FUND NOTES.

We hope the friends will not let the few squares now remaining to be filled linger too long. We want that the remaining amount be forwarded to our missionaries at once. This is a good time to kill a missionary pig, or turkey, or make a missionary tub of once, no doubting the sincerity and love butter. There are many ways of practical consecration. I fear too many of us say consewithout feeling that what we have is really consecrated. We need to watch carefully lest we lay too strong claim on what really belongs to God. How I wish we as a people were giving one tenth to God. I believe we could double our missionary fund in a year. Let us pray and work, our days are few and quickly passing. In a little while from this all we will have saved is what we better home beyond the river. Glory to have carefully and prayerfully invested in His Name. God's work. Be careful and do not get the Memorial Fund and Monument Fund mixed. M. S TRAFTON.

CORRESPONDENCE.

COLDSTREAM, Oct. 28th, 1903. Dear Brother.,-Please allow me the priviledge and pleasure of a few words of testimony; during a recent visit of some weeks in Hartland, it was my extreme pleasure to attend the services held in the Reformed Baptist Church, and to realize that my interest in the better life, the ustified life, the sanctified life was not only increased but confirmed, all doubt removes respect "justification by faith in Christ, which implies pardon and the witness of the spirit to our acceptance with God, and Santification or deliverance from indwelling sin, by faith in the all cleansing blood, and the Baptism of the Holy Ghost. Upon such profession and knowledge the "Reformed Church" at Hartland kindly admitted me to membership, the hand of fellowship was extended by its excellent pastor S. A. Baker; for this act of confidence and Christian love my heart abounds with gratitude; during my stay the regular meetings of the church were of an active spiritual character, at the preaching service and prayer meetings testimonials so freely and readily given that two and three were on the floor at exhibited in every word and movement. am thankful to my heavenly father that I am planted in His home of love where no discord dwells, that in my declining years after many perilous adventures he has given me thus freely a home in His Church here and a glorious hope of a

LOWER SOUTHAMPTON, Oct. 20th, 1903. Dear Editor.,—I have never written to us. Surely we are honoured? Highway before but as the time for my renewal has come to the valuable little paper, I thought I would write a few lines. We love to have the Highway come inte our home. We like it because we know its pages carry messages of truth and the truth is always helpful. And we in this way learn the whereabouts of our Elders, and of the lay members, which is encouraging. We are now without a pastor, for which we are sorry, but there are a few faithful ones in this locality, and the promise is to the "two or three" who meet in His Name. Our prayer meetings are good, for our heavenly Father meets with us, for which we praise the Lord.

The place is healthy and we are all well. Our morning and evening prayers are conducted in three languages, English, Dutch and Zulu, as the owner of the house is here quite often.

Our hearts are so happy over the blessings you all had at Alliance and Camp Meeting. Let us ask and receive that our joy may be full. This is but the heginning of what God is going to do for us as a people, if we continue to walk with Him and obey His orders. No doubt many persons are wondering how so small a people can do so much, but we are learning to do without costly churches, etc., and lay up the money such things would take, in heaven. Only a little while before our King cometh so we need to be active and toil on till the day is done for "the night cometh wherein no man can work." Here is the only chance we shall ever have to work for Jesus, the only opportunity to save souls. Beyond we shall have an endless eternity for rest and enjoy the presence of our Saviour-Oh how short time is!

Woodstock, N. B., October 17th, 1903, Dear Highway, - Reading in your issue of 15th instant under the heading of Our Dead, a short account of the life and death of Walter Wilson, I was impressed that I should transcribe a letter which I received from him, in May last, and send it to you for insertion, as I have known Bro. Wilson since the time of his conversion and heard him giving earnest exhortations at revival meetings when he was a young lad. His earnestness was not always ac ceptable to some, especially to those who did not know the doctrines of their church and this no doubt gave him pain.

There is a fine the pastor, has done nobly. Last Sunday we preached on the subject of laying aside the tenth of our income for the cause of God, and at the close of the sermon we threw the meeting open for the people to bring in the tithes. In about five minutes \$27.00 was raised and then the treasurer of the church got up and pledged the balance of the debt. So in less than four weeks the entire debt of \$451.43 against the church has been completely wiped out. To God be all the glory. He has done marvellous things, whereof we all are glad. And we believe all this has been accomthat converts people through and through and fills with perfect love. Glory. We can have it, if we will.

We have begun house keeping. Last evening a large number of friends came in and supplied us with some tangible expressions of their kindness, of which we will note later. May the Lord richly reward them

From there I travelled to Easton, where I met several of the people praying, and expecting some man of God to come to their assistance as they have suffered wonderfully from Sanfordism, which I believe to be a human invention. I feel relieved when I see brought before the public what I consider a fair straightforward exposure of that terrible slavery imposed on good honest children of God, as can be seen in the Lewiston Journal of September 26th. I find many true sincere people who have been led astray, partially or practically leaving their families, and in many instances leaving the church where they once stood as lights, and have lost their influence and their plished in answer to prayer, the prayer of light is under a bushel.
