Obispo Rubber Plantation Co.

(9,000 acres at Tuxtepec, Oaxaca, Mexico.)

a company that, on a guaranty of 4 per cent. per annum, has paid its stockholders 17 per cent. in the last two years; and as they participate in all earnings and dividends, stockholders will eventually receive almost double their original investments annually.

There can be no watered stock in this enterprise. There are no promotion shares.

The Trust Company acting as Trustee, cannot issue any stock unless same has been paid for, and the organizers of this enterprise must buy their stock on the same basis as other investors. Each share issued must represent one acre of land developed in exact accordance with an iron-clad contract, and no share can be issued for any of the land that is not developed; such land remains the property of the Plantation Company, thus increasing pro rata the value of each investor's holding.

Interest begins with your first payment.

This is an ideal opportunity for small investors. The plantation is one of the best in the world and an undoubted success.
