Halifax Rugby League Ready For The New Season

Winners To Travel To Cape Breton For Series There.

The Halifax City Rugby League has drawn up its schedule for the present season, with the opening arranged for October 6, when Wanderers of Halifax meet the Acadia squad at Wolfville, while Dalhousie University and United Services play at Halifax.

The winners of the league will travel to Cape Breton this year to compete with winners there. Much interest is being shown in rugby in Nova Scotia this year and a fine season is expected.

At the annual meeting there was discussion in respect to the rules. Suggestions were made that the rules be changed to produce more open play. No action was taken but it was suggested that coaches should stress the need of a more aggressive type of game in an effort to assure greater interest on the part of the public.

The schedule for the Halifax City Rugby League is as follows:

- Oct. 6—Wanderers vs. Acadia at Wolfville, 3.30. Dalhousie vs. United at Wanderers, 3.30.
- Oct. 13—Dalhousie vs. Wanderers at Dalhousie, 3.30. Acadia vs. United at Wanderers, 2.00.
- Oct. 20—United vs. Wanderers at Wanderers, 3.30. Acadia vs. Dalhousie at Dalhousie, 2.00.
- Oct. 27—Wanderers vs. United at Wanderers, 3.30. Acadia vs. Dalhousie at Wolfville, 3.30.
- Nov. 3—Wanderers vs. Dalhousie at Wanderers, 3.30. United vs. Acadia at Wolfville, 3.30.
- Nov. 10—Wanderers vs. Acadia at Wanderers, 2.00. Dalhousie vs. United at Dalhousie, 3.30.

CARDINALS WIN THE FIRST GAME OF WORLD SERIES

The first game of the World Series ended with the score reading 8-3 with the Saint Louis Cardinals on the long end of the score, with Jerome (Dizzy) Dean pitching for the Cardinals and General Al Crowder for the Detroit Tigers.

The first game was played on Navin Field in Detroit with thousands of people being forced to stay outside as the capacity of the field is 47,000.

The Cards opened the scoring with two runs in the second inning, one in the third, one in the fifth and four in the sixth, while the Tigers scored one in the third, one in the sixth and one in the eighth.

Where users of pedal cycles are concerned, the most dangerous age is sixteen.

Will He Duplicate His 1931 Feats?

This is JOHN L. ("Pepper") MARTIN, third baseman of the St. Louis Cardinals, who are striving with Detroit for the championship of the world in baseball. Martin was lead-off man for the Cardinals in the first game and his importance in the eyes of the Cardinal management is thus shown. Fans got many thrills from "Pepper" during the season just closed and he is expected to be outstanding in this world series. In the 1931 world series "Pepper" was the brightest star and made 12 hits in 18 times at the plate against some of the most expert pitching ever seen on the diamond, as well as doing some daring base running.

FANNING FOR THE FANS

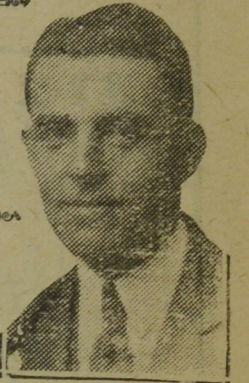

By LLOYD M. YOUNG

GLANCING OVER SPORT for the past week we find football in operation, and hockey clubs talking over their prospects for the coming season, with the players getting in trim, and the meeting of the Big Four which will take place about October 15. The World Series is underway with Detroit being in the running after a lapse of twenty-five years. Two million, one hundred thousand words were sent out from press headquarters on the America's Cup races in which the Rainbow came home with the Mug. Babe Ruth has played in more world series than any other baseball player in the history of the game. Halifax will have a senior, intermediate and junior as well as school rugby leagues in the running this year. Hughie O'Leary, defence player for the Saint John Beavers, is registered at the U.N.B. Law School and under intercollegiate rules he is eligible to play hockey for the college. Dr. C. S. Henderson won the championship of the Parrsboro Golf

Club. The National Hockey League opens in Montreal on November 15 with the Maroons and the Chicago Black Hawks getting under way. Doggie Kuhn and Jackie Keating will leave shortly for their training period prior to playing hockey this winter. Fred Perry, world's premier tennis player, has been offered \$100,000 to make a series of short motion pictures. The change in the rugby football rules for this season is as follows: Law 15, section G., now provides that the ball is not fairly in a scrum until it has passed one foot of a front row player of each team, instead of both feet as formerly. Section K of the same law now reads: "No foot of the first three feet of the front row forwards of each team on the side on which the ball is being put in shall be raised or advanced beyond the line of feet of the front row forwards until the ball has passed that foot. Other feet may be raised or advanced as soon as the ball is fairly in" (Continued on Page 9, Col. 2)

SPOTS of Sport

By RAY HANSEN

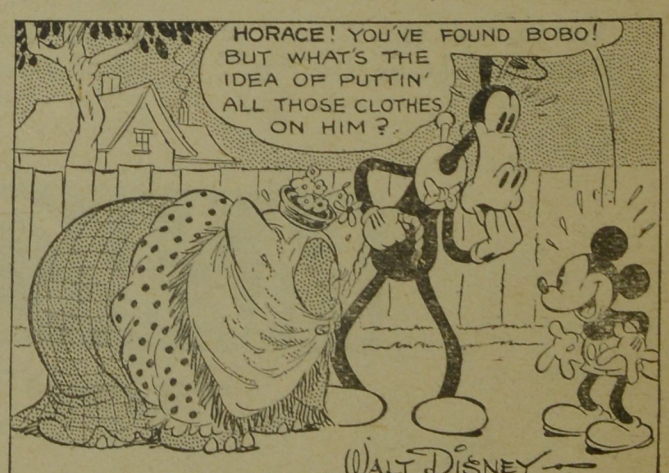

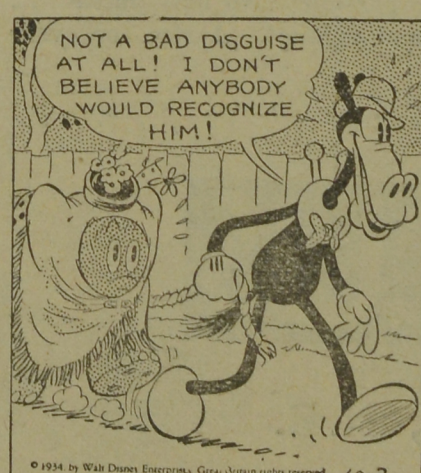

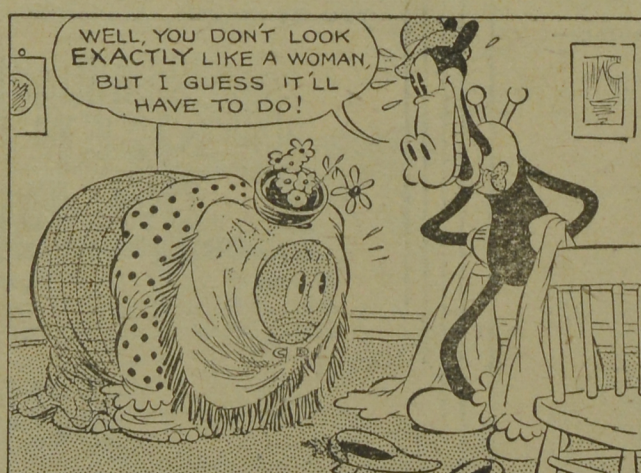

WHEN COMMODORE BARNES OF THE R.K.Y.C. returned home after viewing the big yachting classic between the Endeavour and the Rainbow he expressed a wish to see a Lunenburg fishermen's crew on the decks of the English challenger and a Bluenose skipper at her helm. He has voiced the unspoken wish of thousands. In asserting that there are no faster sail handlers in the world he merely stated a fact. Owner Sopwith may or may not challenge again, his first statement being emphatic that he was through, but later his remarks would indicate that he had a slight change of heart. As far as Canadians are concerned they would like to see a Canadian-built yacht with a Lunenburg crew go after that old silver mug. They have no fear of being outgeneraled as they are fully conversant with U. S. yachting methods and would welcome the day they could pit their skill against that of any other nation in the world. There is also little danger of any rival yachtsman attempting to crowd them off their course, if they did "it would be just too bad." It would not be a question of a protest flag, but rather an S.O.S. Another thing there would be no question of international misunderstanding. The Canadians and Yankees are rivals in every line of sport, resembling to a great extent brothers who will fight tooth and nail among themselves, and let it go at that. Sport editors may take a crack at one another, but politics are not welcomed in this field. Another thing, the Yankees know what they are up against when they meet Canadians. Here's hoping that a Canadian syndicate of sportsmen will get together and issue a challenge. It is hard to conceive anything that would create more intense enthusiasm in sportdom.

THE FACT THAT THE CANADIENS OF THE N. H. L. ARE coming to Saint John to train should prove a great boon to hockey in this city. It will be the first time in history that one of the major league clubs ever came to the Maritimes to train. In addition to benefits which the Beavers should derive from watching them being put through their paces the visit of this colorful galaxy of stars should create intense enthusiasm among hockey fans. Then again the city should benefit from an advertising standpoint, for the doings of this major league club will be watched with interest by every hockey organization and enthusiast in America. It would appear to be a master-move on the part of The Forum management in inducing them to come here. Citizens in general will unite in hoping that their stay will be a pleasant one and that the training facilities at The Forum will meet all requirements. The fact that the Boston Bruins are expected to meet the Canadiens in an exhibition game is another attraction which is being awaited with marked interest. From all indications hockey should go over big this season.

A LOT OF BASEBALL FANS WHO LEFT HERE LAST SATURDAY night en route to New York in anticipation of witnessing some of the world series games must have been bitterly disappointed when they learned the Giants had been eliminated. Owing to the command lead the New York club held right up until the closing stages fans went ahead and arranged for their holidays and many left Saturday night on the last excursion steamer of the season. It is the first time on record that a club with the pennant apparently clinched three weeks prior to the termination of the schedule cracked under the strain and were eliminated on the very last day. It proves the old saying, "anything can happen in baseball."

AFTER ONE OF THE MOST HECTIC FINISHES IN YEARS the National League proclaimed a winner last Sunday when the great "Dizzy" Dean shutout the Cincinnati Reds, for his thirtieth win of the season, while the Giants were being turned back by the Dodgers. The great pitching of the Dean brothers was directly responsible for the St. Louis triumph. "Dizzy" turning in thirty victories and his brother Paul, nineteen. Out of 95 wins during the season this great combination were responsible for 49, truly a wonderful performance. They may be called "Dizzy" or Daffy" or braggarts, but there is one thing certain and that is they can pitch. They may be eccentric or temperamental and they stirred up considerable trouble during the season, but there is one thing no one can deny and that is they were ever willing to go in there and carry the pitching burden. Readers may be interested to know that the records show "Dizzy" as twenty-three years of age and his brother Paul as twenty-one. If they continue through the world series to show class it will be interesting to note their actions when they (Continued on Page 10, Col. 2)
