INTERNATIONAL LESSON.

Third Quarter Lesson 8, Aug. 25 1901 ABRAHAM AND ISAAC .-

GFNESIS 22: 1-14. Print Verses 1-12.

GOLDEN TEXT .- By faith Abraham when he was tried, offered up Isaac .-Heb. 11:17.

LEARN BY HEART Vs. 6-8; Rom. 12:1; Pet. 1:1

THE SECTION includes Gen. 21: and 22: 119HISTORICAL SETTING.

Time. - Probably about B. C. 1871 Twenty-six years after our last lesson. The exact time is uncertain. It depends on the age of Isaac, who was born B c. 1896. He was certainly a young man at this time. If he was twenty-five, as Josephus says then the date of the present lesson would be 1871.

Place.—Abraham's home was now Beersheba instead of Hebron, as in our last lesson. It was a town on the southern border of Palestine, forty-five miles south of Jerusalem. Connection. 1. Within a year after the destruction of Sodom a son was born to Abraham and Sarah.

2 Abraham removed from Hebron, and made his home at Beershe ba, where was a fine well, named Beersheba, that is, well of the oath, on account of the covenant Abra ham made with Abimelech a Philis tine chief. It is twenty-five or thirty miles southwest of Hebron.

3. Hager was sent away with her son Ishmael. We may only notice the instructive incident of Hager of heart, which God regards. and Ishmael almost dying of thirst, while a well of water was close at hand, unseen till the angel showd it to her. So often we mourn when consolation is close by us unseen.

man, in the quiet country life of his far as God intended. The event crew at P.ymouth, England, where father, till he had reached the age of 20 or 25 years.

THE SUPREME TEST OF ABRAHAM'S FAITH AND OBEDIENCE.—Vs. 1, 2. The sacrifice of Isaac was the supreme act of Abraham's life. The faith which bad been schooled during a long and trying life was here required and used.

1. Abraham was to be the founder of a great nation, through which God and true religion were to be made known. The higher the example set, the brighter would the light shine down the ages.

2 It is possible that Abraham himself may have needed the assurance and comfort of faith in his own consciousness.

And it came to pass after these things. The things described in the previous chapter. It must have been a number of years after. God did tempt Abraham. Tempt i. e., try,

or prove God often tries men, tests making them better. And said unto him. In some clear unmistakable manner, by vision, or by per son, thine only son. He was the only son by his wife Sarah; he was the son of promise; he was the only son left to his father's house. Whom thou lovest. The joy and comfort of his old age. Get thee into the land of Moriah. The mountainous trial than most great things. portion of Jerusalem, of which the hill Moriah, on which the temple was built, was a prominent part. And offer him there for a burnt great mystery to the one who suffoffering. As the most precious thing ers the trials. he possessed. 1. He was to give up the heir of his property and his name. 2. This was the son of his love. (3) This was the son of the promise, and to offer him seemed to render it impossible that the promise be fulfilled, so that both Abraham's faith and love were tested in the severest degree.

This whole transaction has been so perverted both in teaching and in action that it is well to look at it carefully to see just what it means.

1. The spirit of the test was sacrifice, perfect consecration, perfect faith, perfect obedience.

This is the essence of heroism, of patriotism, of love to God, and of love to man. It is not the pains, the losses, the sufferings, the death of the hero, or martyr, or patriot that we love to see, but the spirit that was willing to endure them for a noble purpose. The measure of love is the sacrifice one is willing to

make for the loved. 2. Abraham lived among idolaters who sacrificed to their idols their to be relieved of great trials ed, their first-born sons.

The shortest and all one hundred and fifty-four. Then surest way out of trials is perfect in September, 1696, the Adventure submission to God's will. This was bore away in search of the pirates who prowled between the Cape of And behold behind him a ram G od H pe and the Straits of Malacca.

But after a while strange tales which God set forth as in a figure the began to come back. It was said plan of the Mosaic economy for the that Kidd had turned pirate himoff ring of animal victims instead of self, that he had seized the Quidah human sacrifices. The spirit of Merchant, East Indiaman, and sacrifice was to be retained with other ships of his own nation. forms and methods that should be Finally the governors of all English colonies were ordered to seize him THE SUPREME BLESSING. The at sight. So when Kidd turned promises to Abraham were renewed towards America, in 1699, he left i is ship near Haiti, and with It was his blessing to be such a few men in a small sloop sailed up the east end of Long Island, New PRACTICAL LESSONS-1 Everything | York. Thence he sent an emissary must be tested before it is safe to to Boston, to Bellamont, protesting innocence, and asking if it were safe to come ashore.

Apparently Bellamont encouragd him. Kidd ventured to Boston. A week later he was arrested, to be sent to England. Political complications caused a years delay, but in May, 1701, he was put on trial at the Old Bailey, charged not only with pracy, but with burning houses, massacring peasantry, brutally treating prisoners, and murdering William Moore, a gunner on his

Kidd answered that his own crew forced him into piracy; that after (1) The trials of life are to prove they had cruised a year and found what we are, to see if we are fitted no pirates, and therefore no booty, by a weight, not to break it, but to their will. He admitted killin see if it is fitted to hold up more Moore, "as he sailed," but asserted precious things. Thus in this lesson that he had to do so to maintain Abraham was tested to see whether discipline. There seems no doubt he was worthy to be the ancestor of that his trial was grossly unfair. a mighty nation, and to fulfil the He was refused counsel and all hopes that rested upon him (2) The facilities for making a defense. Still meaning of trial is not only to test | the change of piracy failed, but he worthiness, but to increase it, as the was convicted of the murder of laid upon his altar. In God's sight oak tree is not only tested by the Moore, and Kidd and nine of his the gift is nothing, the sacrifice storms, but toughened by them. crew were hanged.

As for the "treasure" of this man, who may have been better than his reputation, some was buried at Gardiner's Island, some was carried and is the best known remedy for dyson his person, and some was stored pepsia, constipation and biliousness, twenty-three hundred ounces of silver, seventeen ounces of jewels (sixty nine stones), fifty-seven bags of sugar, forty-one bales of merch- tom of worms in children, Mothers andise and sixty-seven pieces of who suspect their child is troubled canvas, the total value being about with worms should administer Dr. fourteen thousands pounds.

Protecting His Rights.

Well, I was just watching what

You see, the women folks are cleaning house, and they've moved a lot of things out on the porchchairs, pictures, and such like-and they put one big looking-glass where it leaned against the porch railing,

glass side this way. I don't know how their chickens cotta Mills, Maine, found in the but anyway, they were out, and that Clave the wood, to have that which might have been placed there by as lofty as you please, when, just as was dry and would burn. And facts about his career. It seems looked around rather cautiously. But there was no other rocster in sight, none on the ground nor under the porch, and, after jerking his head this way and that, he seemed to think he had really driven off the Calvary surpass this. - God will sterling stuff must have been in the enemy. So he ruffled his feathers, provide himself a lamb. In v. 14 son. He went to sea, rose to be stretched his neck again, and began to crow over his victory, till all at once he spied the other tooster, and it was crowing, too.

'Twas funny to watch him, and I believe he'd been at it yet if some of the folks in the house hadn't seen him, and moved the glass for fear he'd break it.

'Twas only a rooster's foolishness, of course, said the old man, but it made me think of human beings that are always watching out for

Discovered by Accident

The retirement of Professor The angel of the Lord (Jehovah) dred and eighty-even tons, and Thomas C. Mendeahall from the presidency of the Worcester Polyechnic Institute has been a matter of extreme regret to educators, for he has long been regarded as one of the best mathematicians in the country. He was himself long ignorant of the possession of this talent, and only discovered it by the merest

Professor Mendenhall was the son of a poor farmer in Ohio, and was at work on the farm one day when a resident of a distant village drove up and struck a bargain with the elder Mendenhall for the purchase of a cow.

Now, said the visitor, I must get this cow home, but I can't take time to drive her twenty miles ahead of my team, and she can't go fast enough to be led behind. My lad, I will give you a dollar to drive her over to my place.

Thomas jumped at the chance, and the next morning started on his walk, barefcor, before daylight. Arrived at his destination, he received his dollar-the first money | DEAR SIR: he had ever owned—and was invited to stay overnight before returning. On his way to his room he passed a bookshelf on which lay a Euclid. He had never seen a geometry before, and something prompted him to take this one down and look inside. He carried the book to his room and pored over it as long as the candle held out. Then he dreamed of it for the rest of the

In the morning he timidly asked have both used your his host if his dollar would buy that volume. His joy was so great at learning that it would that he could with the most wonderful results, and scarcely eat his breakfast, and he in the case of the case of the latter I trudged home perfectly happy, with his precious volume under his arm.

That was his first step in science, and his accidental introduction to Enclid inspired him to work his ing from Dysentery, and it made a way through school and college and speedy cure. These and numerous enter upon the life of research which other instances show what wonderful has placed him in the front rank of medicines yours are. Trusting that American scholars. He now has the right to place a long string of honors and titles after his name, and is a member of half a dozen scientific associations. - Saturday Evening Post.
