RELIGIOUS SOMNAMBULISM.

A story is told at the expense of a New York police official. When he was first a patrolman, in his zeal, he arrested and held a citizen on his beat who was addicted to sleep-walking. "Hold on, cried the man; "You musn't arrest me. I'm a somnambulist!" "I don't care what your religion is!" exclaimed the ardent officer. "You can't walk the streets in your night-shirt!"

The only religion some men appear to possess, Zion's Herald thinks, is a kind of half-serious somnambulism. They keep in motion, going through the forms of religious ritual, but they are mere walking in their sleep, very little alive to the real meaning of life and quite ignorant as to the mystery which lies at the heart of all true religion. Such religious somnambulism may deceive the Schmitt-berger type of critic, but it will not pass muster in the great judgment hall of the world, much less before the august tribunal of another world.
