

GROWING GIRLS

Occasionally Require a Tonic Medicine.

IT WILL KEEP THE BLOOD RICH, RED AND PURE, STRENGTHEN THE NERVES AND PREVENT DECLINE.

Mrs. Hiram Rinkler, the wife of a respected farmer in South Pelham township, Wells county, Ontario, says: "It is with great pleasure that I give this tribute to the health restoring virtues of Dr. Williams' Pink Pills. When my daughter, Lera, (now thirteen years of age) began the use of your medicine, a little over a year ago, she was in a most wretched condition. In fact we were seriously alarmed lest she might not recover. The first symptoms were a feeling of languor and weakness, gradually growing worse. She became pale, lost flesh, had little or no appetite and was apparently going into a decline. Finally the trouble became complicated with a persistent sore throat, which gave difficulty in swallowing. I gave her several advertised medicines, but they did not benefit her. Then she was placed under the care of a doctor, who said her blood was poor and watery, and her whole system badly run down. The doctor's treatment did not help her any, and then acting on the advice of a neighbor, I began to give her Dr. Williams' Pink Pills. The confidence with which this medicine was urged upon us was not misplaced, as I soon noticed a distinct improvement in my daughter's condition. The use of the pills for a few weeks longer seemed to completely restore her, and from that time she has been a cheerful, light-hearted girl, the very picture of health. I will always recommend Dr. Williams' Pink Pills to other sufferers, feeling sure they will prove quite as efficacious as they did in my daughter's case. Mothers with growing daughters will make no mistake if they insist upon the occasional use of Dr. Williams' Pink Pills, they will help them to develop properly; will make their blood rich and pure, and thus ward off disease and decline. The genuine pills are sold only in boxes bearing the full name, "Dr. Williams' Pink Pills for Pale People" on the wrapper around each box. None other is genuine, no matter what some self-interested dealers may say. If in doubt send direct to the Dr. Williams' Medicine Co., Brockville, Ont., and the pills will be mailed post paid at 50 cents a box, or six boxes for \$2.50.

A young man named Brown of Brown's Flats, was injured Wednesday by a gun bursting. He was firing when the barrel burst, shattering his right hand. The last two fingers were blown off and the hand was split and lacerated.

The Gleaner says there are about 38,000,000 feet of logs in the St. John and its tributaries above the booms, and appearances suggest that the much larger quantity will not be available for the millmen this fall. There are now about 15,000,000 between Kingsclear and Andover. The balance is above the Grand Falls, and on the other corporation limit. The supply of logs at the Fredericton mills will not, it is estimated, hold out longer than the middle of October. On the S. W. Miramichi the lumber-men were more fortunate than those on the St. John. There were but 3,500,000 of last year's cut hung up.

Messrs. James Barnes and Edwin D. Barnes, Buctouche, W. T. Whitehead, M. P. P., F. P. Thompson, M. P. P., and R. A. Estey, Fredericton have applied for incorporation as the James Barnes Construction Co., Ltd., with a capital of \$40,000 in \$100 shares. The head office is to be at Fredericton. The company is to build railways, bridges, telegraph lines, etc.

A young man named M. McCutcheon is under arrest in St. John accused of forging an order for \$46.00 on Slipp and Flewelling. He has admitted that it was he who got the money letters from Capt. Brannen of the str. May Queen for which a young man named Harry Nelson was tried and acquitted.

While the case of Dr. J. H. Morrison of St. John against the Street Railway Company for damages for injury received two or three years ago was going on, the Dr. died. His death occurred Friday. He has been in poor health ever since the injury, and the continued strain of the trial during a part of which he had been on the stand subject to close examination proved too much for his weakened condition. Being unable to sleep he took a dose of morphine, which proved too much for him. He did not rally.

At Sussex Friday, on information of Rev. B. H. Nobles, Bertha Lake was arrested together with female occupants of her house. They were before Stipendiary Morrison on the charge of keeping and being inmates of a disorderly house. Bertha Lake was sentenced to six months' imprisonment. Two inmates admitted the charge and received the same sentence as Bertha Lake, but were given 24 hours to leave the place, while the Lake woman gets two weeks to leave on promising to close her house during that time.

A Woodstock despatch to the Globe Saturday, says: It may be stated now that the small pox is practically stamped out. Dr. Hand informs your correspondent that the quarantine would be entirely raised to-day, and that the last work in connection with the special preventive measures would be fumigating two houses. There have been no new cases for three weeks.

The Exhibition is being held in this city this week. It opened Tuesday, and will continue until Friday.

At Buctouche Kent Co. Friday, Damien D. Cormier and Oliver LeBlanc under arrest for setting fire to LeBlanc's building, were tried. Cormier pleaded guilty and was sentenced to the penitentiary for ten years. LeBlanc was discharged.

She passed away with the full assurance that "to die and be with Christ is far better." The funeral took place on the 27th Aug., 1910, the service being conducted by Rev. John Perry of Hartland. His subject was "Precious in the sight of the Lord is the death of His saints."—Ps. 116: 15.

Blood.

We live by our blood, and on it. We thrive or starve, as our blood is rich or poor.

There is nothing else to live on or by.

When strength is full and spirits high, we are being refreshed, bone muscle and brain, in body and mind, with continual flow of rich blood.

This is health.

When weak, in low spirits, no cheer, no spring, when rest is not rest and sleep is not sleep, we are starved; our blood is poor; there is little nutriment in it.

Back of the blood, is food, to keep the blood rich. When it fails, take Scott's Emulsion of Cod Liver Oil. It sets the whole body going again—man woman and child.

If you have not tried it, send for free sample, the agreeable taste will surprise you. SCOTT & BOWNE, Chemists Toronto. 50c. and \$1.00; all druggists.

A GOOD CORN REMOVER.

A marvel of cheapness, of efficacy, and of promptitude, is contained in a bottle of that famous remedy, Putnam's Painless Corn Extractor. It goes right to the root of the trouble, there acts quickly but so painlessly that nothing is known of its operation until the corn is shelled. Beware of substitutes offered for Putnam's Painless Corn Extractor—safe, sure and painless.
