

A Run Down System

Shows that the Blood and Nerves Need Toning Up.

THIS CONDITION CAUSES MORE GENUINE SUFFERING THAN ONE CAN IMAGINE—HOW A WELL KNOWN EXETER LADY OBTAINED A CURE AFTER SHE HAD BEGUN TO REGARD HER CONDITION AS HOPELESS.

From the Advocate, Exeter, Ont.

"A run down system!" What a world of misery those few words imply, and yet there are thousands throughout this country who are suffering from this condition. Their blood is poor and watery; they suffer almost continuously from headaches; are unable to obtain restful sleep and the least exertion greatly fatigues them. What is needed to put the system right is a tonic, and experience has proved Dr. Williams' Pink Pills to be the only never-failing tonic and health restorer.

Mrs. Henry Parsons, a respected resident of Exeter, Ont., is one of the many who have tested and proved the value of Dr. Williams' Pink Pills. For many months she was a great sufferer from what is commonly termed "a run down system." To a reporter of the Advocate she gave the following story in the hope that other sufferers might benefit from her experience:—"For many months my health was in a bad state, my constitution being greatly run down. I was troubled with continual headaches, my appetite was poor and the least exertion greatly fatigued me. I consulted a physician but his treatment did not appear to benefit me and I gradually became worse, so that I could hardly attend to my household duties. I then tried several advertised remedies but without result, and I began to regard my condition as hopeless. A neighbor called to see me one day and urged me to try Dr. Williams' Pink Pills. Having tried so many medicines without receiving benefit, I was not easily persuaded, but finally I consented to give the pills a trial. To my surprise and great joy I noticed an improvement in my condition before I had finished the first box and by the time I had taken four boxes of the pills I was fully restored to health. I no longer suffer from those severe headaches, my appetite is good, I can go about my household duties without the least trouble; in fact I feel like a new woman. All this I owe to that best of all medicines, Dr. Williams' Pink Pills, and I would strongly urge other sufferers to give them a trial."

Dr. Williams' Pink Pills are recognized the world over as the best blood and nerve tonic, and it is this power of acting directly on the blood and nerves which enables these pills to cure such diseases as locomotor ataxia, paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after-effects of la grippe, palpitation of the heart, that tired feeling resulting from nervous prostration; all diseases resulting from vitiated humors in the blood, such as scrofula, chronic erysipelas, etc. Dr. Williams' Pink Pills are sold by all dealers in medicine or can be had by mail, post paid, at 50 cents a box, or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

THE REWARD STILL UNCLAIMED.

When Polson & Co., Kingston, offered the tempting reward of \$1,000 for a case of Catarrh, Bronchitis, Asthma or Throat Irritation that could not be cured by Catarrhzone many expected that it would soon be claimed. We are advised however, that Catarrhzone has given such universal satisfaction that no one has been able to make the claim. This explodes the theory that these diseases are incurable for even the worst cases yield to Catarrhzone; it cures them every time. Cures by the inhalation of medicated air which is breathed right into the lungs, bronchial tubes and nasal passages. Catarrhzone is pleasant and safe to use; quick to relieve; guaranteed to cure. Price \$1.00; small size 25c., at all druggists.

MISSION NEWS AND NOTES.

—The members of the foreign mission churches of the Presbyterian denomination increased ten per cent during the last year. There are few churches in the home land that can show such an increase.

—The Baptist Mission in Japan was prosperous last year. There were 204 added to the churches, raising the membership to 2011. This is a gain of over ten per cent. As already noticed, a wonderful work is now in progress there which promises to make the present year the most remarkable in the history of the mission.

—In the Missionary Review for August is an account of how a Christian man developed in his conception of his own relation to mission work. "At first he began to pray, 'Lord, save the heathen!' After a time he prayed, 'Lord, send missionaries to save the heathen!' Later on he prayed, 'Lord, if you haven't anybody else to send, send me.' Then he changed his prayer, 'Lord, send me; but if you can't send me, send somebody!' Finally he changed again and said, 'Lord, send whom thou wilt; but help me to pay my share of the expenses!' Then for the first time the gospel to him became a reality and giving to the missionary cause a pleasure."

—Dr. Mabie states that since 1890, 142,000 converts have been baptized and added to the churches in connection with the American Baptist Missionary Union. This is twice the number permitted any other society in Christendom to gather in. It is because of the large success attending the foreign work of our American brethren that broad-minded members of other bodies are contributing to their funds. Dr. Mabie refers to gifts from two Congregationalists of respectively \$20,000 and \$25,000. A Presbyterian has given donations of \$2,000 and of \$4,000, and now proposes to add \$5,000 more. While a Scotchman has contributed \$10,000. The American Baptists should be numbered and encouraged to do greater things. God has also given Canadian Baptists abundant proofs that He is ready to supplement their work with His ill-sufficient grace and power.

A SUGGESTION.—A large number of editors will heartily approve of the following note from the Religious Telescope and it is hereby commended to our correspondents. "While the church papers are usually generous of their space in setting forth local news and interests, they should not be asked to both give the space and write the articles desired. Newspaper clippings are all well enough to give the editors an insight to a local situation, but when the purpose is to secure publication for a news note or incident, the condensation and writing should be done before the matter in question comes to the hands of the editor: 'Brethren the editors have neither the time nor the patience to read yards upon yards of clippings from your local papers, giving ac-

DEATHS.

SMITH.—At Brunswick, Eau Claire Co., Wis., Aug. 6th, of consumption, Norenden, aged 44 years, son of W. J. and Emily Smith. He was born in Geary, N. B., and came to Wisconsin about 19 years ago. When quite young he professed faith in Christ, and often during his illness he was heard to say, "I am waiting for the call to depart and be with Christ." He was a constant reader of God's word, and loved its teaching. He leaves to mourn their loss a father, mother, brother and sister. His funeral services were conducted by Rev. Frank Cooksley, pastor of the Second Baptist church, Eau Claire, Wis.

GALLAGHER.—At the Victoria Hospital Fredericton, on the 19th, inst., Samuel S. Gallagher, aged 37 years. Brother Gallagher received injuries while working with lumber on the Aroostook river, Maine, which resulted in his death. He was brought to his home at Willamsburg, Stanley, where he remained for some weeks in a suffering condition, when his medical advisers recommended that he be taken to the Hospital, and after some ten weeks, of extreme suffering there, he passed to his reward. Brother G. was much esteemed by his large circle of friends. He leaves a sad-hearted widow and seven promising children, and a large number of relatives and friends to mourn their loss. He was a member of the Free Baptist church at Cross Creek, and his remains were interred in the burying ground at that place. The funeral was on the 21st, inst., it was said to be one of the largest ever known in that place. The services were conducted by the writer. T. S. VANWART.
