Revoluta Arabica Food.

OF all discoveries, none has conferred greater benefit upon mankind than that made by Du Barry some years back. We allude to a plant grown upon gentlemen's estates in America, called Du Barry's Revoluta Arabica. Its superiority over Pills and other medicines in soothing disease and keeping off the enemy is manifested in a marked degree in the metropolis, where the public health has latterly acquired a tone it never attained before; thus, besides a great falling off in disease, there is a decrease in deaths from 10 to 15 per centum, whilst the births exceed the deaths by 40 per cent. Testimonials from parties of unquestionable respectability, have attested that it supersedes medicine of every description in the effectual removal of indigestion (dyspepsia), constipation, and diarrhoea, nervousness, biliousness, liver complaint, flatulency, distension, palpitation of the heart, nervous headache, deafness, noises in the head and ears, pains in almost every part of the body, chronic inflammation and ulceration of the stomach, angina pectoris, erysipelas, eruptions of the skin, impotent consumption, dropsy, rheumatism, gonorrhoea, hæmorrhoids, and sickness during pregnancy, after eating or at sea, low spirits, spasms, cramps, spleen, general debility, paralysis, asthma, cough, inquietude, sleeplessness, involuntary blushing, tremors, dislike to society, untidiness for study, loss of memory, delusions, vertigo, blood to the head, exhaustion, melancholy, groundless fear, indigestion, and many other complaints. It is, moreover, admitted by those who have used it to be the best Food for infants and invalids generally, as it never turns acid on the weakest stomach, but imparts a healthy relish for lunch and dinner, and restores the faculty of digestion and mastication, being adapted to the most delicate. For the benefit of our readers a synopsis of a few of 50,000 testimonials received by Mr. Du Barry upon the invaluable efficacy of his Revoluta Arabica Food—Case No. 75—from the Light Hon. Lord Sturart de Decies:—'I have derived much benefit from Du Barry's Health-Restoring Food, being a case of Decies, Bronchitis, Captopium, county of Waterford.' Case No. 180.—'25 years nervousness, constipation, indigestion, and debility, from which I had suffered great misery, and which no medicine could remove or relieve. I have been effectively cured by Du Barry's Health-Restoring Food, which restored my health, and enabled me to resume my usual avocations. Case No. 1784.—'Not expected to live six days longer, I was cured by Du Barry's Health-Restoring Food—Magdalena Purvis, Moffat, Scotland.' Case No. 4,208.—'Eight years dyspepsia, nervousness, debility, with cramps, spasms, and hæmorrhoids, for which my servant had consulted the advice of many physicians, and been entirely cured by Du Barry's Health-Restoring Food in a very short time. I shall be very happy to answer any inquiries—Rev. John W. Flavel, Riddington Rectory, Norfolk.' Case No. 1,609.—'Three years excessive nervousness, with pains in my neck and left arm, and general debility, which rendered my life very miserable, has been radically removed by Du Barry's Health-Restoring Food—Stuart, Archdeacon of Ross, Skibberene.' Case No. 2,704.—'I consider you a blessing to society at large. It is not for to bid all the benefit Du Barry's Health-Restoring Food has been to me, and my little boy cries for a saucer of it every morning.—Walter Keatinge, 2 Manning-place, Five Oaks, Jersey. Case No. 3,906.—'Thirteen years cough, indigestion, and general debility have been removed by Du Barry's excellent Health-Restoring Food—James Porter, Athol st, Perth.' Case No. 81.—'Twenty years' liver complaint, with distress of the stomach, bowels, and nerves, have been perfectly cured by Du Barry's Health-Restoring Food—Andrew Fraser, Haddington, East Lothian.' Case No. 79.—'Levon Cottage, Bromley, Middlesex—Gentlemen.—The Lady for which I ordered your food was six months advanced in pregnancy, and was suffering severely from indigestion, and constant vomiting, which rendered her unable to eat, and she was constantly obliged to resort to physic or the enema, and sometimes to both. I am happy to inform you that your food produced immediate relief. She has never been sick since, had but little heartburn, and the functions are more regular and vigorous than usual.—Messrs.
