

## More Funds Are Needed From The Christmas Seals

Association For Prevention of Tuberculosis Is Doing Fine Work.

Dr. H. A. Faris, president, and all other officers were re-elected when the Association for the Prevention of Tuberculosis held its annual meeting in the Health Centre on Tuesday afternoon.

The financial statement submitted by Miss Helen Sidney Smith, treasurer, showed that although last year the returns from the sale of Christmas seals had not been sufficient to meet the requirements, the drive this season was most encouraging. Hope was expressed that the influx of contributions would continue unabated in the few remaining days before Christmas so that the association's work could be continued in 1935.

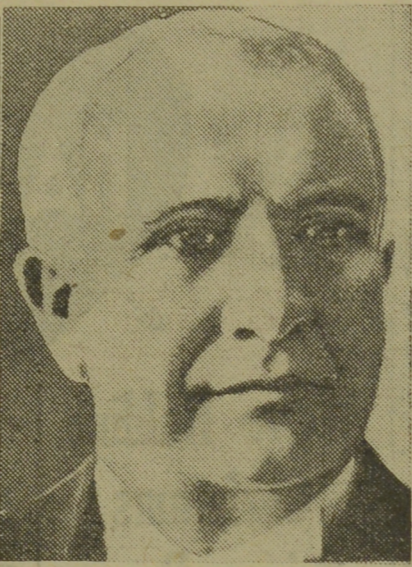

During the last year the organization, besides sponsoring the clinics, nurses' visits and other services, had sent out 40 baskets of fruit as gifts of the board members to bed patients in their home. Christmas trees had been trimmed at the Tuberculosis Hospital by a committee; a booth had been conducted at the Saint John Exhibition, and the present seals campaign had been undertaken with personal solicitation as a new feature.

A vast amount of work had been done by Miss Alice P. Hegan and Miss Sarah Brophy, the two nurses, and by the Tuberculosis Hospital doctors.

### RUSSIAN PROGRESS

Propaganda will be spread from a new Russian aeroplane which contains a cinema, printing press, and broadcasting stations. The loudspeakers can be heard from a height of half a mile.

## 'Modern Napoleon'

"Modern Napoleon" is the designation being given GEN. JOSE ESTIGARRIBIA (below), commander of the small Paraguayan army which routed the larger, better equipped Bolivian army led by German war veterans, in the campaign which has virtually ended the six-year warfare over the "Chaco" territory. EUSEBIO ALAYA, the President of Paraguay, is shown above.
