

DENOMINATIONAL NEWS.

TOBIQUE RIVER N. B.—Perhaps some reader of the INTELLIGENCER, especially those who attended the last Conference, and heard so much about the Tobique field, have been looking for a communicatin from me.

As some INTELLIGENCER readers know I was laboring with the churches on this river during the last half of the past year. The cause is very low among the churches here.

The field is too large, and the preaching stations too far apart for one man to properly care for it. Not only is there need of two men here, but at least one of them should be a man of wide experience, in whose judgement implicit confidences can be placed.

Not as much has been done financially, as should have been done. This field is well able to support a pastor, and if they had the right man here as their pastor, the people would support him.

I am not now engaged as missionary-pastor on the field. I have taken the school at Riley Brook for this term, and hope to be able to do some work for Christ here.

HARRY M. MANZER.

FROM REV. S. J. CASE.—The letters which the brethren send weekly to the INTELLIGENCER are good. They encourage me to add my quota. This is my fourth year as teacher in the New Hampton Literary Institution.

Since September last I have been serving the Free Baptist church of this place as pastor. This, in addition to my regular school duties, has made busy days pass quickly.

How He will vitalize the possibilities of their young manhood and young womanhood! Four of the new converts were parents, and their children need just the help which christian parents alone can give.

We are hoping the best things for them. By way of reviving, the special services did us christians much good. The work is still encouraging.

New Hampton, N. H. February 8, 1901.

FROM REV. J. N. BARNES.—The work on the Lincoln and Rusiagornis pastorate is moving on slowly. We have had no series of meetings as yet, but have been enabled to keep up the regular meetings fairly well, notwithstanding the bad weather.

The churches at Oromocto and Rusiagornis are the two oldest churches in this field; that at Rusiagornis was organized by Rev. William Pennington many years ago; it is the largest church of the five, having considerably over 100 members.

When I pass into one of those rooms (it is a large house) my thoughts are carried back over the many years since it became a home, and the many of the Lord's dear servants who have wept and prayed here that God would bless and save this people.

Oromocto, Feb. 14th, 1901.

QUARTERLY MEETING.—The Yarmouth County Free Baptist quarterly meeting was held at Central Angley, Feb. 1st to 3rd. Sermons were preached by Revs. Edwin Crowell, J. E. Gosline, David Patterson, G. M. Wilson and J. W. Freeman, social worship being added at almost all these services.

MINISTERS.—Rev. John Henderson is still visiting his children in Massachusetts. A note from him dated Lawrence, Mass., Feb. 9th., tells that he is enjoying life there.

Licentiate F. Dunfield, writing from Lewiston, Me., reports himself in good health, and getting along encouragingly with his studies at Bates College.

Rev. A. M. McNinch, who is in his seventh year as pastor at Clark's Harbour, N. S., writes that the work is encouraging.

Rev. Gideon Swim, writing on the 15th. inst., says,—“I have been confined to my bed for over a week with an attack of la grippe. I was not able to preach on the 10th inst; I think, perhaps, I may be able next Sunday, though the doctor says I ought not. I am gaining strength slowly. Mrs Swim

has been sick also, and the children are not well. The people here, irrespective of creed, have been very kind to us during our sickness; they have helped us when we could not help ourselves. The Lord reward them.”

Doctors Baffled

A Case of Sciatica which Refused to Yield to Their Treatment.

THE PATIENT SPENT NEARLY THREE MONTHS IN A HOSPITAL WITHOUT GETTING RELIEF—DR. WILLIAMS' PINK PILLS RESTORED HIM TO HEALTH AND STRENGTH.

For upwards of a quarter of a century, Mr. Geo. McLean has been a resident of the town of Thorold. He is foreman in the lumber yards of McCleary & McLean, and is known not only to the citizens of the town, but by most of the inhabitants of the adjoining region as well.

Mr. McLean's friends know that he was afflicted with a severe type of sciatica, and know also that he has been released from the pangs of that excruciating trouble. Believing that his story would be of public interest, a reporter called upon him, and asked him to what agency he attributed his fortunate release from pain.

“Dr. Williams' Pink Pills, and I never hesitate to say so either.” Mr. McLean continued: “I was afflicted with sciatica for a number of years. The most severe attack occurred several years ago, when I was confined to my bed for several months. I suffered horribly with the trouble, and the only relief I could get was from morphine, either in tablets or hypodermically injected. I could not put my left foot on the ground without undergoing intense agony. I was treated by physicians, and at the hospital in St. Catharines, to which institution I had to be taken on a stretcher. I was in the hospital nearly three months, but without being cured. Then I returned home very much discouraged. I next tried electricity, but it had no perceptible effect. I also tried a number of advertised medicines, but with no better results. Finally I was urged to try Dr. Williams' Pink Pills, and as I was willing to try anything that seemed to offer hope of a cure, I got several boxes. I had been using the pills nearly a month before I found much relief, but from that on my recovery was rapid, and in the course of a few months, I was as well as ever I had been. I am now a strong, healthy man, and although I have since endured much exposure, I have had no return of the trouble, and feel that my cure is permanent. Dr. Williams' Pink Pills certainly were a blessing in my case, and I shall praise them when opportunity offers.”

Rheumatism, sciatica, neuralgia, partial paralysis, locomotor ataxia, nervous headache, nervous prostration, and diseases depending upon humors in the blood, such as scrofula, chronic erysipelas, etc., all disappear before a fair treatment with Dr. Williams' Pink Pills. They give a healthy glow to pale and sallow complexions. Sold by all dealers and post paid at 50c. a box or 6 boxes for \$2.50 by addressing the Dr. Williams Medicine Co., Brockville, Ont. Do not be persuaded to take some substitute.

The state of Kansas has forty-one prisoners who have been convicted of crimes demanding the death penalty, who are kept in jail because the previous Governors refused to sign death warrants.

“Proof of the Pudding Is in the Eating.”

It is not what we say, but what Hood's Sarsaparilla does, that tells the story. Thousands of people give the proof by telling of remarkable cures by Hood's Sarsaparilla of Scrofula, Salt Rheum, Dyspepsia, Catarrh, Rheumatism, and other blood diseases. Scrofula Bunches—“An operation helped my son temporarily, but Hood's Sarsaparilla cured.” Mrs. Lewis A. Carpenter, 51 Wadsworth St., Hartford, Conn.

Hood's Pills cure liver bile; non-irritating and only cathartic to take with Hood's Sarsaparilla.

DO NOT MISQUOTE FIGURES

Some advertisers are using the Inland Revenue Department's recent official report upon baking powders to show the comparative strength and qualities of these articles as they are sold in the Dominion. It is not fair, however, either to the Analysis or to the public in making this use of the official figures that they should be misquoted, as it is alleged has been done in some instances.

—The missionaries in China are writing much more cheerfully. Most of those who had to leave their work have returned to their posts, and they want re-enforcements as soon as possible to enter the open doors.

“Take a hole and put some lard around it, then fry in lard.” This simple recipe has brought thousands to grief, just because of the frying in lard, which as we all know hinders digestion. In all recipes where you have used lard, try

Some people cannot tell “God save the Queen” from “Yankee Doodle” just as some cannot tell Tea from Coffee. If you happen to be one of the latter, you won't like Red Rose Tea any better than any other brand and you had better do your grocer a kindness and take some old brand he would like to get clear of.
