

Laugh and Grow Fat.

We must laugh before we are happy, lest we should die without having laughed.

It is really laughable to hear some people talk and b'ow about other make of stoves being just as good as the

Moffat Stoves.

We know they never took the trouble to spend 5 minutes to thoroughly examine them and compare points.

Progression is the order of the day and the Moffat People have taken advantage of the times and produced at a large outlay an up-to-date stove, and it is all right.

Please call and examine them in our ware rooms, the nicest show rooms in the city.

We have just landed another car load, so we can afford to laugh too when you make a comparison,
