A Murray & Co.

wisdom and education, and certainly have had all necessary means at their command, they all say they saw the war coming, then why did they not get together as neighbors should and prevent war?

Was it their financial methods and customs that hindered them?

Did they place learning before wisdom?

Was it the commercial greed and graft of bankers and manufacturers? Was it the want of national and international free trade and a national and international medium of exchange?

Was it because the anarchist classes wished to keep the masses down, and cut the wages and power of labor so that they might have soldiers to do the fighting?

Was it the want of an international court to settle international disputes as neighbors should, and should not that international court have full control of the only fighting navy in the world for police purposes only?

Think over these things, study them, not from your own selfish point of view but with a view to give the greatest good to the greatest number and learn that this war came about because the anarchist classes made and controls the gold standard and silver standard of value, aided by protective tariffs, and

Banks of issue, internal taxation, municipal as well as national. Think of the hundreds of thousands and thousands of homes destroyed and desolate and the suffering of the victims, then think of the wealth wasted in the battleships, in keeping up immense armies trained for murder and the destruction of commerce and then give one good reason if you can, why the German masses should be made to pay the losses, surely you will agree that only the property of the Kaiser William and Emperor Francis Joseph and all their anarchist crew of bankers, statesmen, petty kings and princes, the manufacturers of their weapons of destruction and war chiefs should be confiscated to pay the war claims of the people who have suffered, and that the Kaiser and Francis Joseph and their followers, advisers and abettors should be hung.

Learn that the true medium of

exchange is Fiat money, issued to the nations' employees for labor done or for the products of labor.

Learn that we do not need any taxes, not even single tax, and should have no forts and no standing armies, only police. Fellow comrades and toilers, read, learn and study, so that when the time comes you may be able to use your votes to secure for yourselves and posterity honest government by the people, for the people, and don't forget that taxes, interest, the gold standard of value, and protective tariffs, armed ships and trained murderers are the tools of anarchists and that the only weapons an honest man needs is his vote and useful brains.

If the labor and wealth wasted in war in the last forty or fifty years had been properly used there need not have been any unsanitary slums or homes in the wide world, think of it, study it

and find out where we are at.

Don't Allow Your Bowels To Become Constipated.

If the truth was only known you would find that over one half of the ills of life are caused by allowing the bowels to get into a constipated condition.

When the bowels become constipated the stomach gets out of order, the liver does not work properly, and then follows the violent sick headaches, the sourness of the stomach, belching of wind, heartburn, water brash, biliousness, and a general feeling that you do not care to do anything.

Keep your bowels regular by using Milburn's Laxa-Liver Pills. They will clear away all the effete matter which collects in the system and make you think that "life is worth living."

Mrs. Hans McKittrick, Wakefield, Que., writes: "For several years I was troubled with sour stomach and biliousness and did not get relief until I used Milburn's Laxa-Liver Pills. I had only taken them two weeks when my trouble was quite gone, and I will recommend them to all suffering as I did."

Milburn's Laxa-Liver Pills are 25c per vial, 5 vials for \$1.00, at all drug stores or dealers, or will be mailed on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
