

## ALLEGED IRREGULARITIES

THE NEW Brunswick Government has authorized Peter J. Hughes, K.C., to investigate and report upon activities of certain officials of the Department of Public Works in Restigouche County prior to July 15, 1935. According to the announcement the Government is to attempt to get back from some officials money which, it is said, was taken from the Province unlawfully. The alleged irregularities included adding names to the payroll when person was not employed; allowing workers more time than actually worked; adding to payroll names of children who did not work; allowing children men's wages, etc.

It is hoped that the amounts rebated will cover the costs of the enquiry, but in the meantime the Government should see that no similar practices are being carried on under the present administration. It is to be hoped that children will not be employed at men's wages because of their political party affiliations when unemployed men not favorable to the present Government are left idle. It is hoped also that the road supervisors will not be permitted to draw pay for their own equipment and horses when men who have other political views are barred from any sort of employment. In other words, it is the hope of the people of the Province that while the Government is having an investigation made into alleged irregularities of another administration that similar irregularities are not being carried on.

## Good Opportunity To Learn More About Pottery

Royal Arms Chapter To Sponsor Educational Feature.

Much information on pottery and its manufacture will be made available for those who attend a lecture to be given under the auspices of the Royal Arms Chapter, I.O.D.E. in the Admiral Beatty Hotel this Friday evening at 8.00 o'clock. The lecturer is to be H. T. Thompson, of Toronto, who has had wide experience in pottery manufacture. He will talk of the history and background of pottery and will show

motion pictures of the processes of manufacture. There is to be a display of dishes and some lucky person attending the show will receive a valuable gift. The Royal Arms Chapter members feel that they are making a real opportunity for those interested in dishes to learn much about how they are manufactured. The regent of the Chapter is Mrs. H. M. MacAlpine.

A small admission fee is to be charged and it is expected that many people will take this opportunity to enlarge their fund of information on dishes.

## Public Rest Room For Women Is Need Of Present Time

Accommodation of This Sort Very Limited in Saint John.

A modern public rest room for women is one of the needs of Saint John. Women visiting the city from the country districts have spoken of the need of such accommodation. At the present time some of the stores have rooms where women may rest but these are available only during business hours, and in the evenings and on holidays there is no place of this nature for women. Other cities pride themselves on the accommodations made avail-

able for those who come into the city for a few hours. It is said that these accommodations help business, and as women make up the bulk of the shoppers it is felt that rest rooms help to bring in shoppers.

## New Store Handles Clothing For Men

Allan A. Whitebone in Business at Corner of Waterloo and Peter Streets.

Allan A. Whitebone, employed with Scovil Bros., Ltd., for the last 27 years, has opened an attractive Tailored to Measure Men's Wear store at the corner of Waterloo Street and Peters Street, formerly occupied by Eaton's Grocceteria. The store taken over by Mr. Whitebone is completely renovated and redecorated and is replete with the latest fall and winter clothes at moderate prices. Pressing, repairing and alterations by experts will be featured; also invisible weaving for tears and burns. Thoroughly familiar with men's clothing after many years of experience, Mr. Whitebone welcomes friends and business acquaintances and all who are careful of their clothes budget to visit his new store.
