THE FREDERICTON SENTINEL.

The Subscriber is desirous of calling the attention of the Public, throughout the Province of New Brunswick, to THE SENTINEL, Newspaper, which is published weekly at Fredericton; and contains the monthly decisions of the Executive, with reference to Licenses and applications for Land; the Militia Appointments, and the Debates in the House of Assembly. In addition to which, those that take place in the Legislative Council, will in future be published.

As the Steam Packets after the present month, will run regularly between England and Halifax, once every fortnight, by which means a regular and frequent supply of English papers may be received; it is intended to make copious selections from the London papers which will in this way be obtained.—In fact, it is proposed to make THE SENTINEL a transcript of the English Periodicals,—so far as a due attention to local affairs and occurrences in this part of the world will admit.

In conducting THE SENTINEL, the Subscriber has been actuated by no party motive or consideration: and is desirous of promoting the advancement of the country upon a permanent and secure basis; but he will always lean to the liberal side of politics, and will feel it his duty as a Public Journalist, to be the independent advocate of popular rights, and will aid in promoting those wholesome reforms, which circumstances may require.

The very general, and—for the time during which the Paper has been in existence,—the extensive circulation of THE SENTINEL, demands his warmest acknowledgements. But to enable him to follow out the plan of usefulness that he proposes, it is desirable that that circulation be increased, as the advertising patronage in Fredericton is necessarily very limited. Those individuals therefore, who were friendly to the establishment of an independent Paper in the first instance; and others who are desirous of encouraging its continuance, are requested to use their endeavours to increase the number of subscribers; and the Public at large are invited to afford it their encouragement and support.

Persons wishing THE SENTINEL forwarded to their address, will receive it, upon making application to either of the Postmasters in the Province, except those of St. Andrews and Dalhousie, where extremes meet; and where at the former place Mr. McLean, Commission Merchant, and at the latter Thomas Desbrisay, Esq. will have the goodness to receive the names of those who may wish to subscribe.
