

BENUMBED LIMBS

Trouble Resembling Paralysis in its Effects.

THE VICTIM LOSES STRENGTH IN HIS LIMBS AND IS USUALLY UNABLE TO DO ANY WORK—THE STORY OF A FORMER SUFFERER, SHOWING HOW THIS NUMBNESS CAN BE OVERCOME.

From "The Whig," Kingston, Ont.

There are few men in the city of Kingston better known than Mr. H. S. Johnson, the genial proprietor of the "B'n Ton" barber parlor, on Brook street. For several years he had been in failing health, being obliged to give over the entire work of his busy shop to his assistants. But this spring his health is so wonderfully improved that his many friends have been congratulating him on his restoration. In conversing with a reporter of the Whig recently, Mr. Johnson had the following to say concerning his illness and cure:—For many months I was practically paralyzed. Numbness took possession of my limbs, especially of my hands. From my hips down my body was without strength, and despite all that I could do, I was unable to keep my hands and feet from becoming icy cold. My appetite left me, and soon I had to give up work. My general health was of course failing, and I lost flesh. As you know, I am sixty-five years of age, and when a man loses strength at that age, it is a hard thing to build him up again. I tried several kinds of medicines, but they all failed to benefit me. The doctors whom I consulted were also unable to help me. I was growing discouraged when some of my old customers advised me to try Dr. Williams' Pink Pills. At first I refused for I did not believe any medicine on earth could help me, but at last friendly persuasion had its effect, and I bought a supply of the pills and began taking them. I soon found that they were benefiting me, and so continued their use until Dr. Williams' Pink Pills have made me a new man. I feel stronger and better day by day; I am gaining in weight, and once again I am able to attend to my old customers without the least trouble. I consider the pills my best friend, and would not be without them.

Dr. Williams' Pink Pills are the friend of the weak and ailing. They surpass all other medicines in their odor, strengthening qualities, and make weak and despondent people bright, active and healthy. These pills are sold by all dealers in medicine, or can be had by mail, postpaid, at 50 cents per box, or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

News of the Week

NEW BRUNSWICK

Geo. L. Pugh, of Nashwaaksis opposite this city lost his three barns, with all their contents, by fire Tuesday of last week. His little son was playing near the barn yard with matches, when some dry grass caught fire. A heavy wind was blowing and the flames were carried to one of the barns which was quickly consumed. The other two barns soon caught, and in an hour's time all were in ashes. One of the barns was a new one completed only a few weeks ago. The barns contained all Mr. Pugh's hay and grain crop of this season.

Thomas Vail, a farmer of Jacksonville Corner, Carleton county, was found dead in his stables a few days ago. The deceased was 55 years of age and unmarried.

W. H. Miller's shingle mill, barn and cook house, two miles west of Campbellton, was burned Tuesday afternoon. Four carloads of shingles were destroyed.

Near Canterbury Station, Claude Law, the 14 year-old son of Post Master Law was fatally shot Saturday. He and another young fellow were out hunting. Mansfield Grant was alone in the woods on a shooting expedition. Noticing the bushes move, Grant thought it was a deer and fired, two bullet striking young Law in the abdomen. When his companion reached him he was dead.

It seems that the Woodstock Tenth Field Battery and the Brighton Engineers will not be allowed to go in camp, as was hoped. Dr. Neilson, the chief medical officer of the militia, has pronouncedly definitely against a camp, at present. He says that in view of the number of cases of small pox in Carleton county, and that notwithstanding the precautions taken danger still lurks in many households and in the clothing of individuals, he cannot recommend that a concentration of the militia of this county should take place until at least two months after the stamping out of the last case.

DRUGGING WILL NOT CURE CATARRH.

Doctors say so. Victims of snuffs, ointments and tablets tell the same story. Catarrh is a germ disease. The germs excite disease in the lungs, throat, nasal passages and bronchial tubes. Germs are hard to get at, but destroy them and you cure the disease. How can it be done? By carrying powerful medication with the air you breathe direct to the diseased parts. You must be sure, also that the medication will kill the disease germs. Catarrhazone is guaranteed to do this, that's why it has created such a sensation in the medical world. You simply breathe Catarrhazone; it destroys the germs—it heals—in a word it cures. Now you know everything about Catarrhazone, except what you can learn by using it. Catarrhazone never disappoints and is guaranteed to cure Catarrh. Price \$1.00; Small size 25 cents, at druggists or Polson & Co., Kingston, Ont.

NEURALGIA ALMOST DRIVES PEOPLE MAD.

Only those who have suffered it know of the darting, distracting pains and aches neuralgia inflicts. Ordinary remedies don't even relieve. It requires an extraordinarily strong strong, penetrating liniment to drive out the pain. To get relief rub Polson's Nerviline on the spot. Pain can't resist Nerviline which has five times the strength of any other liniment. Drives out neuralgia in half an hour. Never fails! Never harms! Always successful. Try a large 25 cent bottle.

How To Gain Flesh

Persons have been known to gain a pound a day by taking an ounce of SCOTT'S EMULSION. It is strange, but it often happens.

Somehow the ounce produces the pound; it seems to start the digestive machinery going properly, so that the patient is able to digest and absorb his ordinary food, which he could not do before, and that is the way the gain is made.

A certain amount of flesh is necessary for health; if you have not got it you can get it by taking
