Some have intimated to Dr. Sanders that they would like to support a "Native Worker in Africa." Now if any person wishes to do this there is no reason why they cannot, for they can support just as many as they wish. All that will be needful for them to do, is to send their money to Rev. H. C, Archer, Woodstock, N. B., who is our "Missionary Treasurer," and their money will be sent direct to the mission field and applied just as they wish it to be.

The reason that we want the money to go through our treasurer's hands is, first, because we want our missionary work done with some regularity; second, because in the past several percons have undertaken to/support a native worker, and have paid one or two The Lavmen's Missionary Conven- payments, and because of some change tion held at St. John, N. B., Nov. taking place with them, they have 20th, 22nd, was in every way a decided ceased to pay, and the worker was left success. The number of delegates in without support. I. The great need of the church is a stronger faith in prayer as the primary means of solving the missionary problem, and we urge that in every congregation there be definite measures undertaken to develop the prayer life in the individual, in the home and in public worship.

2. That the financial obligation of a church is best expressed not in large sums given by a few but in offerings from all the congregation as the Lord hath prospered them.

3. That this offering should be made a part af the worship each Lord's day. 4. There should be in every congregation at least one mission study group of men and once a month, if possible, a general missionary meeting for all.
