SPRING WEATHER

Is Your System in Shape to Carry You Safely Through.

THE PRACTICE OF TAKING A TONIC IN SPRING IS DESCENDED FROM OUR WISE FOREFATHERS AND HAS GOOD MEDICAL ENDORSEMENT—A FEW SUGGESTIONS REGARDING HEALTH.

The practice of taking a tonic during the inclement weather of early spring is one that has been bequeathed us by our forefathers, who lived in days when a sturdy constitution and vigorous health meant even more than they do to-day. The custom has the highest medical endorsement, and the healthiest people are those who follow it. Thousands, not really ill, need a tonic at this season. Close confinement in badly ventilated houses, offices, shops and school rooms during the winter months, makes people feel depressed and "out-of-sorts." Nature must be assisted in throwing off the poison that has accumulated in the system, else people fall an easy prey to disease and are subject to many discomforts from boils, eruptions, and similar troubles. Dr. Williams' Pink Pills for Pale People are the best tonic medicine known to medical science. These pills make rich, red blood and strong nerves. Through their use in springtime, jaded, listless, easily tired men, women and children are made bright, active and strong. Evidence of the wonderful health restorative virtue of these pills is given by Mrs. J. Langlois, 659 Lafontaine street, Montreal, who says: "Before I began using Dr. Williams' Pink Pills I was under the care of two doctors, who told me my trouble was developing into consumption. I was very pale and feeble, had no appetite and could hardly stand on my feet. I was very much discouraged and thought death was staring me in the face. I had often read of Dr. Williams' Pink Pills, and finally decided to try them. After I had used three boxes my appetite was much better, and I felt a little stronger. I continued the use of the pills for three months when I felt fully cured. When I began using the pills, I only weighed 92 pounds, and when I discontinued them my weight had increased to 119 pounds. I also gave the pills to my baby, who was pale and sickly, and they made him a bright, rosy, fleshy child. I think there is no weak or sickly person who will not find benefit from Dr. Williams' Pink Pills."

It is a waste of money to experiment with other so-called tonics which are all cheap imitations of Dr. Williams' Pink Pills. Insist upon getting the genuine, and if they are not sold by your dealer send direct to the Dr. Williams' Medicine Co., Brockville, Ont., and the pills will be mailed post paid, at 50c. a box, or six boxes for \$2.50.
