ACKNOWLEDGEMENT.—I wish to express my thanks to my many friends in Jerusalem who met at Deacon George Hamilton's on Thursday, 6th inst., to make me a donation. After attending a very pleasant evening and partaking of the good things the ladies had spared no pains to provide, Bro. S. A. Beckett was made chairman, and bro. T. W. Machum, Secretary, and T. Inch, Treasurer of the meeting. Contributions were taken and the chairman presented me with \$50 in cash, and goods to the amount of \$9.50, with a very flattering address. I gave expression to a few thoughts as best I could, being taken by surprise. My appreciation of the gift was deep, but I was even more impressed by the spirit in which it was given. Mrs. Perry joins with me in praying that the Lord of the harvest may richly bless the givers. S. J. PERRY.

Lilly Lake, N. B. EXETER, N. B.—Four persons, two young men and two young women were received into membership of Exeter church on Sunday, 11th inst., by the pastor. Bro. J. N. Barnes was present, gave them a special charge. His remarks were helpful and encouraging. M. L. GREGG.

BRITON COUNTY PREACHERS INSTITUTE.—The monthly session of the Briton County Preachers Institute was held in the Parsonage Hartland, the 6th inst., at 2 p. m. Meeting opened with prayer by Rev. J. T. Parsons. Minutes read and adopted. A roll call was answered by Revs. Noble, J. Perry, J. T. Parsons, H. G. W. Foster, A. W. Currie, J. Daggett, L. A. Fenwick A. B. and J. C. Wilson. A discussion on the advisability of a public evening meeting was participated in by several brethren which resulted in the passing of the following resolution: "Resolved that a public meeting be held in the evening for the consideration of our Denominational work." Then gave a brief report of his work. One pastor reported revival. The Institute was very pleased to have Bro. Currie present and to hear his encouraging report on his work. Rev. J. Noble, feeling asked to be excused that he might come. After all the brethren had done their work—their difficulties and their encouragements—several outlines were given, considered and criticised. The topic which had most discussion was "The Word of Christ". Bro. Daggett was asked by the Institute to prepare a paper on "Teaching" for next session. Several invitations were received for the entertainment of the Institute next month, but that of Rev. J. Noble was unanimously accepted. The afternoon session was closed with prayer by Rev. A. W. Currie.

Rev. J. Noble was in this city last week. We regret that we missed seeing him. A note from him, dated the 22nd inst., says he intends (D. V.) to be at Lower Queensbury the first Saturday in June, at the conference of the church. He is feeling better in health than he was a week or two ago. Rev. John Perry was in the city Saturday. He is looking well for a man of 81. He preached last Sunday at Marysville. Licentiate Wilson spent Saturday and Sunday in this city. Sunday evening he preached at Gibson. He reports the work in his pastorate as moving on very well. Rev. E. S. Parker writes (2nd inst.) Rev. F. G. Francis was confined to his bed last week through sickness, and was not able to attend some of his services. FREDERICTON.—Sunday morning Rev. F. C. Hartley preached to the University students. In the evening four young men were baptized.

FROM REV. J. J. BARNES.—Perhaps readers of the INTELLIGENCER are wondering what became of the Haines special meetings. Well, I have been so busy since the close of the meetings that I could scarcely get the time to write a word for publication. The meetings were greatly blessed of God, and resulted in reviving the spiritual life of the church. About all the members got to work. Except children, there are but few persons in the community who are not church members. A few of the children came to the meeting and will, doubtless, be baptized later. The meetings had closed a little before the work had reached its normal strength giving way. I began my normal work in the pastorate last week, and continued steadily, with little interruption, until the last of April. I had special meetings at the churches. I never enjoyed winter's work more in my life. On the evening of the 1st of May I held a social, and raised upwards of \$100, which was applied on the salary. There are many things in connection with the work among these

churches, as among all churches, to discourage, there are many things that tend to hearten the minister. However, I feel that I am perhaps near the end of the work that I have been engaged in, and that has given me so much pleasure, for upwards of twenty-four years. Unless my health improves a good deal during the summer, I shall not assume the responsibilities of a pastorate next year. I need a change and must have it or soon give up the work altogether.

We had an entertainment in Southampton on the evening of 21st inst., consisting of a basket social, music and a splendid lecture by Rev. F. A. Currier A. M., of Woodstock. The proceeds, \$30, go towards the parsonage fund.

Our most earnest prayer is that God may bless and cause to be greatly prospered all the people and churches of this pastorate. It is a fine country and beautifully situated. Judging from what has been done for these churches during less than two years gone, a few years of patient labour, spent in a wise way, will greatly improve matters here and satisfactorily change the face and character of our cause. God grant us such a change, is our prayer. J. J. BARNES.

Mid. Southampton, May 22nd.

SUSSEX, N. B.—The work in the Sussex church is moving on with good degree of success. The pastor, Rev. B. H. Nobles, is encouraged. He has been with the church nearly ten years, and has been blessed to see marked growth in the things, that make for strength and efficiency in church life. The church, from being one of two or three in a pastorate, has become independent. The debt has been paid. A parsonage has been erected. A new and very excellent organ has been purchased, at a cost of about \$800. A Sunday School and prayer meeting room is needed, and will, probably, be the next work undertaken. It would be well to undertake it very soon. Congregations are good, and increasing steadily. There is an interesting Sunday School, under the Superintendency of bro. John Shipp. Best of all, there is a growing spirit of devotion. On Sunday 18 inst., six members were given the hand of fellowship. Dr. McLeod spent the day with the pastor, and preached at his services. The conference meeting in the afternoon was an hour of interest and christian cheer.

MINISTERS.—Rev. G. Swim, of Moncton, went to Nova Scotia last week, to visit his mother who is in failing health. He preached at Clark's Harbour last Sunday. He will return to Moncton this week.

Rev. Jos. Noble was in this city last week. We regret that we missed seeing him. A note from him, dated the 22nd inst., says he intends (D. V.) to be at Lower Queensbury the first Saturday in June, at the conference of the church. He is feeling better in health than he was a week or two ago.

Rev. John Perry was in the city Saturday. He is looking well for a man of 81. He preached last Sunday at Marysville.

Licentiate Wilson spent Saturday and Sunday in this city. Sunday evening he preached at Gibson. He reports the work in his pastorate as moving on very well.

Rev. E. S. Parker writes (2nd inst.) Rev. F. G. Francis was confined to his bed last week through sickness, and was not able to attend some of his services.

FREDERICTON.—Sunday morning Rev. F. C. Hartley preached to the University students. In the evening four young men were baptized.

CIGARETTES AND CRIME.

A probation officer in a western city is of the opinion that there is a very close relationship between cigarette smoking and crime. He shows that of the ninety boy criminals committed to that jail during the past six months, all but two were victims of the cigarette habit. He also found that those boys who could be induced to give up the habit could be reformed, while those who persisted in the practice nearly all turned out badly. The continued use of the cigarette, and other narcotics, has a tendency to dull the moral sense and to break down the ability to resist temptation. A weakened physical condition, induced by self-indulgence of any kind, is sure to be accompanied by a relaxing on the moral side of one's nature.

The knowledge that most boys have that cigarette smoking is harmful makes their indulgence in it, often on the sly, a violence to their better judgment and wounds their consciences while working a positive physical injury. The cigarette is one of the devil's most deadly devices for ruining the prospects of a growing lad. Parents and teachers cannot be too careful in using every means to save the boys committed to their care from the stunting, paralyzing effect which the cigarette has upon the moral and physical being. Every effort should be put forth to restrict and prohibit the sale of the death-dealing article. When large corporations are wise enough to discriminate against young men who use cigarettes, merely on commercial grounds, it is time that the Church and Sabbath school should take a very positive stand in the matter and by kindly instruction warn its youth against this pit-fall set for their feet.

HOW TO CURE A CORN

It is one of the easiest things in the world to cure a corn. Do not use acids or other caustic preparations and don't cut a hole in your boot. It is simply to apply Putnam's Painless Corn and Wart Extractor in and three days the corn can be removed without pain. Safe, safe, painless. Take only Putnam's Corn Extractor.

G. F. O'Halloran, barrister of Montreal, has been appointed deputy minister of agriculture.

The elections in the Northwest last week, resulted in favour of the Territorial government by a majority of nine.

BRIGHT BABIES

ARE A JOY TO MOTHERS AND A TREASURE IN THE HOME.

All babies should be bright, good natured and well. If you have a child that is sickly, fretful, nervous, restless at night, or suffers from stomach or bowel troubles of any sort, give it Baby's Own Tablets and it will soon be well. There is no other medicine in the world which so safely and speedily cures indigestion, sour stomach, colic, constipation, diarrhoea and teething troubles. Thousands of grateful mothers speak of this medicine in words of warmest praise. Mrs. Fred Power, 18 Scollard street, Toronto, says: "My baby suffered greatly from indigestion. She was pale and very thin and would cry with pain in the stomach sometimes would not sleep either day or night. I got a box of Baby's Own Tablets and they have made a great change in my little one. She now digests her food readily; is no longer troubled with the pain in the stomach, and has grown quite plump. I do not know of any medicine that can equal Baby's Own Tablets for little ones." This medicine is guaranteed to contain neither opiate nor other harmful drugs. Children take the tablets as readily as candy and crushed to a powder they can be given to the smallest, weakest baby. Sold at all drug stores, or sent post paid at 25c. a box by addressing The Dr. Williams' Medicine Co., Brockville, Ont., or Schuette's, N. Y.

HENRY.—In Dumfries, York Co., after a long and tedious sickness, of nervous prostration, which she bore with Christian patience, Mrs. John Henry, 83 years old, leaving a husband, who had watched over her with tender care for years, one daughter, two brothers, one sister and five grandchildren to mourn their loss. Sister Henry professed religion, when a young woman, and was baptized and joined the Free Baptist Church in Dumfries and lived a devoted christian life. For years her health would not permit her to attend public worship. Never did I visit her but she would pray with me and give tangible evidence of her love to the cause of Christ. A few weeks before she died she said she wanted to make an offering to the Lord and gave me ten dollars for the Woman's Mission. J. NOBLE.

"We always fry ours in Cottolene." Our Meat, Fish, Oysters, Sarcotoga Chips, Eggs, Doughnuts, Vegetables, etc. Like most other people, our folks formerly used lard for all such purposes. When it disagreed with any of the family (which it often did) we said it was "too rich." We finally tried

Cottolene and not one of us has had an attack of "richness" since. We further found that, unlike lard, Cottolene had no unpleasant odor when cooking, and lastly Mother's favorite and conservative cooking authority came out and gave us a big recommendation which clinched the matter. So that's why we always fry ours in Cottolene. Sold in 5 and 1 lb. tins, by all grocers. Made only by THE M. L. FAIRBANK COMPANY, Wellington and Ann Streets, MONTREAL.
