How Dollars Are Made!

By Stopping the Little Leaks
 And losses great fortunes are accumulated. A loss of a few dollars on a suit of clothing may seem a small thing to some men, but it is losses such as these that make many men poor. The man who, instead of dealing with us, goes elsewhere and gets poor, shabby goods and slipshod, careless work in the making-up of these goods, is likely to look poor and feel poor, too, before many years. Gentlemen, stop these little leaks by dealing only with our firm, and you will then be sure of having clothing that will look well, wear well and fit well.

Some of The Best Dressed People

You see on the street are wearing suits and overcoats that have been cleaned, dyed and pressed at J. G. Francis' Steam Dye Works, and made to look as good as new. You cannot tell whether the people are wearing new suits or those that have been done over at the Steam Dye Works.

The cost? Why it is only a mere trifle: You will be surprised how cheaply the work can be done.

A JEALOUS BRUTE.

KANSAS CITY, Mo., June 17.—A horrible tragedy was enacted about nine miles north east of St. Francis, Saturday. Franklin Williams, a farmer, while in a fit of jealousy, attempted to murder his wife, also Miss Alice Smith and William Smith. He then beat the brains out of his two children, a little girl about five years and a boy about nine years, with a hatchet, after which he blew his own brains out with a revolver.

Williams lost his first wife last September, and on May 12 was married to Mrs. Anna Kennedy formerly a Miss Dixon, who had lived near by and who had assisted in his house work for some time past. Their marriage life was very unhappy, and after about four weeks of turmoil the woman left him and went to live with a man named Swanson, a neighbor. During the past week Williams went to the house of Swanson several times, flourished a revolver and threatened to kill his wife and Mrs. Swanson. The Swanson family and Mrs. Williams started to come to St. Francis for the purpose of having Williams arrested.

On the way they stopped at the house of George Smith. While there Williams appeared upon the scene and proceeded to settle the difficulty between himself and his wife by whipping out a revolver and beginning to fire at everybody in sight.

William Smith was shot through the cheek, the bullet tearing away a part of the jaw bone. He was also shot in the back and may die. Miss Smith received a bullet in the breast, but her corset stopped the bullet and she suffered but a slight flesh wound.

Mrs. Williams, the wife, received a bullet in the mouth, but was not seriously wounded. Williams then rode home where he completed his work by smashing the brains out of his two children with a hatchet and shooting himself through the head.

When the sheriff arrived on the scene Williams and the little girl were dead and the boy was dying. The coroner was summoned and held an inquest.

A BOILER EXPLOSION.

FALL RIVER, MASS., June 14.—Explosion of a boiler at H. J. Langley's harness factory on County street occurred about 8.30 this morning. The building collapsed, and it is said some 43 people were burned in the ruins. A fire alarm was rung in and ambulances and physicians were summoned. The entire reserve of the police force was called out, and according to latest information received at the police station, the roof of the factory is off and thrown against the Stafford mills. The police reported 30 killed or injured, and up to 8.45 seven dead bodies had been taken from the ruins.

FALL RIVER, MASS., June 14.—Police have been able to account for all but three of the people known to have been in the Langley building. Four dead bodies recovered up to 1 o'clock, Lelia Horton, aged 17, Adele Dube, 16, Robert Murray, 21, and one man who has not yet been identified. Thomas Bury, 15, and another unknown man are dreadfully injured and may not recover. The three who are missing are supposed to be in the debris. Engineer LaPage was placed under arrest at the instance of the medical examiner. He has since told the police that to his knowledge the boiler had not been inspected since it had been in use. At 11.15 the flames were completely extinguished and hundreds of volunteers were at work overhauling the ruin in search of missing people. The greatest excitement prevails.

PUGILISM IN BROOKLYN.

BROOKLYN, June 14.—The Seaside Athletic Club to-night made the following announcement: "Everything is all right for the Seaside boxing carnival. The club officials received assurance this afternoon from their attorney to go ahead with progress: To give out of town sports a chance to witness the Erne-Dixon contest, a postponement is necessary. At a meeting of the directors it was finally agreed upon to bring off the Erne-Dixon affair to-morrow night. The Hall and Choynski bout will be held on the original date, Monday night. Eddie Pierce has been substituted in place of 'Shadow' Maher to meet 'Young' Corbett."

The new chimes at St. Paul's cathedral, London will comprise seven English, seven Scotch and seven Irish airs. A sacred air will be played on Sunday.

CANCER ON THE LIP CURED BY AYER'S Sarsaparilla

"I consulted doctors who prescribed for me, but to no purpose. I suffered in agony seven long years. Finally, I began taking Ayer's Sarsaparilla. In a week or two noticed a decided improvement. Encouraged by this result, I persevered, until in a month or so the sore began to heal, and, after using the Sarsaparilla for six months, the last trace of the cancer disappeared."

MANY INJURED.

GRIP OF A CABLE CAR BROKE CAUSING SERIOUS DAMAGE.

CHICAGO, June 14.—By the breaking of a grip on a Milwaukee avenue cable car here over a dozen persons were injured. Three of those seriously injured were: Thomas McIlbbon, police officer; Mrs. George Weiant and Adrian Weiant, 8 months old son of Mrs. George Weiant. The car had stopped to receive some passengers, and when the grip man tried to start, the lever refused to work. He tried again and the lever worked too well, for the front end of the car rose up in the air, throwing some passengers into the street and piling those on the inside in a confused heap. Nearly all the people on the car were hurt in some manner, but none but the three mentioned is in any danger of death.

DEATH AFTER A MOSQUITO BITE.

NEW YORK, June 15.—Bertha Wurr, the eighteen-months-old daughter of August Wurr, who lives in the rear house at 44 Morton street, was bitten on the arm by a mosquito on Thursday of last week. The bite made the child restless, and she scratched it continually. The next day the arm swelled until it was twice the normal size, and the child became very ill. Dr. Cole, who was called in, found Bertha in great pain and suffering from a high fever. The child also had great difficulty in breathing. He prescribed for her, but in spite of his care, the little girl died. As the case was a peculiar one, it was reported at the coroner's office, and Deputy Coroner Huber made an investigation. After describing the symptoms, Dr. Cole said he thought the child's death was caused by the mosquito bite. Dr. Huber gave a certificate that death was due to cellulitis, which is an inflammation of the tissue immediately beneath the skin.

MURDER IN SECOND DEGREE.

LOWELL, June 14.—Patrick Sullivan, Patrick Foley and Cornelius Nagle of Somerville were last night found guilty of murder in the second degree by the jury in the Duroy Foster murder case. The jury was out less than two hours. The defendant's counsel was informed that arguments or exceptions raised by them during the trial would be heard June 28. The trial came out of the killing of Duroy Foster, a farmer of Burlington, late one night, on the Lexington road, near Bilerica Center, by three men who were plundering a farmhouse, and to arrest whom Foster and several constables had returned. During a fusillade of bullets Foster was killed.

A DOG WITH DETERMINATION.

BELLEVILLE June 14.—A big Gordon setter, owned by Henry Crampton, saw a black cat take a piece of meat this morning from the shop of W. E. Sanford & Co. It gave chase. The cat sped into the hallway of the Passaic building and up the stairway to the roof with the dog in close pursuit. Around the chimney and cornice went the chase, until the cat in desperation bounded from the roof and landed safely in the yard, forty-five feet below. The dog did not hesitate, but jumped, too, striking on all four feet. The cat got away, as the dog was unable to follow it. The dog is lame, but able to hobbleabout.

WHY SHE DOES NOT EAT.

Princess Mathilde is one of the few Catholics who are permitted to eat meat during Lent by a special decree of the Pope. This dispensation was accorded to her under peculiar circumstances. When the Queen of Westphalia, the mother of Princess Mathilde, once paid a visit to Pope Pius IX at the Vatican, the Pope had a special "bull" drawn up for her benefit allowing her to be exempt from fasting for the rest of her life. "Your Holiness will pardon me," said the Queen, "but I am entitled to eat meat at all times, even without your Holiness' permission, for I am a Protestant."

The Pope smiled and said: "Well then I will transfer the permission to your daughter Mathilde." This was done, and the order is carried out to this day.

DROWNING ACCIDENT.

Word reached this city about noon yesterday of the sad drowning of Bert Nichols the 20 year old son of Mr. James Nichols of Millidgeville. The sad event occurred at Jewett's mills at Millidgeville where young Nichols was employed in rafting logs. Nichols with others was walking over the logs when one turned and precipitated him into the water the current carrying him beneath the logs.

A GOOD REASON.

"But my dear boy, why can't you wait? You are still in college and I don't think it's well for a man in college to be engaged." "Perhaps not Jimmie; but if we're engaged I'll have a decent excuse for leaving college and going to work. If I go out now, people will say, it was because I couldn't pass my examinations." "Well, what if they do? You needn't care what people say do you?" "Yes—when they tell the truth."

BAD MAN IN CUSTODY.

NEW HAVEN, June 14.—Charles Warren the horse thief captured here, proves to be a jailbird who escaped from Alfred prison in Maine. A number of horses stolen by him have been recovered by the local police. Warren is wanted in nearly every New England state for horse thefts.

ATTACK ON A DISTILLERY RE-PULED.

CHICAGO, June 17.—An attack was made on the Sheldahl distillery by an armed party about 1 o'clock this morning. The deputy marshals on guard repulsed the attack, after the exchange of 25 or 30 shots. No one was injured.

Telegram.

A CONVICTED MURDERER MAKES A STATEMENT.

LONDON, Ont., June 17.—William David Welter, the young prisoner condemned to be hanged at St. Thomas to-morrow for the murder of W. H. Hendershott, last night made a confession to his spiritual adviser, Rev. D. Spencer.

He in substance says that John H. Hendershott was not a party to the killing nor did he know anything about it; that he, Welter, was in the woods when the crime was committed, but that it was done by a third party, at the same time giving the name of a prominent farmer of South Wolf township, Elgin county, as the actual murderer. He entirely exonerates all others but this particular man. The name of the farmer in question is one so highly respected and so far above reproach that the authorities have withheld it.

Welter's story in effect was that the deed was committed by the farmer because of some bad feeling between the latter and the murdered man. He, Welter, says he came upon the farmer in the woods engaged in the murderous work and, being detected at the same moment, was threatened with his life if he divulged it or in any way divulged his name in connection with the deed.

County Crown Attorney Donohue placed so little faith in the story that he will neither give the name of the person whom Welter charges with the murder, nor the alleged motive. If the latter was given, he says, it would at once reveal the person.

NEWSPAPER TRAIN WRECKED.

NEW HAVEN, Conn., June 18.—One of the most serious accidents in years on the Consolidated road occurred at 4.30 o'clock yesterday morning, when the Newspaper train from New York jumped the track at Spring street. The brake hose burst. Engineer Matthew C. Higgins called for brakes but the headway was such he could do nothing. The train which was running at 50 miles an hour was smashed to pieces.

The engine left the track at a frog, rolled over 3 times and the cars were piled on top of it. Higgins' left knee cap and leg were broken and he also sustained serious internal injuries. William Chappell, the fireman, was injured internally although he was pulled out of the mess. The wreck was not cleared up until about five o'clock yesterday afternoon.

A CASE OF MISPLACED CONFIDENCE.

HALIFAX, N.S., June 17.—A few days ago a German named John Raus arrived in the city and registered at one of our big hotels as from St. Paul. He said he had been left a fortune of half a million by his father who had just died. His mother and sister were on their way here and the three were to start on a tour of the world. He was wind and dined in style, and borrowed right and left from his new made acquaintances, and on Saturday suddenly skipped out.

FATAL LACROSSE ROW.

MONTREAL, June 16.—During a discussion to-day on Richmond square, about the Capitals and Shamrock lacrosse match, a row took place in which Francis Haynes, a youth of 20, was stabbed twice, once in the chest and again in the back. He was taken to the hospital and will probably die. John Houston was arrested on suspicion and was identified by Haynes, but positively denies the charge.

WHITECAPS GOT THE WORST OF IT.

SALEM, Mo., June 17.—The home of John Harvey was visited by 25 whitecaps. Part of the crowd forced its way into the house, and Harvey opened fire, killing Joseph Nelson. Then he went to a window and fired at a man in the yard, wounding him. Harvey has been enamored of a young woman, and has threatened her life unless she married him. This was the cause of the raid.

VERDICT IN THE OHL CASE.

PRINCETON, N. J., June 14. The coroners jury brought in a verdict in the case of Frederick Ohl to the effect that he came to his death as a result of a wound in the abdomen inflicted by a shot from the pistol of John Collins, colored. Cochran, the other servant who was shot, will probably recover.

KILLED WIFE AND AUNT.

BALTIMORE, Md., June 18.—Charles Clendennin, schemer, shot his 16-year old wife and her aunt, Annie B. Geiger, 27 years old, to-night and then attempted suicide. Clendennin, who was only slightly wounded, claims his wife and aunt frequented houses of ill repute.

FIRE BUG SENTENCED.

OWEN SOUND, Ont., June 17.—John Spencer, charged with setting fire to Creighton's block and causing damage to the extent of \$3,000 some time ago, pleaded guilty Friday and was sentenced to 12 years in the Kingston penitentiary.

ZIMMERMAN AND JOHNSON MACHED.

MANHATTAN BEACH, June 16.—Guy Wilson, press agent of the league of American wheelmen yesterday with Thomas Eck and arranged a match mile race between Zimmerman and John S. Johnson, to be run at Asbury Park during the July meet for \$10,000. Five thousand dollars will be put up by each man and \$5,000 more by the Asbury Park Athletic association.
