

WEAK AND HELPLESS

The Condition of Mr. Wm. Westcott, of Seaforth.

SUFFERED FROM HEADACHE AND DIZZINESS — COULD NOT STAND THE LEAST EXERTION.

From the Sun, Seaforth, Ont.

Mrs. Wm. Westcott is well known to nearly all the residents of Seaforth. It is also well known to her neighbors and friends that she passed through a trying illness, but is now happily in robust health. To the editor of the Sun, Mrs. Westcott recently gave the particulars of her case for publication, merely in the hope that her experience might be of some benefit to some other sufferer. She said:—"For some time past my health was in a bad state, my whole system being badly run down. I was troubled with headache, much dizziness, my appetite was poor and I could not stand the least exertion. I consulted different physicians, but their treatment did not seem to benefit me, and I gradually became so bad that I was unable to attend to my household duties. I then tried several advertised medicines, but without any beneficial results, and I began to despair of getting better. One of my neighbors strongly advised me to try Dr. Williams' Pink Pills, and somewhat reluctantly I consented to do so. After I had taken the second box I began to note a great improvement in my condition, and by the time I had used five boxes, I was fully restored to my former good health, much to the surprise of my neighbors and relations. I do not suffer the least now from those headaches and dizzy spells, my appetite is good and I can attend to my household duties with the greatest ease. In fact I feel like a different woman, and all this I can say is due to the use of Dr. Williams' Pink Pills. All who suffer from a run-down constitution should give these pills a trial."

When the vitality is low; when the blood needs to be replenished, enriched and purified; when the nerves are weak and require strengthening, there is no other medicine can take the place of Dr. Williams' Pink Pill. It is because of their direct specific action on the blood and nerves that these pills cure such troubles as anaemia, nervous headache, dizziness, palpitation of the heart, rheumatism, sciatica, partial paralysis, St. Vitus' dance, kidney and liver ailments and the functional troubles that make the lives of so many women a source of almos: constant misery. Do not take any but the genuine, which have the full name "Dr. Williams' Pink Pills for Pale People," on the wrapper around every box. Sold by all dealers or sent postpaid at 50 cents a box or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.
