Mr. P. Caughlan is putting a new roof on his barn.

Miss Theresa Dineen intends leaving soon for Calais, Me.

Our teacher, Miss Sewell, intends leaving us at the end of the term.

James Driscoll is making preparations for the New Hampshire lumber woods.

One of the Acton farmers is busily engaged in shingling his new barn on the inside. He sent to Fredericton for some hydraulic cement to preserve the shingles, and somehow through the mistake of the clerk, he received fifty pounds of whiffletree irons and hold backs, and also a receipt saying, "Boil until soft, then add one half barrel of Hungarian flour, stir until stiff, then apply."

McManus sells oil tan moccasins at 50 cents per pair.

The Democrat.

We acknowledge the receipt of a cut of the Editor and the Democrat which is very good in form but not much resemblance in face. We would publish it in THE JOURNAL only it is not sufficiently square to lock up.

A fine line of Lumbermen's Rubbers at McManus' Shoe store.

Society Note.

The Charles Scully Social Club, at the instigation of the chairman of the scrubbing committee (Mike Moore); have had their floor scrubbed by the charming artiste, Mrs. R—; which adds greatly to the appearance of the room. Mr. Scully superintended the job while another member carried the water. They expect to have a large supply of cuspidores and "black jack" next week.
