What Others Say.

BETTER.

A great many people enjoy singing "A Charge to Keep I Have" who would be better giving away some of the things left in their charge.—*Free Baptist.*

ELECTION METHODS.

The electioneering methods that are in vogue among us, and the most universal bribery that prevails, are a disgrace to the country, and are making us stink in the nostrils of other people. But public opinion is being aroused, and this is hopeful. We believe the country will welcome the most drastic election laws that parliament can frame. *Canadian Baptist.*

TWO KINDS.

William Jones said to the preacher, "Here is the money for the paper, but I never read it; maybe my wife wants it." But Brother Jones might have said the same of his Bible. It was only the wife that read anything religious in Brother Jones's home. Brother Roberts was neighbor to Brother Jones. He said he must have the church paper. Could not do without it. He was a better educated man than Brother Jones, a better business man, and more business to attend to; but he was a religious man, an earnest worker in the church. That made the difference. — *Little Rock Advocate.*

BE GOOD FOR SOMETHING.

We have seen for a long time, in the window of a vacant store-room, a card setting forth that the room is "Good for a drugstore," "Good for a grocery," "Good for a hardware store," "Good for a restaurant," and "Good for a barber shop." And still, notwithstanding the fact that it is good for so many things, it is unoccupied. Each time we have seen it we have thought of some men. They are good for many things. They would make good professors, or preachers, or physicians, or lawyers, or insurance men, or lecturers. But they do not get a start. It is too bad. It really seems as though it would be better to be fit for only one thing, and to get at that and do it. A gimlet is good for only one thing, and it cannot fill a very big place at the best, but it can do that one thing, and do it well, and it gets to do all of that one thing that is being done.—*Journal and Messenger.*

of employers, not for the good of their customers.

In Switzerland one in eight of the deaths is caused by consumption. And yet that country is called "the paradise of persons suffering from consumption if the right places are selected.

The peasants of Brittany are reduced to starvation by the failure of the sardine fisheries, which are the industry of a large proportion of them. It now appears that the explosion of submarine torpedoes during the late manoeuvres in Breton waters killed the fish on which the province mainly relies. Large contributions have been sent from England and other countries.

IN THE SPRING.

Nature Teaches a Lesson that tired, exhausted Men and Women should follow.

The spring is the season when nature prepares for summer. All the trees and plants are filled with new sap to build and brace them up to withstand the coming hot season. Without new sap in the spring a plant would wither and die beneath the midsummer sun. It is the same with men and women. All physicians are agreed that everyone needs a fresh supply of new blood in the spring. Without the new blood you would be as helpless in the summer as a tree without new sap.

What you need at this season is a tonic to give you new blood, and the very best tonic medical science has discovered is Dr. Williams' Pink Pills. Every pill makes new, rich red blood, braces the nerves and overcomes all weakness, headaches, backaches, indigestion, loss of appetite, skin eruptions and other troubles so common in spring. This is an established fact, proved by thousands in every part of the world.

Miss A. M. Tuckley, Oxdrift, Ont., says: "I do not know what would have become of me had it not been for Dr. Williams' Pink Pills. My blood seemed to have turned to water and I was troubled with dizziness, headaches and nervous prostration. I got so weak that I could hardly go about, and notwithstanding that I was constantly doctoring I got no relief until I began using Dr. Williams' Pink Pills. They completely cured me and have given me back all my old-time health and strength."

What these pills have done for Miss Tuckley and thousands of others they will do for you. They will make you bright, vigorous and strong. Don't take a substitute nor any of the "just as good as" medicines which some dealers push because of a larger profit. See that the full name "Dr. Williams' Pink Pills for Pale People" is found on the wrapper around every box. If in doubt send direct to the Dr. Williams' Medicine Co., Brockville, Ont., and the pills will be mailed at 50 cents a box or six boxes for \$2.50.
