

News of the Week.

CANADA.

The Sydney strike is ended. The ringleaders have been discharged.

In Chatham, Wednesday, fire destroyed the stock of Mrs. Lloyd's millinery store.

There are now thirty-three fine buffaloes in the Dominion herd at Banff National Park. All are in splendid condition.

In St. John, Tuesday, Walter H. Parks was killed by being caught in an engine driving a stone crusher at the site of the I. C. R. round house.

Dr. Hollingsworth, of Ottawa, who was sentenced a week ago to six months' imprisonment for voting twice on the referendum, has been released by order of the minister of justice.

John Russell, 22 years old, was drowned in Porter's Lake, Halifax, on Wednesday. He was skating on the lake.

At Bathurst, Thursday, Judge Landry sentenced F. Thibideau to seventeen years in the penitentiary for burglary.

At Fredericton, Mr. John Palmer was elected mayor by acclamation. For the council there are contests only in Wellington and Kings wards.

The Nova Scotia Barristers' Society at its annual meeting adopted the report of the council, which asks for legislation compelling Judge Meagher of the Supreme Court to file his judgments with the court reporter for publication. The society also passed a resolution requesting the government not to appoint lawyers to the bench other than men of unquestioned legal ability.

The Elijah Stevens house, Hillsboro, was burned a few days ago. The home of Alfred Ritchie, Edgett's Landing, was also burned.

Chief Justice Tuck has granted an order compelling the municipal authorities of York county to pay the small-pox bills which were thrown out at the January meeting of the council.

Premier Murray brought down the financial returns in the N. S. House of Assembly Thursday. The revenue for the year was \$1,140,216, and a surplus is claimed of \$52,844. The amount received by the province in coal royalties was \$486,713. Interest on bridges cost \$145,658, and on the roads the sum of \$94,478 was spent.

Captain McLeod's gold-hunting party sailed from Halifax, Tuesday, for South America. The actual destination of the vessel is unknown. There are sixteen persons on board, and the venture is backed by a syndicate. The vessel is victualled for twelve months. Captain McLeod has been in South America before, and it is what he saw then that led to the formation of the expedition.

Canada owns a total of 5,720 miles of telegraph lines, controlled by the public works department. The number of government offices is 222, and the yearly average of messages sent is 89,400, of which 40,000 are credited to the Yukon. The total expenditure on account of the government telegraph service last year was \$298,988, the revenue \$114,266.

Nova Scotia's coal production last year was 4,366,869 tons, compared with 3,625,365 tons in 1901. The sales in Nova Scotia showed an increase of 383,749 tons, due principally to the require-

ments of the Dominion Iron and Steel Company, which drew its supply for coke and other purposes from the Dominion Coal Co. The sales to New Brunswick showed a slight decrease. The exports to Newfoundland and P. E. Island remained stationary. The sales at Quebec increased by nearly a quarter of a million tons. The sales to the United States showed an increase of about 200,000 tons.

Senator Wood has been elected the first mayor of Sackville, by acclamation.

Mr. and Mrs. Charles Vanwart, of Woodstock, celebrated the 50th anniversary of their marriage last Tuesday. About fifty guests spent a very enjoyable evening. A number of beautiful gifts were received.

Messrs. Harmsworth, of London, England, paper and book publishers, are talking of erecting paper and pulp mills at the Grand Falls of the Nepisiguit,

PROVERBS

"When the butter won't come put a penny in the churn," is an old time dairy proverb. It often seems to work though no one has ever told why.

When mothers are worried because the children do not gain strength and flesh we say give them Scott's Emulsion.

It is like the penny in the milk because it works and because there is something astonishing about it.

Scott's Emulsion is simply a milk of pure cod liver oil with some hypophosphites especially prepared for delicate stomachs.

Children take to it naturally because they like the taste and the remedy takes just as naturally to the children because it is so perfectly adapted to their wants.

For all weak and pale and thin children Scott's Emulsion is the most satisfactory treatment.

We will send you the penny, i. e., a sample free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

SCOTT & BOWNE,
Chemists,
Toronto, Ontario.
50c. and \$1.00; all druggists.

Mother and Doctor Too

Until the doctor comes, and for minor ills and accidents, the mother must doctor her family. Tens of thousands of mothers have relied upon JOHNSON'S ANODYNE LINIMENT, and have found it always reliable. It is used both externally and internally and it is the remedy for inflammation from any cause. Used continually for 90 years as a household remedy, its sustained popularity and increasing use every year are the best possible testimonials to its curative powers.

Johnson's ANODYNE LINIMENT

is of greatest value in treating colic, cramps, diarrhoea, cholera morbus, bites, bruises, burns, stings, chafing, colds, coughs, croup, catarrh, bronchitis, la grippe, lameness, muscle soreness and pain and inflammation in any part of the body. Sold in two size bottles, 50c. and 10c. The larger size is more economical. If your dealer hasn't it send to us. Ask first.
I. S. JOHNSON & CO., 22 Custom House St., Boston, Mass.

The insurance companies have lost in Sydney during the last three years \$340,000.

Gloucester County. The Messrs. Harmsworth have an engineer now at work determining the capacity of the water power.

Fire at Torryburn, K. Co., Friday night, destroyed a greenhouse of Mrs. Jones.

THE EMPIRE.

Much excitement has been caused at Sydney, N. S. W., by the announcement of the discovery of gold in Arltunga, a thousand miles from Adelaide. Prospectors are flocking to the territory. The South Australian government has sent an official geologist to make a report.

The British army estimates for 1903-4 call for a total expenditure of \$171,225,000 and provide for 235,761 men, exclusive of the troops in India. The estimates include \$20,000,000 for special expenditure in connection with South Africa, part of which sum is for the payment of compensation claims and \$2,500,000 for the China and Somaliland expeditions. It is estimated that the expenditure for normal service, \$137,340,000, is almost the same as it was for 1902-3.

England will this year build three battleships of a new type, which will exceed and excel those in existence, both in size and power. The displacement of each will be 18,000 tons, which is nearly 2,000 tons more than has any other battleship in existence. The speed will be 19 knots, and the vessel will carry twelve heavy armor-piercing guns, themselves well protected by armor. Besides these there will be six cruisers of 13,000 tons, with a speed of twenty-two knots. A new 9.2 inch gun has been made and each of these cruisers will carry six of them. This gun throws a 380-pound shot, and can be fired two or three times a minute. This shot will penetrate 33 inches of iron.

FOREIGN.

Six men are dead and twenty-five or thirty injured, several of them seriously, from the effects of an explosion at the Edison cement plant at New Village, N. J.

DR. WOOD'S NORWAY PINE SYRUP.

A Pleasant, Prompt and Perfect Cure for
