THE MAGAZINES.

In the *Methodist Magazine* for May, "On the Lackawanna" is a well illustrated article. There is a paper on "The Rainless Valleys of Peru," with its scenic and other attractions, illustrated; and a study of John Mackenzie, missionary and statesman of South Africa. Other good papers are: "Frances Ridley Havergal and her Publisher," "Recent Achievements in Science," "Lorenzo and Peggy Dow," and a thoughtfully written article on "Character, the Elemental Force in Literature." Toronto: William Briggs. \$2.00 a year; \$1.00 for six months.

Those who are interested in the Russian-Japanese war and its effect on missions should read Dr. Dwight's article in the May number of *The Monthly Review of the World* on "Religious Russia and Protestant Missions." Two other articles are also timely in their bearing on conditions in Korea, namely "The Korean Christian Church," and "Falseness and Truth about Korea Missionaries." This *Review* contains much else of present interest and permanent value. Published monthly by Funk & Wagnall's Company, 30 Lafayette Place, New York. \$2.50 a year.

BLOTCHY SKINS.

A Trouble Due to Impure Blood Easily Remedied.

Bad blood is the one great cause of bad complexion and bloody skins. This is why you must attack the trouble through the blood with Dr. Williams' Pink Pills. All blotches, boils, ulcers, pimples and paleness are the direct, unmistakable result of weak blood loaded with impurities. Dr. Williams' Pink Pills conquer the poison; they drive out all the impurities; they actually make new, rich red blood; they strike right at the root of all complexion troubles; they are a positive and permanent cure for all virulent skin diseases like eczema, scrofula, pimples and erysipelas. They give you a clear, clean soft skin, free from all blemish and full of rosy health. Mr. Matthew Cook, Lamerton, N.W.T., tells how Dr. Williams' Pink Pills cured him of erysipelas after other medicines had failed. He says: "My skin was inflamed; my flesh tender and sore; my head ached; my tongue was coated; I had chills and thought I was taking fever. I tried several medicines, but nothing helped me until I began using Dr. Williams' Pink Pills and drove the trouble from my system, and I am now in the best of health. I think these pills the best medicine in the world for blood troubles."

It is an every day record of cures like this that has given Dr. Williams' Pink Pills their world-wide prominence. They cure when other medicines fail, but you must get the genuine with the full name Dr. Williams' Pink Pills for Pale People on the wrapper around every box. You can get these pills at all druggists, or by mail at 50 cents a box, or six boxes for \$2.50, by writing The Dr. Williams' Medicine Co., Brockville, Ont.

What Others Say.

A HIGH ENCOMIUM.

He was true to convictions of duty, regardless of consequences to himself. This is the highest encomium that can be pronounced on the life and character of mortal man.—*Rel. Telescope.*

RAILWAY MEN.

Do we think enough of those whose lives are in constant danger in order to serve the public? The railroad engineer is ever at the post of danger. If there be a broken bridge or an impending collision, he is the first to suffer. We pray for sailors; often we make special petitions for them in the church service. Should not the engineers have a place in our prayers? And the baggage men also; and next to them the clerks of the railway mail service. In all weathers, in all conditions, they must be in place; at one moment in a heated car, at the next in the outer air, serving the public.—*Chris. Observer.*

THE WIDOW'S MITE.

We often read of the widow's mite; but who was the widow? What was the name of this immortal woman whose generous gift has been praised for 2,000 years, and whose liberality exceeded the spectacular munificence of the Carnegies and Rockefellers? To this unknown widow no marble shaft has been erected, although she has given to the world a legacy that has gone on multiplying and saving sinners and blessing the race through all generations. She is one of the world's greatest benefactors, but who knows her name, her family, her history, or her place of burial? Truly, she is one of the great multitude of God's hidden ones. But there will be thousands in heaven who will be glad to greet her there.—*United Presbyterian.*
