GENERAL RELIGIOUS NEWS.

-Christian Endeavor is now on the rock of Gibraltar. A society of 54 members has been organized.

- During the last century the Bible was translated into 250 languages, and is now accessible to nine-tenths of the world's population.

-The various Methodist bodies in England number about 900,000 members. All the leading nonconformist bodies report considerable increases during the past year.

-Australian Baptists are said to have increased twenty per cent. during the past nine years. During the same period, according to our Year Book, Canadian Baptists have increased fifty per cent.

-Of the 392,000,000 population of Europe it is claimed that 180,000,000 are Roman Catholic. They have 162, 000 churches; 248,000 priests; 31,000 houses of religious orders, and 59,000 students in theological seminaries.

-In Prussia, changes of faith are recorded by the State. During the seven years, 1890-97, the number in the old Prussian provinces leaving the Catholic Church for the Protestant was 40,577; the number leaving Protestantism for Romanism was only 4,442.

-The British and Foreign Bible Society is engaged in preparing a revised and enlarged edition of its valuable booklet, "The Gospel in Many Tongues," containing a brief passage from the New Testament, reduplicated in about 380 various languages and ing service when, under favourable dialects.

The sum invested last year in Christian work of all kinds, including church buildings, is estimated at \$1,009,369,494. Both these sums are almost beyond compre-

-The oldest Protestant Church organization in America is the Dutch Reformed Collegiate Church of New York. It was founded in 1628 for the early Dutch settlers. It received a charter from William and Mary in 1896, and its bell, which was cast in Amsterdam, has been in use since 1728.

-The Baptists of New Zealand are not a strong body, but they seem to be pushing their work with a good deal of vigor. This last year they have had a net gain of fifty-eight. The total number of churches is thirty-four, and of them only eleven have a membership of over 100. The strongest church is in Aukland, gathered by Rev. Thos. Spurgeon. The total membership of all the churches is 3,594 of which the Aukland church has 578.

The Irish Evangelical Society and Congregational Home mission, after accounts for several years, is now enjoying a balance, with an ordinary income in advance of that of the past four years. The contributions of the mission churches last year averaged \$10 per member. The society has 12 ministers, 4 evangelists, 20 lay preachers, 15 central churches, and 56 preach ing stations, 12 Sunday schools, 514 Church members, and 572 pupils in Sunday schools.

-The latest reports from the Twentieth Century Funds in Great Britain are as follows: - The Congregationalists have \$2,740,000 promised -more than \$100,000 more than the amount aimed at. The Baptists have \$1,812,000 promised of the \$2,250,000 sought. The Wesleyans have \$4,610,-000 promised of the \$5,250,000 they Montreal, will bring hope and joy, hope to raise. Five more have been baptized -two on Sunday April 7th, and three Sunday April 14th. Others are seeking Christ, and we pray and hope to see many more give themselves to Him and His cause. The last two Sabbaths were days of spiritual blessing at this place The special work is still being continued as far as possible and at the same time sustain the regular work all over the pastorate. Those joining the Master's ranks are a great help and encouragement. There are many who, being faithful in a few things, are entering more and more into the joy of their Lord, by coming into the inheritance of more to do for Christ.

DAVID PATTERSON. April 15th, 1901.

CAMPO BELLO, N. B.-When I die I have many reasons for wanting to go to heaven, one of which is that I may 'go no more out" from a land where 'the inhabitant shall not say I am sick and where 'there shall be no more death." Since last October I the last month alone visited more than sixty people confined to their beds on account of sickness or infirmity..... We attempted special work the first of March, which, on account of sickness in the community, after two weeks, had to be discontinued. The result of the special effort was not what we looked and prayed for, but just how much good was done the light of eternity will alone reveal. A few were visibly helped. Seed was sown and some, I hope, fell on good ground and will in God's own time spring forth and bear much fruit to His honour. The attendance at all the church services is good, especially to the Sunday evencircumstances, the house is full. We have a number of very faithful work - It is estimated that the value of ers here, who are always found, both in and out of the church, adorning the ordered walk and conversation. I appreciate the counsel and encouragement I so often need and get from our very excellent deacons, Savage and Newman ..... The parsonage, save a few touches necessarily postponed until Spring time, was completed the first of the year, at a cost of about eleven hundred dollars. A slight debt is upon it, which we hope to reduce one half this year. I believe in the building of this parsonage the difficulty in securing a pastor, which the church has in the past sometimes experienced, has in a large measure been overcome. In

A Story of Deep Interest To All Women.

RELATING THE SUFFERINGS OF A LADY PASSED THROUGH FOUR OPERATIONS WITHOUT BENEFIT.

Throughout Canada there are thousands and thousands of women who undergo daily pains-sometimes bor dering on agony-such as only women can endure in uncomplaining silence. To such the story of Mrs. Frank Evans, of 33 Frontenac street, health and certain release from pain. Mrs. Evans says: "I feel that I ought to say a good word for Dr. some other suffering woman. I am now twenty-three years of age, and since my eleventh year I have suffered far more than my share of agony from the ailments that afflict my sex. At the age of sixteen the trou-MINISTERS.—The INTELLIGENCER ble had grown so bad that I had to undergo an operation in the Montcure me and a little later I underwent another operation. From this I Rev. John Henderson got home last received some benefit, but was not hospital where another operation

the old trouble came en. and I

to go to the hospital and underwent a fourth operation. Even this did not help me and as the chloroform administered during the operation affected

my heart, I would not permit a further operation, and was taken home still a great sufferer. In 1899 I was advised to try Dr. Williams' Pink Pills, and decided to do so. I have used the pills for several months and have found more relief from them than from the four operations which I passed through, and I warmly recommend them to all women suffering from the ailments which afflict so many of my sex."

Writing under a later date Mrs. Evans says: "I am glad to be able to tell you that not only has the great improvement which Dr. William's Pink Pills effected in my condition continued, but I am now perfectly well. had given up all hope when I began the use of the pills, but they have restored me to such health as I have not before known for years. I feel so grateful for what your medicine has done for me that I gladly give you permission to publish my letters in the hope that other women will follow my example and find health and strength and new happiness through the use of Dr. Wil-

liams' Pink Pills. No discovery in medicine in modern times has proved such a blessing to women as Dr. William's Pink Pills. have attended eleven funerals, and for They act directly on the blood and nerves, invigorate the body, regulate the functions and restore health and strength to the exhausted patient when every effort of the physician proves unavailing.
