Brought about through the use of Dr. Williams' Pink Pills.

MRS. PETER BEAMER TELLS HOW THESE PILLS RELEASED HER FROM YEARS OF NEURALGIC PAINS AFTER DOCTORS AND OTHER MEDICINES HAD FAILED.

Among the best known and most respected residents of the township of Gainsboro, Lincoln county, Ont., are Mr. and Mrs. Peter Beamer. For a long time Mrs. Beamer was the victim of a complication of diseases, which made her life one of almost constant misery, and from which she nearly despaired of obtaining relief. To a reporter who recently interviewed her, Mrs. Beamer gave the following particulars of her illness, and ultimate cure:—"For some nine years I was troubled with a pain in the back, and neuralgia, which caused me unspeakable misery. The pain in my back was so bad that whether sitting or lying down, I suffered more or less torture. My appetite left me, and I suffered from headaches accompanied by attacks of dizziness that left me at times too weak to walk. My nervous system was badly shattered, so that the slightest noise would startle me, and my sleep at night was broken by sheer exhaustion. I was under the care of three different doctors at various times, but did not succeed in getting more than the merest temporary relief. I also used several advertised medicines, but with no better results. I was finally urged to try Dr. Williams' Pink Pills, and got half a dozen boxes. In the course of a few weeks I noted considerable improvement, and as a consequence, I gladly continued the use of the pills for several months, with the result that every symptom of the malady left me, and I was able to do my housework without the least trouble. A severe ailment has passed since I have used the pills. I feel safe in saying that the cure is permanent, and the result also verifies the claim that Dr. Williams' Pink Pills cure when other medicine fails." The reporter can only add that Mrs. Beamer's present condition indicates a state of perfect health, and speaks louder than mere words of the benefit these pills have been to her.

Dr. Williams' Pink Pills have restored more weak and ailing women and girls to robust health than any other medicine ever discovered, which in part accounts for their popularity throughout the world. These pills are sold by all dealers or may be had by mail at 50 cents a box, or six boxes for \$2.50, by addressing the Dr. Williams Medicine Co., Brockville, Ont.

Rev. H. H. Cusman of the St. John Sailors' Home received word last week from Capt. Robert Glass, of the schooner Stephen Bennett, New London, January 10 that Seaman Percy Flagg, while refitting the mainsail on the night of the 18th fell overboard and was drowned. Mr. Flagg was about twenty-one years of age and belonged to North Head, Grand Manan and was unmarried.

The Sackville Post says: The small-pox scare is about over. The doctors who have been vaccinating on the trains between Moncton and Amherst have been withdrawn. In Botsford the situation has greatly improved. It is understood the general quarantine will be raised in a day or two. There are a number of cases in the parish yet, and considerable precaution will have to be taken for some time. Port Egin and Cape Tormentinas are sufficiently under control to warrant the removal of the general quarantine. The house where the disease still exists will be quarantined strictly. A number of new cases have appeared at Cape Blvd., and the main road between that place and Shediac is kept closed.

Russian immigrants who, through lack of money, got no farther to the United States than the west side, St. John, are in a pitiable condition. Four of them, with children strapped to their backs, started to march to Boston, but were noticed by C. P. **Paine's Celery Compound**

Has Never Disappointed the Sick.

It Ever Retains the Confidence of the People.

Wherever once used the sick and suffering of all classes of our Canadian people are made to realize that Paine's Celery Compound does not belong to the ordinary patent medicine ranks, such as nerve pills, bitters and sarsaparillas. Paine's Celery Compound is as far beyond those ordinary preparations as the diamond is superior to cheap glass.

Paine's Celery Compound possesses extraordinary virtues and powers and peculiar to itself, for health-giving and lengthening life. It has saved men and women—young and old—after all other medicines failed. It has so much astonished physicians by its curative powers that they now prescribe and recommend it.

Professor Edward E. Phelps, M. D., gave Paine's Celery Compound to the world as a positive cure for sleeplessness, nervousness, liver and kidney troubles, neuralgia and rheumatism.

Thousands of thankful letters from people of every rank, give proof of the fact that Paine's Celery Compound "makes sick people well."

If you sigh and long for a new health, a better life is your sure reward if you use the medicine that has cured others. The use of one bottle will convince you that there is power and virtue in each drop. Beware of substitutes; see that your druggist gives you "PAINE'S" the kind that cures.

On Tuesday of last week, Daniel Mackenzie a miner at Joggtas Mines met with a tragic death. With other miners he was awaiting at the bottom of the pit to be hauled to the surface. Some rakes filled with coal were about to be hauled up and it is said, instead of waiting for the empty to go up, he jumped on one of the full rakes. When nearing the top of the slope he was thrown between the cars and his body terribly mangled, death being instantaneous. The deceased was 47 years of age, unmarried.

Sydney is on the eve of unprecedented development. Another coal company in magnitude of operations, is about being formed. Senator David McKeen, representing west by capitalists, has effected a consolidation of the coal interests known as the Moseley, McVey, White, Hickory and Keefe interests. These areas adjoin those of the Dominion Coal Company and cover an extent of over ten miles. The plant for the experimental work has been secured. The areas have been hitherto unworked because of the number of conflicting interests involved. Competent people predict that within eight months coal will be shipped from the new mines. Application will be made to Nova Scotia Legislature this winter for a charter incorporating this new company.

As a result of three big fires within a week, in which the estimated loss exceeded three million dollars, the Montreal fire insurance underwriters have increased insurance rates fifty per cent. on mercantile risks. They have also established a configuration district of the city, and levied an extra twenty-five cents per hundred on mercantile property situated therein. The action of the underwriters was largely determined by the necessity of improving the fire brigade, which lacks much necessary apparatus.

In Hamilton, Ont., Wednesday, the Dundas Lithographing Co. building was completely gutted by fire. The valuable plant and stock will be a complete loss. The loss will be about \$20,000.

An express train was derailed, two locomotives were wrecked, in Newfoundland Tuesday. The driver of one was killed, a fireman is likely to die and several other persons were injured.

The most disastrous fire that Montreal has witnessed for years occurred Wednesday night. It began in the wholesale clothing establishment of M. S. & Co., corner of L'Amore and St. Peter streets, in the business heart of the city, and at midnight the whole block of business establishments bounded by St. Peter St., St. Nicholas, and St. Paul streets, and including the magnificent Board of Trade building, valued at over a million dollars, are in ruins. Over a dozen big wholesale establishments containing valuable stocks were destroyed, and the loss will amount to three million dollars.

The falling off in last season's wheat crop of Manitoba and the Northwest as compared with the preceding year is large. The Winnipeg Commercial of January 5 says: For the four months of the crop year, ended Dec. 31, 1900, a total of 7,803 cars of wheat have been inspected, or say, 6,500,000 bushels. This includes all wheat which was moving forward from country points and shipped east or held in store at Winnipeg, Kewatin or Lake Superior p. r. s. It is estimated that about 3,000,000 bushels of wheat are held in store in country elevators west of Winnipeg, making a total of 9,500,000 of this crop marketed and shipped eastward or held in store at Lake Superior or western points. This does not include wheat ground by mills west of Winnipeg. The quantity of wheat held by farmers is limited, and will not likely bring total up to more than 12,000,000 bushels, when the balance crop is in exclusive home requirements for bread, seed and country mills. To the end of December 1899, about 17,000,000 bushels of wheat had been shipped from country points, and about 6,000,000 were in store in country elevators making a total of 23,000,000 of the crop of 1899 shipped or in store west of Winnipeg at the end of that year.

**YOU'RE IT.**

If you're sore  
To the core  
With aching bones,  
And husky tones  
When you speak,  
And you're weak  
In the knees,  
And you sneeze,  
And often cough  
Your head near off,  
And you nose  
That your throat  
Feels quite raw,  
And your jaw  
Feels as if  
You'd got a bit  
And dull pains  
Vex your brains,  
Then you've caught it,  
You have got it—  
It's the grip.

If you feel  
O'er your frame  
Like a flame,  
Tul you burn  
And you yearn  
For chunks of ice  
At any price,  
Then like a flash  
The shivers dash  
From head to feet,  
A chill complete,  
And you shake,  
And you quake,  
And there's a dire  
For a fire  
And something hot  
Right on the spot  
To quickly drink,  
And you think  
Right there, and then  
You'll never be warm again  
Then you've caught it,  
You have got it—  
It's the grip.

It's in the air,  
It's every where,  
The microbes of the grip.  
It's on another trip.  
And up and down,  
Through all the town,  
By night and day  
It seeks its prey,  
And it's the fad  
And you are sad,  
Or even mad.  
O: if you sneeze,  
O: cough or wheeze,  
O: feel too warm,  
Or chill alarm  
To wear a look of grim dismay  
And hoarsely say:—  
'I've caught it,  
I've got it—  
It's the grip.'
