NATURE'S BLESSING

Is found in Health, Strength and Freedom from Pain.

THIS GIFT IS MEANT FOR ALL-ON I THE HAPPINESS AND USEFULNESS OF LIFE DEPEND-WITHOUT IT LIFE IS AN EXISTENCE HARD TO ENDURE.

Health is nature's choicest gift to m in and should be carefully guarded Ill health is a sure sign that the blood is either insufficient, watery or impure by fire Wednesday. Insured. for most of the diseases that afflict mankind are traceable to this cause. Every organ of the body requires rich. red blood to enable it to properly perform its life sustaining functions, and at the first intimation that nature gives that all is not well, the blood should be cared for. Purgative medicines will not do this- it is a tonic that is needed, and Dr. Williams' Pink Pills have been proved, the world over, to surpass all other medicines in their tonic, strengthening and health renewing qualities. From one end of the land to the other will be found grateful people who cheerfully acknowledge that they owe their good health to this great medicine. Among these is Mr. Elzear Robidoux, a prominent young man living at Sr. Jerome, Que. He says :- "For some years I was a sufferer from dyspepsia. My appetite became irregular and everything I ate felt like a weight on my stomach. I tried several remedies and was under the care of doctors but to no avail and I grew worse as time went on. I became very weak, grew thin, suffered much from pains in the stomach and was frequently seized with dizziness. One day a friend told me of the case of a young girl who had suffered greatly from this trouble, but who, through the use of Dr. Williams' Pink Pills had fully regained her health and strength, and strongly advised me to try these pills. I was so eager to find a cure that I acted on his advise and procured a supply. From Polson & Co., Kingston, Ont. Sold and after using the pills for a couple by Chas. A. THE STORY OF MORNING TIREDNESS

is told by impure blood, poor digestion sluggish liver and tired nerves. It is warning of very serious trouble ahead, and should prompt sensible people to take a bracing tonic like errozone, an energetic invigorant and rebuilder. Ferrozone will give you a sharp appetite, promote good digestion and sound sleep; it will feed and energize the enfeebled organs, strengthen the nerve, and vital forces and regulate the heart. Ferrozone changes that tired feeling into vigor, strength and ambition, and does it quickly. Remember the name, and insist on having only FERROZONE; it's the best tonic made. Price 50c. per box, or 6 boxes for \$2.50, at Druggists or N C.

A Magaificent Chime.

Perhaps no taste is more nearly universal than that for a fine Chime of Bel's. The old and the young, the cultured and the uncultured, the grave and the gay-all yield to the music of the bells. And it is, perhaps, equally true that no one in this country knows the art of gratifying this taste, like the masters who control the product of the famous McShane Bell Foundry, of Baltimore, Md.

Among the most recent examples of the work of this Foundry is a Chime cast for the Smith Memorial Chapel at Glen Mills, Penna. This chime consists of ten bells; the largest bell weighs 2100 pounds, and is 46 inches in diameter; the smallest bell weighs 200 pounds and is 21 inches in diameter. The total weight of the bells and mountings is about 10,000 pounds. They are equipped with an improved chiming apparatus.

But no figures -no mere statements of weight and measure-can in the least degree in icate the purity, richness, and sweetness of tone posessed by this truely beautiful Chimes of Bells. They can be heard at a great distance, and the hills of Delaware County never before re-eched delightful sound, or clearer, sweeter

The McShane Bell foundry has a world wide reputation as makers of the finest bells for churches, courthouses, fire alarms, etc.
