The Magazines.

THE COSMOPOLITAN.

A review of the contents of the June number of this excellent magazine presents a monthly bill of fare among the best. The principal articles are:—
The Newest Wonder of Science Liquid Air, by Charles E. Tupper.

In Havana Just Before the War, by Francis Courtenay Baylor.

Some Previous Expeditions to Tropical Countries, by Gen. A. W. Greeley.
Autobiography of Napoleon Bonaparte.

Lover's Day at a State Camp, and a variety of others, richly illustrated, which makes up one of the most interesting numbers we have seen.

DONAHOE'S MAGAZINE

Is this month as usual in the front rank. Its chief articles are:—The American Navy, A short Sketch of the Philippines. A review of the life of Mr Gladstone, together with poems, by Rev. Mortimer E. Tworney, L. Morrison Jenks, Florence Bain Seymour and P. T. O'Reilly. It is a Magazine that should be in every home.

Baby Brightness

Soon fades when Diarrhoea seizes on the little form. Dr. Fowler's Extract of Wild Strawberry has saved many infants' as well as adults' lives. Mrs. W. Walters, Richmond Street, Hamilton, Ont., says:—I cured my baby of a bad attack of Cholera by using Dr. Fowler's Extract of Wild Strawberry. Nothing else did any good, but the baby improved from the first dose of the Wild Strawberry.

Wool wanted. Moncton goods in exchange at Anderson & Walker's.
