DOMINION PARLIAMENT.

The time of the House of Commons at Quebec resolutions, which were ultimately

"That bad proceedings were exceedingly bad things-much more mischievous than yet this question arises. The Lieutenant Governors stand toward the Governor Gendismissals, showing that the Crown had an excuse for them which Lettellier had not or toria. He read various authorities, including as now interpreted.

Sir John pointed out that the difference be ween Lettellier and his ministers were on lation was the act of the Assembly and Letthing as consulting a Governor on proposed egislation, and challenged the Government to say that one of the bills except money troduction, and yet Governor Lettellier must struction, and will both be polygrooved in claim to dictate to the Legislature what bills it shall conaider. One of the bills of which Lettellier complained had been assented to him on advice of the present Ministers. Veto power on legislation was dead. Lettellier's act was constitutional; it was unwise because Dufferin should dismiss the members on some pretext. No, he could not an English spirit of the constituion thus.

Sir John on Constitutional Government. The Lieutenant Governors of the Dominion arise for interference, but the simple dismissal of one ministry and the appointment on it. It would be an outrage on the constitution to evpress an opinion whether Lettellier was right or wrong. A more indecent and unwise resolution

than that before the House was never offered in Prrliament. Until other cause for interference was shown he would object to it and resist it and ask the lovers of responsible Government to vote it down as being contrary to every principle on which responsible Government is based and reflecting on the people to whom this constitution applies. The scene in the House during the Friday night session almost baffles description. W.

apend the report of the Toronto Mail :-" The Speaker's and the Senators galleries were overcrowded with ladies. Mr. Haggart

right heartily in the chorus, entirely drownrht excuse the levity if only to see the features of Mr. Blake relax, not simply passed through condensers and washers to reacting as coast guards. "Marseillaise" was followed by "A la claire is a clear white burning gas, entirely free terday, with 2,500 tons of ammunition and fontaine," the raftsman's chorus, and several from odour or smoke, and far more brilliant others of those inspiring airs which are universally known in the Province of Quebec. Neither Sir John Macdonald nor Mr. Mac- power is 30 per cent. greater than that of ministry is uncertain, but it is noteworthy kenzie was in the House at the time. Mr. coal-gas. As the gas costs the Company only that it does not include Raouf and Osman Mackenzie entered shortly afterwards, and, 50 cents per 1,000 feet, while they get \$2 for Pashas, the reputed leaders of the pro-Russian seeing how demoralized the House was, took covered with his friends as to whether he and yield to an adjournment. But nothcame of it. And when, a few minutes later, Lady Dufferin rose to leave the House, tated for a moment, but the inspiration of
