The Dr. Williams Medicine Co., Brockville, Ont."

News of the Week

NEW BRUNSWICK

The war office has asked the department of agriculture to purchase half a million bushel oats to be shipped from St. John.

Reports from the upper St. John are to the effect that the river had not risen sufficiently to enable anything worth speaking of to be done to the logs, now high and dry. It will take a rise of four feet anyway, and the rain only raised the river two feet. Lumber is piled up high out of the water on the Aroostook Falls.

Two more cases of smallpox were discovered in St. John last week, one on City Road and one on Waterloo St.

Mr. Bradford Palmer, Hampstead was badly injured by an infuriated bull a few days ago, and has since been confined to his bed. The animal fortunately had no horns, but striking Mr. Palmer tossed him several yards bruising him badly.

St. John is confronted with what may develop in a few days into a dangerous epidemic of smallpox. Four new cases were reported Friday, one being on Waterloo street, one on Marsh street, and the others in most serious locality—among the nurses of the General Public Hospital. The whole hospital has been strict quarantined. In all there are about ninety persons affected by the hospital quarantine. These include the two resident physicians, Drs. Lunney and Bayfield, the matron and ten regular nurses, exclusive of those ill, two district nurses will also come under the quarantine, fifty-seven patients and a staff of twenty assistants, cooks and general help. Among all these no cases have as yet developed, but there will of course be great anxiety until the time of probation is over.

Besides smallpox, diphtheria is quite prevalent in St. John.

After a four days' investigation by Coroner B. S. Palmer into the finding of a child's skull at Hampstead last September, the jury returned a verdict last week to the effect that the cause of death and the percentage of the child were unknown to them.

DEATHS.

ESTABROOK.—At Palmer Settlement, C. Co., Oct. 15th, Lewis, beloved wife of Stephen Estabrook in the 44th year of her age. Sister Estabrook suffered long and severely from lingering consumption, but with her strong faith in God, it was all borne with much patience, endured without murmuring, and with a most blessed resignation. In young womanhood she was baptized by Rev. J. T. Parson and she lived and died trusting in the Saviour, whom she had early learned to love. A. W. C.

CLEMENTS.—On the 18th ult., at the Maine General Hospital Portland, Me., of cancerous growth, Mrs. Annie True Clements, aged 48 years, youngest child of the late Parley True, of Lincoln, N. B. Mrs. Clements was a member of the Lincoln Free Baptist church. For a number of years she had been away from her people in the States. Her body was brought home to be laid peacefully away in its last resting place until the resurrection morn. The sermon was preached by the writer to a large number of sympathizing friends. Just one month from her death her youngest brother Charles True died in the West, and was brought home for burial. The sudden and unexpected death of this brother and sister has cast a gloom over the community. We are thankful that their friends sorrow not as those that have no hope. May it please the Lord to bless the only brother, Mr. Howard True, and the two sisters who remain, Mrs. B. Palmer, of Jacksontown, and Mrs. Henry Mitche, of Lincoln. J. N. BARNES

HOYT.—At Ruisagomis, S. Co., of consumption, on the 22nd of September, Chester Hoyt, son of the late Evan D. Hoyt, of Blissville, aged 21 years and 11 months. His end was peace. His funeral was attended by the writer; text Amos 4:12. The sermon was preached at Ruisagomis, but the body was buried at Blissville. I first saw him in the early part of last winter. For a time he kept out of my way, but at length consented to

Barnum's Monkeys

"All well—all happy—lots of fun". That is the regular report from the monkey cage of Barnum's Circus ever since the keepers began dosing the monkeys with Scott's Emulsion. Consumption was carrying off two thirds of them every year and the circus had to buy new ones.

One day a keeper accidentally broke a bottle of Scott's Emulsion near the monkey cage and the monkeys eagerly lapped it up from the floor. This suggested the idea that it might do them good. Since then the monkeys have received regular doses and the keepers report very few deaths from consumption. Of course it's cheaper to buy Scott's Emulsion than new monkeys—and that suits the circus men.

Consumption, in monkeys and in man is the same disease. If you have it or are threatened with it can you take the hint?

This picture represents the Trade Mark of Scott's Emulsion and is on the wrapper of every bottle. Send for free sample. SCOTT & BOWNE, TORONTO CANADA 50c and \$1. all druggists.

see me, and give me a chance to speak to him. He has at that time, apparently, no thought or concern about his condition spiritually; but as I continued to visit him the light began to break into his mind; he sought and found a Saviour, and a considerable time before he died he was very peaceful and often expressed to others his hope in the Lord Jesus Christ. The last time I saw him before his death his first words were, "O, I am so glad I have found the Saviour. He has pardoned all my sins." My soul was full of gladness to know he was saved, and that Jesus can and does save, even at the eleventh hour, all who will trust Him. J. N. BARNES.

A DAUGHTER'S DANGER A Chatham Mother Tells how her Daughter, who was Troubled with Weak Heart Action and run Down by Nervousness was Restored to Health.

Every mother who has a daughter languishing and fading—pale, weak and whose health is not what it ought to be should read the following statement by Mrs. J. S. Heath, 39 Richmond, Chatham, Ont.: "Some time ago I got a box of Milburn's Heart and Nerve Pills at the Centre Store for my daughter, who is 20 years of age, and had been afflicted with weak action of the heart for a considerable length of time. These pills have done her a world of good, restoring strength, healthy color to her heart, improving her general health and giving her physical strength and our expectations. They are a splendid remedy, and one suffering from weakness, or nervous trouble I cordially recommend them." Milburn's Heart and Nerve Pills, a box or 3 for \$1.25, at all druggists.
