knowledge which the latter might be supposed to possess respecting his own country, and the calculating philosophy of the former, an ardent sympathy with oppressed humanity, which is however, so attempered as not to allow his judg-ment to be warped by his techning. Nothing seems wanting to qualify him for the task of examining with this experience form past, conduct, and remeduing the construction of the nation lived on imported corn; that famines were almost regu-lar periodical afflictions, sweeping off thousand; —in one year alone, 1740, forty thousand; and that during that long period, the population was only rising from one to about three and a half with this experience and remeduing with this experience and remeduing with this experience and period in 1762. Surely, with this experience and remeduing with this experience and period in 1762. Surely, the Queen's marriage. wanting to qualify him for the task of examining the errors of our past conduct, and remedying its unfortunate results. His labours in America no doubt facilitated his research into the abuses of Ireland. Though we approve so highly of this work, we almost regret the extraordinary suc-cess which has attended it on the continent. It will spread among our continental neighbours a more intimate knowledge of the mode in which we act towards our Irish subjects than they have
