**THESE PILLS** are PURE VEGETABLE EXTRACTS, beneficial to the human constitution, diuretic, expectorant, sudorific, and cathartic. They may be administered in the mild or ordinary forms of disease with great benefit.—They may be given in chronic cases or the more violent forms of disease, for, from their peculiar composition, their safety and general efficacy have been often acknowledged by old and young, by male and female.

As a medicine for general use they are unequalled, and particularly recommended to families who may reside distant from physicians, when many hours must elapse before medical attendance can be had. They are the best, safest, most efficacious, besides the cheapest Pills ever introduced, and may be taken with perfect safety by either sex, old, or young, at all times, and under all circumstances. They require no restraint from occupation, no change of living or diet, nor is there danger of cold while taking them.

Their operation may be made mild and gentle, or active according to the number taken.

The delicate, or feeble, the strong and robust, may take them with equal benefit. Beware of imitations!

Sold wholesale and retail by the Agent H. A. Taylor, Halifax, N. S. and Henry Elliott, Pictou, J. S. Newcomb, Cornwallis, Thos. Crosskill, Bridgetown; and William R. Watson, Charlottetown, Prince Edward's Island.

A liberal discount made to Druggists, or vendors of Patent Medicines.  
 Forty Pills in each Box. Price fifteenpence.
