A MODERN MIRACLE

The GENUINE RADIOTRON as used by 90 per cent. of radio manufacturers, is indeed a miracle of modern engineering. It is the vital element in the efficiency of your set. That is why these radio manufacturers take such care to design their radio in order to utilize the utmost efficiency of the radiotrons. That is why you should replace worn tubes with the same type. You can be sure of restoring your set to its original perfection by insisting on WESTING-HOUSE Genuine Micro-Sensitive Radiotrons.
