We publish the announcements in our ad vertising columns for pay, and seldom trouble ourselves to enquire as to the qualities or merits of the wares advertised, further than to assure ourselves that they are legitimate and r ectable. But when an article performs iracles in our midst, transforming the old to young, in appearance at least, we cannot pass it by unnoticed. We know of people who, years ago, were gray-headed and who now wear dark and glossy hair. How is this? It evidently is not colored, for it has a perfectly natural appearance instead of the harsh, dry, staring look of hair stained dyes. No! it has been restored to its youthful color, lustre and vitality by the use of that wonder of wonders, Hall's Vegetable Sicilian Hair Renewer. It has many imitators, but there is nothing like it. The test of years only increases its fame, while its imitators die and are forgotten .- Boston Daily Globe.
