'Kid' Chocolate To Clash With Watson On Friday Night

Cuban Will Defend Featherweight Title in a 15-Round Bout.

New York.—Boxing will return to Madison Square Garden on Friday night after a lapse of a month. To signalize the resumption of the sport, James J. Johnston, vice-president in charge of boxing, will show Kid Chocolate and Seaman Tom Watson in a 15-round bout for the world's featherweight championship.

Chocolate, speedy Cuban battler, is recognized by the New York State Athletic Commission as the titleholder, while Watson is regarded as the 126-pound champion of the British Isles.

The English warrior has boxed in this country only once before, and amazed American fans by defeating Fidel La Barba, former flyweight champion of the world, handily in a 15-round battle. Although Watson had a decision over Nel Tarleton, who has appeared often in local rings, he was accorded little chance to beat La Barba in the betting, and his victory over the California featherweight came distinctly as a surprise.

The boxers have been training diligently the past two weeks, and neither is expected to experience any difficulty making the class weight. Watson, who scaled 128 pounds for his bout with La Barba, is near that mark now, while Chocolate is only a half-pound over the 126-pound title notch.

Chocolate has been preparing for the battle at Gus Wilson's camp at Orangeburg, N.Y., while Watson has been getting into shape at Dr. Bier's training establishment at Pompton Lakes, New Jersey.

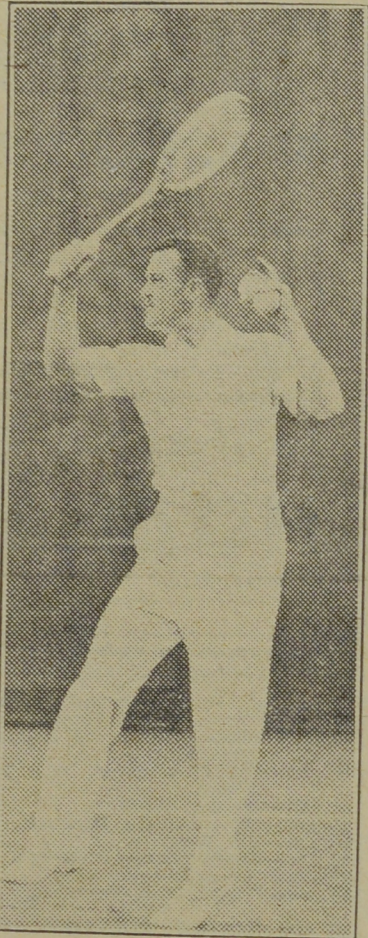

He Sputified All Right

A Southern Negro minister who was given to the use of big words and complicated discourse was waited upon by a church committee and told that his style of preaching was not all that could be desired.

"Don't I argify and sputify?" enquired the minister.

"Yes, yo' done argify and sputify," responded a member of the committee, "but yo' don't show wherein."

Represents Canada

DR. JACK WRIGHT, veteran Canadian lawn tennis star, will again be a member of the team which will represent the Dominion in the Davis Cup matches with Cuba. Marcel Rainville and Gilbert Nunns are the other members of the Canadian team.

Sparky Adams And Durocher Figure In Baseball Trade

"Cards" and "Reds" Also Exchange Derringer-Stout For Ogden.

New York.—Jack Quinn, veteran spitball pitcher, released last week by the Brooklyn Dodgers, has been signed by the Cincinnati Reds. If the 47-year-old hurler, one of the three spitball moundsmen in baseball, makes good with the Reds he will round out 30 years of playing in organized baseball.

The Reds also traded Shortstop Leo Durocher and Pitchers John Ogden and Frank (Dutch) Henry to the St. Louis Cardinals for Pichers Paul Derringer and Allyn Stout and Infielder Earl (Sparky) Adams. No cash was involved.

"BLUENOSE" ON THE WAY TO CHICAGO WORLD'S FAIR

Trim and neat, her sails lapping the wind and looking every bit the queen of the North Atlantic fishing fleet, the Bluenose hove into Halifax, and for three days gave Haligonians an opportunity of seeing their pride "dressed in her Sunday best" for the World Fair at Chicago. Thousands of citizens boarded the neat craft which was berthed alongside the administration offices of the Halifax Harbor Commissioners. The Bluenose left Friday afternoon and was soon reported breaking records along the route which takes her up the St. Lawrence. She will be Canada's one big exhibit at the World Fair and will be a wonderful advertising medium for Nova Scotia's fishing industry.

Loyalist Family Made New Home At Marble Cove

Grandfather of G. B. Taylor First Male Child After Landing Here.

To have the distinction of being the first male child born after the landing of the second party of United Empire Loyalists on October 8, 1783, was the honor bestowed upon James Valentine Reynolds, grandfather of G. B. Taylor, of Saint John.

Arriving on the second shipload of Loyalists in the late fall the parents of Mr. Reynolds, Mr. and Mrs. Jesse Reynolds built, a small cabin at the mouth of the Saint John River about where the Power Boat Club is now located. They selected this spot as it was handy a cold boiling spring which was open practically the year round. Their son, James Valentine, was born on February 14, 1784.

In recalling the interesting history of the family, Mrs. Joseph Irvine, of Douglas Avenue, a sister of G. B. Taylor's, and granddaughter of James Valentine Reynolds, told of having in her possession a table on which her great-grandparents, Mr. and Mrs. Jesse Reynolds, ate their first meal following the docking of the ship on the shores of the Saint John River. The table was built on the ship during the voyage her by Mr. Reynolds and a friend, a Mr. Carpenter.

As they had to make a hasty leave of their home in New York in order to evade persecution at the hands of colonists who rebelled against treatment by England, Mr. and Mrs. Reynolds lost considerable property. In later years Mr. Reynolds made two trips back to New York in an effort to retrieve some of their belongings and property.

Other grandchildren of James Valentine Reynolds living in Saint John are Mrs. John Brown, Albert Taylor and William Taylor. All are taking a keen interest in the 150th anniversary of the landing of the Loyalists to be held on May 18.

Coming Star

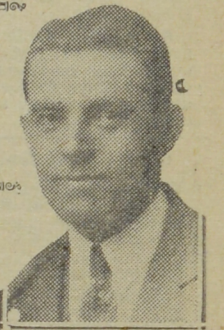

MISS FREDA JAMES, the young Nottinghamshire player, who won the Women's Singles Championship of the British Hardcourt series at Scarborough. This talented player has already defeated Mrs. E. Fearnley Whittingstall, England's ranking woman star.

"Dobson? I hardly know him!"
"Why, he said that he was thoroughly acquainted with you!"
"He is—he married my former wife!"

SPOTS of Sport

By RAY HANSEN

A GOOD MANY SPORT FOLLOWERS IN the Maritime Provinces have been under the impression that horse racing was dead and all that was left to complete the obsequies was to hang a piece of crepe on the various tracks. This is evidently contrary to fact. From Woodstock, N. B., comes the word that fifteen horses are in training for anticipated season's events and that the racing spirit is by no means dead in that part of the province. This will be good news to many hereabouts who love harness racing. T. V. Monahan, of Fredericton, is sending his racer Keystone to Island Park to be trained and raced by Peter Conroy. This is a royally bred horse, five years old, by Peter Volo and is out of Worthy Lady by Moko. Worthy Lady is a full sister of Real Lady 2.03 and her dam was Fruity Worthy has five in the 2.10 list. Keystone was sold at the New York sale as a two-year-old for \$2,000. Squire Bros. had Keystone, Proctor and Fair Name and held Keystone at a higher price than the other two. Proctor has since taken a trotting record of 1.59 1/4. Keys trained and raced Keystone as a three-year-old and won a heat in Halifax, N. S., in 2.20. He was only started three times when he developed a crack in his hoof and was laid off. He was turned out last season and has grown and developed into a fine looking sturdy horse. He has been jogged all winter and is in fine shape to take early training. Keys trained him to the trot but lately he has developed a notion to pace and will likely be trained this spring on the lateral gait.—Eric Brown of Centreville is in Woodstock with five head. Orto Manor (T) 2.05 1/4 Ortolan Axworthy out of Royal Manor by Royal Line; Margaret Ann (P) 2.11 1/4 by Ax Dewey out of Lady Broadway; Queen King (P) by Woodcliff King, a green pacer; Queenie Dillon, a great five year-old pacer; Audrey C a green trotter out of Uncertain and sired by Bogolusa (T) 2.06 1/4. Mr. Brown owns the first two. Dr. W. B. Sommer ville, of Bristol, owns Audrey C, and Mr. Hill the other two.

BOXING ENTHUSIASTS THROUGHOUT THE WORLD ARE beginning to manifest interest in the two heavyweight bouts scheduled in June. Jack Sharkey, world's heavyweight champion, is billed to defend his title against Primo Carnera, the Italian giant, in Madison Square Garden bowl on June 29; while Max Schmeling, former title holder, is to be pitted against Maxie Baer, of California, in the Yankee Stadium on June 8. Sharkey and his trainer, Tony Palozolla, are completing arrangements for a six-weeks' training grind at Gus Wilson's camp at Orangeburg, N. Y. They plan to start about May 15. The champion's present weight is 201 pounds and he hopes to get in condition and still retain about 199 pounds. Carnera is due in this country today or tomorrow and on his arrival will start getting in shape for the title bout. Schmeling is going through his paces at Lake Swanhanca, N. J., and Baer is working out at Atlantic City. Commenting on Maxie Baer recently, Jack Kearns said that he is the greatest fighter in the world from the shoulders down. From this it would appear that the former well known manager has no great respect for Maxie's "grey matter."

AIR AND STILL MORE AIR IS APPARENTLY ONE OF THE essentials in hockey according to word from Montreal telling that Sylvio Mantha, husky defence star, and Howie Morenz, the great centre star, are having their breathing organs, or rather the intake to the said organs, put in shape. Nasal obstructions are being removed and Sylvio, who has been in the hands of the surgeons, claims to have been greatly benefitted. Howie is slated to undergo a similar operation. Hockey is one of the most strenuous sports known and any respiratory impediment would be a big handicap to a player.

ACCORDING TO REPORTS A MOVEMENT IS ALREADY ON foot to organize the Suburban Softball League along the C. N. R. Tommy Stack, who is a keen sport enthusiast, is busy arranging for an early meeting of those interested. Softball was very popular in suburban districts last year and there is no reason why it should not be equally if not more popular this season. The Beanville League is also going to get re-organized and away to an early start. Hal Robertson, the home-run king of this league, is out to meet all rookies or old-timers in defense of his honors. He is said to be in the pink of condition and eagerly waiting for the grand opening to get another smack at the "old pill." From all indications the City League is ready to get away to an early start and owing to the friendly rivalry existing among the various teams competition is expected to be very keen. While many people scoff at softball as a sport there are many things in its favor. It is a good healthful outdoor pastime, gives many an opportunity to play who are not fitted for hardball and affords good competition and lots of fun.
