They're All Necessary Foods — But All Acid-Forming. Hence Most of Us Have "Acid Stomach" At Times. Easy Now to Relieve.

Doctors say that much of the so-called "indigestion," from which so many of us suffer, is really acid indigestion . . . brought about by too many acid-forming foods in our modern diet. And that there is now a way to relieve this . . . often in minutes!

Simply take *Phillips' Milk of Magnesia* after meals. Almost immediately this acts to neutralize the stomach acidity that brings on your trouble. You "forget you have a stomach!"

Try this just once! Take either the familiar liquid "PHILLIPS", or, now the convenient new Phillips' Milk of Magnesia Tablets. But be sure you get Genuine "PHILLIPS".

Also in Tablet Form:

Phillips' Milk of Magnesia Tablets are now on sale at all drug stores everywhere. Each tiny tablet is the equivalent of a teaspoonful of Genuine Phillips' Milk of Magnesia.

Five Provinces Of Canada Now Under Marketing Board

All Have Agreed To Regulations Governing Potato Handling.

The Province of Quebec has definitely come under the pegged price schedule and regulations of the Eastern Canada Potato Marketing Board, it was stated by G. C. Cunningham, New Brunswick member of the Board, who has returned from a trip to Ontario and Quebec in the course of which he visited Ottawa, Toronto, Guelph and Montreal.

All of the five eastern provinces of the Dominion are definitely linked up in the scheme for regulation of potato marketing. The provinces of New Brunswick, Nova Scotia, Prince Edward Island and Ontario were the first to join, and the application of the Quebec Government was presented recently and has been accepted. The Quebec agency of the Board will be located in Montreal. Officials of the Quebec agency conferred recently with the dealers of the Montreal district, who are giving friendly co-operation.

LIFE'S SCRAPBOOK

"Love makes no parade, gives itself no airs, is never rude, never selfish, never irritated, never resentful; love is never gladdened when others go wrong, love is gladdened by goodness, always slow to expose, always eager to believe the best, always hopeful, always patient. . ."—I Corinthians, 13; Moffatt.

"Which is apt to serve my welfare, my peace, my tranquility, my joy, the more? And then, which will serve the world, open the door of heaven, which indeed will we usher in, love or hate? . . . Remember that the judgment will be upon us, and if we love not, then we live not, for Love is life."—Kimball.

"Love is not something put upon a shelf, to be taken down on rare occasions which sugar tongs and laid on a roseleaf. I make strong demands on love, call for active witnesses to prove it. . . and unless these appear I cast aside the word as a sham and counterfeit, having no ring of the true metal."—Mary Baker Eddy.

"Love is a secret no man knows 'Till it within his bosom glows."

Only those despise the emotion who have never come under its sway. It is a weakness in which lies our strength; a mystery which is simplicity itself."—Charles H. Spurgeon.

"Instead of love being the occasion of all the misery of this world (as is sung by fantastic bards) the misery of this world is occasioned by there not being love enough."—Disraeli.

CHRISTIAN SCIENCE SERVICE

At First Church of Christ, Scientist, corner of Germain and Queen Streets, the subject of the lesson-sermon next Sunday is: "Doctrine of Atonement." Golden Text: Hebrews. "Christ was once offered to bear the sins of many; and to them that look for Him shall He appear the second time without sin unto salvation."

Among the citations are the following: Matthew 4: 23—"And

Jesus went about all Galilee, teaching in their synagogues, and preaching the gospel of the Kingdom, and healing all manner of sickness, and all manner of disease among the people." And from Science and Health with Key to the Scriptures, by Mary Baker Eddy, 26:14. "Divine Truth, Life and Love gave Jesus authority over sin, sickness and death. His mission was to reveal the Science of celestial being—to prove

what God is, and what He does for man."

SAVED BY FEARLESSNESS
Melbourne. — Three-year-old Vance Cole, of South Purrumbete, Victoria, had a three-foot snake coiled round his ankles—and was not bitten. His mother declares that he was saved by his fearlessness. "He often sees eels," she said, "and probably thought this was just another of them."
