

Harvey Station.

R Lyons & Co. have commenced operations on Yoho Stream; they intend getting seven thousand Railroad ties for the C. P. R. Co. and five hundred of lumber for R. Murchie & Co. of Woodstock.

Mr. Alex. Stack and Mr. Fred Pollock left here on the 23rd inst., for Crystal, New Hampshire.

Mr. G. Stack, Alex Stack, J. T. Sullivan, Miss Ella Donohue and Miss Katie Stack, were the invited guests of Miss Emma Essensa of Smithfield on the 22nd inst.

Mr. G. F. Rodgers wounded a large joe-buck one day last week but did not succeed in getting it.

Miss Katie Stack intends spending Christmas in Boston Mass.

Miss Emma Essensa of Smithfield intends spending the coming week with friends in Acton and Harvey.

Notice is hereby given that the Boys' Brigade Light Infantry of Acton, also the Royal Lancers of Cork are to appear in full uniform at the Acton drill shed at 9 o'clock a. m. on the 30th day of December 1896, for the purpose of celebrating the royal wedding of Prince Gregory. For further particulars consult general Arvo, commander of the Boys' Brigade Light Infantry of Acton, (headquarters Smithfield.)

Deer are not so numerous now as they were reported in last issue; large numbers have been shipped to various parts of the United States.

One of our young farmers has been busily engaged for the past week in removing his wood-pile, which has made the third time he has moved it this season. When asked his reason for doing so, he replied that the wood was heating and, in order to prevent its destruction, he had to keep moving it about.

J. F. Sullivan and Miss Katie Stack claim to have been attacked by wolves while returning from Smithfield on the 22nd; they say when first noticed they were in Daniel Essensa, Jr's yard; their horse, which had become suddenly frightened at the appearance of wolves in such a locality, started off at full gallop, quickly followed by the wolves, who did not overtake them, and they escaped to their homes uninjured.

Mr. Frank Bourgoyne intends leaving soon for the New Hampshire lumber woods.

We are glad to hear that Miss Grace Bourgoyne is able to be around again.

Potatoes are worth 90 cents a barrel at present, farmers have hopes of their being higher before spring.
