M. Hetherington, L. L. D. A. & W. MacKinlay.

"The Footprints of St. Paul," will be

The pictorial illustrations are not merely or namental—they are singularly useful in explaining the sacred text, being accurate representations of ancient oriental scenes. They are really admirably. The notes are brief, generally judicious and evangelical. They are partly original and partly taken from approved commentators. Sold copious indexes add greatly to file the work. The type of the temporal state of the work. The type of the temporal state of the work. The type of the temporal state of the work. The type of the temporal state of the work of the work. The type of the temporal state of the work of the work. The type of the temporal state of the work of the work. The type of the temporal state of the work of the work of the work. The type of the temporal state of the work of the wo lore. This is the fourth commentary—beside two for the young which he has sent forth to the world. The mechanical execution does the Allies, and will not therefore be adgreat credit to the publishers.

DOMESTIC NEWS.

The Legislature has been occupied during the week in bringing the business of the

The Lecture Room was literally crammed before the time, and many had to turn away unable to obtain admission. Our high estimate of the Lecturer's ability on this subject, is already before our readers, and his second appearance has certainly but tended to confirm and greatly to increase our favourable opinion of himself and his performances.—

on the destination of waiting for an attack, will himself become the assailant. A strong body of Russians, consisting, it is said, of 40,000 men, have established a camp at Orta-Oblau, with the double object of keeping open the Muscovite communications with Perekop, and of maintaining an observation upon the Turks at Eupatoria. Between this body of Russians, and the Ottomans under the command of Omar Pasha, an His second lecture was accompanied by a number of highly successful illustrations, in is quite as likely that the challenge to the communication of highly assisted by Mossrs Jeans. which he was ably assisted by Messrs Jeans, M.
