This book fills a useful place in biograpical literature. The "Life of Wilberforce" as written by his sons, is so large and expensive as to be beyond the reach of the great majority of readers. It also contains too many minute and cumbersome details. Still everyhold would like to read the "Life" of the solution of the great and confidence of the world.

—She is also to consider well the element of religion—to ask is the Bible a sectarian book fills a useful place in biograpic to know the duantity and quality of the education which is to introduce to the Province, Bachelors and Masters of Arts, Doctors of Divinity, and other certified professionals, who are hereafter to claim the respect and confidence of the world.

—She is also to consider well the element of religion—to ask is the Bible a sectarian book fills as useful be so nefarious and base.

For the third time the Allies have opened fire before Sebastopol, and with greater advantages and chances of ultimate success than ever. Our advanced positions command the famous Malakhoff Tower. The guns of the equatity and quality of the education which is to introduce to the Province, Bachelors and Masters of Arts, Doctors of Divinity, and other commodious harbour of Faro-sound, and not be obliged to return home at the end of the vantages and chances of ultimate success than until time the Allies have opened fire before Sebastopol, and with greater advantages and chances of ultimate success than until time the Allies have opened for be obliged to return home at the end of the commodious harbour of Faro-sound, and not be obliged to return home at the end of the commodious harbour of Faro-sound, and not be obliged to return home at the end of the commodious harbour of Faro-sound, and not be obliged to return home at the end of the commodious harbour of Faro-sound, and not be obliged to return home at the end of the commodious harbour of Faro-sound, and not be obliged to return home at the end of the commodious harbour of Faro-sound, and not be obliged to return home

Islament responsible to government was in former times thought impracticable.—Hence the task of instruction was demitted to the clergy of Christ. I loathe the idea of handing over the temperature of Christ. I loathe the idea of handing over the the week of Christ. I loathe the idea of handing over the week of Azoff, or in the Baldiary grants, and forming enactments for the the when the when the when the communions, to which such men as Matthew Henry, and Doddridge, and Robert Hall,

I loathe the idea of handing over to voluntary effort, the state making subsidiary grants, and forming enactments for the same party of these establishmore efficient management of the estruction of Cronstadt, would prove an irretrievable blow to Russia, and it is natural that our great eleave to return to England.

The Donald of Canada, and Mr. Simpson of Cronstadt, would prove an irretrievable blow to Russia, and it is natural that our great eleave to return to England.

Section No. 3, about 5 miles by Mr. Donald Canada, and Mr. Simpson of Cronstadt, would prove an irretrievable blow to Russia, and it is natural that our great eleave to return to England.

The Donald o

body would like to read the "Life" of the —and whether it is to be ignored in any of former possessors; our Allies are in excellent the land troops during the winter. —and whether it is to be ignored in any of champion of the oppressed everywhere, the pions Author of Practical Christianic Ty; and Mary A. Collier has produced just such a book as one likes to read all through; short, interesting, complete, William Wilberforce is above eulogy: his name has a high and deligious places in the most favourable condition.

—and whether it is to be ignored in any of her schools upon any plea or pretence, and whether to do so were not to give up the main element which produces the moral superiority of protestants over papistical countries—Whether sectarian grants should be given at all is such a book as one likes to read all through; short, interesting, complete, William Wilberforce is above eulogy: his name has a high and chillion places in the contest will be obsticated as the ratio of division.

—and whether it is to be ignored in any of her schools upon any plea or pretence, and whether to do so were not to give up the main element which produces the moral superiority of protestants over papistical countries—Whether sectarian grants should be given at all is a question of great importance, and if so the proportion of numbers, as well as other elements, should be well calculated as the ratio of division.

—and whether it is to be ignored in any of her schools upon any plea or pretence, and whether to do so were not to give up the main element which produces the moral superiority of protestants over papistical countries—Whether sectarian grants should be given at all is an under the immense power of ordanance that will be brought to bear upon the walls, it is quite possible that by this time a breach has been effected. Still, under the most favourable elements have appeared as to the losses of the French before Sebasto-own resources. Calculating the nearness to which our batteries have been pushed forward and the immense power of ordanance that will be brought to bear upon the walls, it is quite forward as to the losses of the French before Sebasto-own resources. Still and the land

short, interesting, complete, William Wilberforce is allyoe eulogy; his name has a high and abiding place in the annals of the British Empire; and this "Life," if not worthy of him, is at least the best and most available extant. The book is beautifully printed on good paper, and substantially bound.

FITHLIP COLVILLE: A Covenanter's Story.

By Grace Kennedy. New York: Carter & Brothers. Halitax, A. & W. McKinlay.

This is a tale of Scotland's saddest, gloomic est days—days of oppression, spoliation, and shedding of innocent blood, even the days of Charles II., and his villain brother James—It is the last production of Grace Kennedy, and is unfinished owing to her untimely death. It is well worth reading as indeed all her writings are. Miss Kennedy is favourably known as the author of "Fathor Clement," "Jessy and most account of all grants from the matter, as the evidence taken before an about of the reduction of papiest study.

For ourselves we would rather see the see in the sate and bloody on both sides. That the gar back existence as dearly as possible circumstances, the contest will be obstinate and bloody on both sides. That the gar back existence as dearly as possible circumstances, the contest will be obstinate and bloody on both sides. That the gar back existence as dearly as possible circumstances, the contest will be obstinate and bloody on both sides. That the gar back existence as dearly as possible, is only too certain. Already, however, the light on the substance of children the childre

Russy's tinuance of the war is attributable solely to Government the unreasonable violence of the allies. Russia, for this purpose, does not hesitate to misrepresent the causes of the war, the concessions it has made, and to suppress the decessions it has made, and to suppress the demands of the Allies. In Count Nesselrode's when the New Brunswickers admirably maincessions it has made, and to suppress the demands of the Allies. In Count Nesselrode's dast circular thora were learned to the challenge of the former, we learn came off in Boston harbor on the fifth July, when the New Power and the State of the Count Nesselrode's last circular there were some insinuations thrown out rather calculated to excite German jealousies against France. In the present one, it answered the purpose of Russia to use a very different language: "At war with France, Russia feels no animosity towards her. The interest of the two countries has nothing to gain in the struggle." Such is the plausible strain of Russian diplomacy. To a certain extent, such diplomacy has succeeded; but will it do so now that Europe has become any kind on that day.

We may conquer Russia by other means than the sword. It is said the prisoners we

The following despatch was received at the Exchange Reading Room, at 9 o'clock on Thursday evening. We presume it to be a correct list of the officers killed at the recent attack upon Sebastonol:

The following despatch was received at the Exchange Reading Room, at 9 o'clock on Thursday evening. We presume it to be a trial, and to use his own words, they acted they were the Spring, up to the S It seems to be admitted on all hands that the government of every country is responsible for the Education of its youth—that it should erect Colleges for the professions, and build schools for the masses—that it has a duty to perform in supervising the kind of teaching given, and the manner in which it is performed; and that it should provide for the support of the system. The architecture, the books, the instructors, the management, and the funds of the establishment alike require its control. It has been found that to trust Education to the voluntary exertions of a people is to leave the masses in ignorance, to grow up in vive.

A THERD DESPATCH

ALL THE WESLEYAN MINISTERS of this province, New Brunswick, and Newform-lland are to meet in this city to form a Conference on Tuesday next. Drs. Beecham and Richey are expected to return from Canada by that

MR. CASSERES, we understand, is about taking a tour through Nova Scotia for the benefit of his health. We highly approve of Mary Ann Frascr, daughter of Mr. Frederick Tracer, East River, Pictou. the suggestion of our excellent contemporary the Athenœum, that arrangements m made by which some of the Rural Districts might have the privilege of enjoying some of the rare performances which afforded so much delight to the good citizens of Halifax last winter. We hope Mr. Casseres will think upon the subject, and make his rare gifts useful as he may find opportunity throughout the country. His vocation is a noble one, and, rightly used, may tend much to the happiness as well as moral and intellectual elevation of
